**WHEREAS**, Charleston County is one of the oldest counties in South Carolina, and in the 18<sup>th</sup> century, Charleston County and the South Carolina coast became the locale of some of the richest rice plantations in the South, which were linked to specific West African ethnic groups who became known as *Gullah-Geechee*; and,

WHEREAS, the Gullah-Geechee civilization, originated in West Africa, its people coming to the United States as slaves to work on rice plantations, specifically in the coastal regions, including South Carolina; and with their African fare, original language, and craftsmanship, the Gullah-Geechee people left their mark on southeastern South Carolina, and.

**WHEREAS**, the Gullah-Geechee culture has had a powerful impact on the Low Country of South Carolina, including Charleston County, and these Gullah-Geechee influences have helped to define our southern lifestyle and culture; **and**,

WHEREAS, the preservation and celebration of the Gullah-Geechee culture has gained momentum due to the Gullah-Geechee Cultural Heritage Act, created by United States Representative James Clyburn, as well as the efforts of others such as Queen Quet, Chieftess of the Gullah-Geechee Nation, and Kwame Sha, co-founders of the International Gullah-Geechee Nation Celebration and the annual Gullah-Geechee Nation Music & Movement Festival; and,

**WHEREAS**, Queen Quet has served as the official "Head pun de Bodee" and spokesperson for Gullah/Geechees since July 2, 2000; and

### **SITUATION**

Charleston County is an Urban Entitlement County according to the US Department of Housing and Urban Development pursuant to 25 CFR 570.307(a). An Urban Entitlement County is mandated to ask all participating jurisdictions to consider staying or withdrawing from the entitlement area. The County also informs all non-participating units of local governments located in the County of the option to join as a participating jurisdiction. This process occurs every three years with the current requalification period being 2020-2023.

During the qualification period for the 2020-2023 timeframe, all eleven participating jurisdictions, the Towns of Awendaw, Hollywood, Lincolnville, Meggett, Mount Pleasant, McClellanville, Ravenel, Sullivans Island, and James Island and the Cities of Isle of Palms and North Charleston, have chosen to remain in the entitlement area and the four non-participating jurisdictions, the Towns of Rockville, Kiawah and Seabrook Island and the City of Folly Beach have elected not to join the entitlement area.

All participating jurisdictions have been required to enter into a cooperative agreement with the County which automatically renews every three years unless the jurisdiction decides to leave the entitlement area.

Staff is requesting that Council approve all cooperative agreements and amendments to the agreements currently in place with the participating jurisdictions and authorize the County Administrator to sign any additional HUD mandated agreements. Staff is also requesting that Council approve that the County maintain its Urban Entitlement status during the qualification period 2020-2023.

### **ACTION REQUESTED OF COUNCIL**

In 1999 Council approved Cooperative agreements with its participating jurisdictions. These agreements are renewed every three years. Staff is requesting that Council approve all cooperative agreements and amendments to the agreements currently in place with the participating jurisdictions and authorize the County Administrator to sign these HUD mandated agreements. Staff is also requesting that Council approve that the County maintain its Urban Entitlement status during the qualification period 2020-2023.

### DEPARTMENT HEAD RECOMMENDATION

- Approve all cooperative agreements and amendments to the agreements currently in place with the participating jurisdictions and authorize the County Administrator to sign any additional HUD mandated agreements.
- Staff is also requesting that Council approve that the County maintain its Urban Entitlement status during the qualification period 2020-2023.

In 2019, Origin provided direct financial assistance grants of over \$430,000 to pay landlords, mortgage companies, and utilities for homeless prevention and rapid rehousing.  |
| Charleston Trident<br>Urban League                                     | The mission of the Charleston Urban League's (CUL) Homeless Prevention Program (HPP) is to provide a continuum of services to persons in the Charleston-North Charleston MSA who are at risk of becoming homeless particularly those that have been affected by COVID-19. The project will provide case management, financial assistance and other supportive services to help individuals and families immediate need to avoid losing their sheltered and remain housed in a safe and decent environment.   |
| Florence Crittenton<br>Programs of SC                                  | Under this award, Florence Crittenton Programs will provide homelessness prevention and support services for youth under age 25, prioritizing those who are pregnant, parenting, or aging out of the foster care system. Homelessness Prevention will include short- and medium-term rental assistance, including rental arrears, and/or financial assistance related to moving into permanent housing such as security and utility deposits. Support services will include case management to assist them in achieving self-sufficiency, including counseling, employment assistance, education planning and referrals, childcare, and parenting education.   |
| Rapid Re-Housing   |  |
| One80 Place  | One80 Place is requesting ESG-CV funds to hire additional staff to provide case management and medium-term rental assistance to men, women and families who are literally homeless. Rapid Rehousing will include short- and medium-term rental assistance, including rental arrears, and/or financial assistance related to moving into permanent housing such as security and utility deposits. To best respond to the immediate needs of families affected by COVID-19, case management will focus on housing and employment assistance, childcare, and landlord mediation; however, the full scope of Florence Crittenton Programs, including parenting education, will be offered.  |
| Shelter Operations   |  |
| One80 Place  | One80 Place is requesting funding to aid in evacuating clients from its shelter to a facility in Rock Hill in the event of a hurricane evacuation. In light of the COVID-19 pandemic, One80 Place believes that using a private facility rather than a Red Cross shelter is the safest option for homeless individuals in our shelters, and Charleston County Emergency Management requested that One80 Place plan ahead with these circumstances in mind. One80 Place is also requesting funds to purchase additional supplies required to prepare for, plan and respond to the pandemic. If this funding is not needed for evacuation purposes, it will be used for COVID-related expenses at the shelter after hurricane season.  |
| Charleston Orphan<br>House dba Carolina<br>Youth Development<br>Center | CYDC is in the process of converting its Charleston Emergency Shelter (CES) to an emergency and transitional living program for homeless and runaway youth. CYDC is allocating a wing, which includes six beds, of the existing CES cottage to expand its North Charleston independent living program. CYDC currently operates its independent living program in a single cottage, the Nu House cottage, which provides shelter and case management services to DSS-involved youth between the ages of 18 -21. Using ESG funds, CYDC plans to expand this program to provide the same services to homeless youth between the ages of 18 - 21, regardless of prior DSS involvement. Due to the significant economic impacts of the COVID-19 pandemic, CYDC has already seen and expects to see a dramatic increase in youth in need of shelter services. With the facilities and capacity to provide shelter services, we seek to use those resources to provide a much-needed and valuable service to the community during this uncertain and unstable time. |

### ORIGINATING OFFICE PLEASE NOTE:

On August 28, 2001, the County entered into a Master Lease Agreement with Palmetto Commercial Properties (PCP), Inc., for three (3) retail spaces located on the Church Street side of the Cumberland Street Parking Garage. The County entered into a lease amendment on May 23, 2019 effectively changing the original lease from three (3) retail spaces to two (2) retail spaces allowing the County to keep the retail space at 161 Church Street for our Parking Operations office.

The current lease term expires in April 30, 2022. The Master Lease Agreement provides that PCP pays the County rent for the two retail spaces, regardless of whether they are sub-leased. PCP currently subleases the space at 159 (Bitty and Beau's) and has an offer to lease the smallest space (895 SF) at 157 Church Street to Chandelle Custom Candles, LLP, but this sub-lease is set to begin July 15, 2020 and end September 30, 2023.

PCP is requesting that the County extend the term of their current Master Lease Agreement to September 30, 2023 to make it co-terminus with the Chandelle Custom Candles lease.

### **ACTION REQUESTED OF COUNCIL**

Approve Department Head recommendation to execute an amendment of the Master Lease Agreement with PCP.

### DEPARTMENT HEAD RECOMMENDATION

- Authorize Chairman to execute an amendment of the Master Lease Agreement with Palmetto Commercial Properties (PCP), Inc. to extend the term of the lease until September 30, 2023.
- All other terms of the Master Lease Agreement will remain the same.
- All documents to be reviewed by the Legal Office.

Dear Mr. Smalls:

As of September 1<sup>st</sup>, 2021, the lease agreement between Charleston County and the Town of Mount Pleasant for the property and building located at 926 Bowman Road, and known as Fire Station #7, will terminate. The original agreement between both parties was enacted on September 1<sup>st</sup>, 1971 and made provision for the Town of Mount Pleasant to use the premises as a fire station for a period of twenty-five (25) years. The agreement also allowed for an additional twenty-five (25) year extension of the lease but provides no further allowances beyond that time period.

The Mount Pleasant Fire Department currently uses this fire station as a critical piece of our deployment model, as the response unit housed at this location provides coverage in a medical overlay district. This district encompasses both medical facilities and assisted living communities and a fire station at this location serves to reduce the call burden on the larger fire apparatus from other stations within the Town. The firefighters housed at Fire Station #7 are cross-trained as medical providers and responded to 1,871 calls for service from this location in 2018. Without this station, apparatus from more distant locations throughout the Town would be required to respond to many of these calls, thus placing those units outside of their designated service district. Additionally, response times to this area would also increase.

The Town wishes to maintain our current level of efficiency and service, and we would like to begin a dialog with Charleston County to create a new lease agreement that allows continued use of this property. I will contact you within the next two weeks to determine a date and time to discuss.

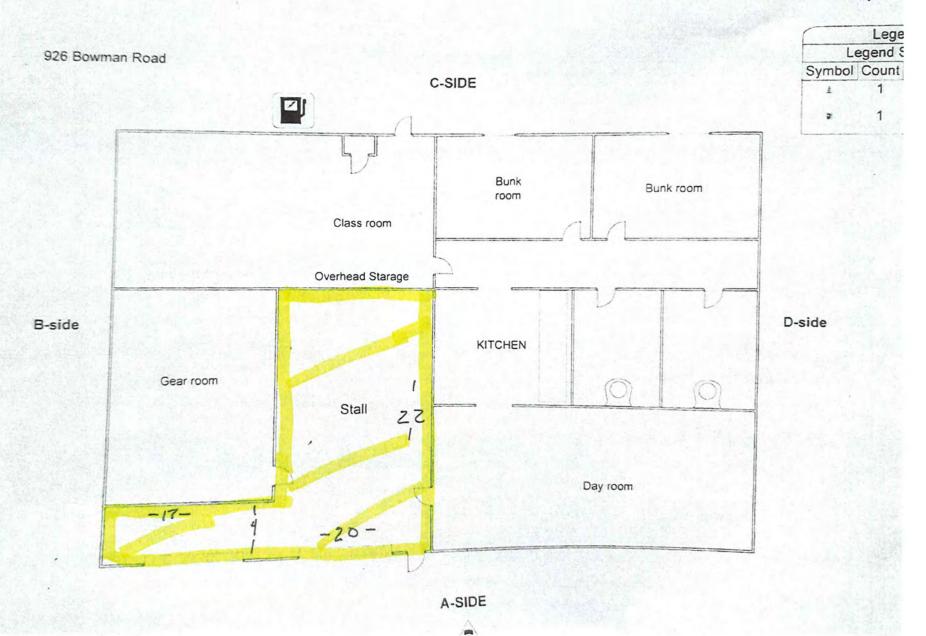

Sincerely,

Eric M. DeMoura
Town Administrator

### **Funding Information:**

- **NOTE:** The City of Charleston offered 18% match consisting of landowner donation based on an estimated fair market value. The appraisal come in lower than expected. The GAB's recommendation is that the project be approved with the condition that the 18% match be maintained.

### Public Access, Use & Benefit:

 Provides an additional 11.25 acres of urban public lands on Johns Island for recreation, a space for a farmer's market and wetlands preservation. Proposed improvements include a walking/biking trail, small gym, tennis/pickle ball court, and swimming pool.

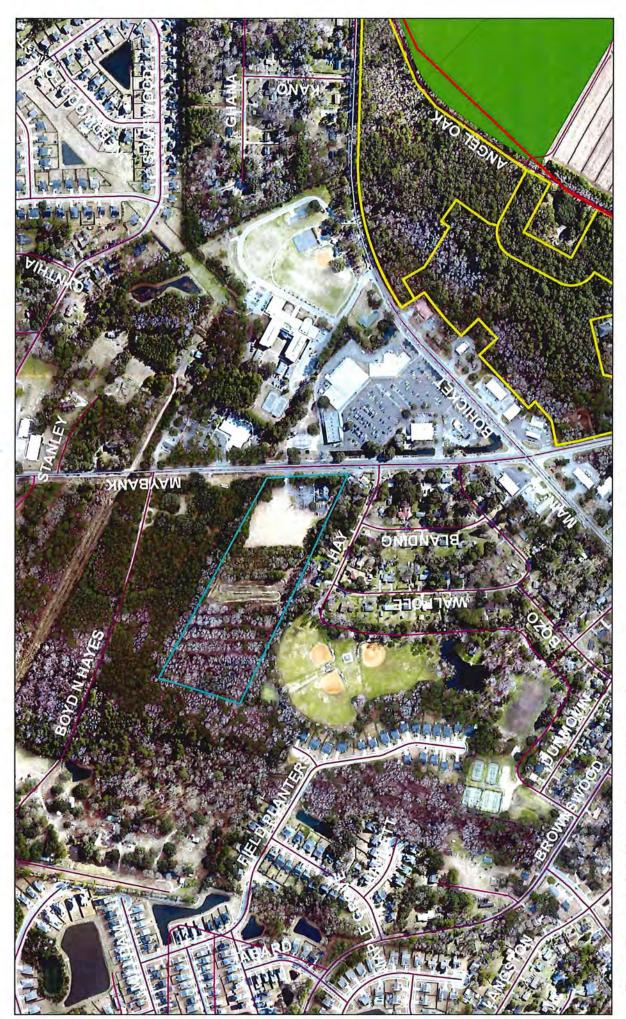

<u>Linkage Opportunities:</u> The subject property is directly adjacent to the current 31-acre City of Charleston Johns Island Park and the new Hayes Park residential neighborhood.

### Compliance with Greenbelt Plan:

- Provides 8.75 acres toward meeting the goal of protecting 2,000 acres of Urban Greenbelt Lands.
- Provides 2.5 acres toward meeting the goal of protecting 5,610 acres of Lowcountry Wetlands.
- Provides lands for public recreation.

### Items to Note:

- Proposed improvements total at least 36,000 sq. ft. or (7.3% impervious surface). No funding has been identified at this time for the improvements.
- One of the proposed uses is a swimming pool. Greenbelt property has never been used for swimming pools.
- Whereas sufficient Greenbelt funds are available for this project, the City's allocation currently has a deficit. Approval of this project would require an advance on the City's allocation using current greenbelt funds available.

Project Description: The City of Isle of Palms intends to create a new ADA compliant beach access walkover and observation deck at 42nd Avenue. On November 19, 2019, City Council voted unanimously to authorize the City to seek Greenbelt funds to assist in the construction of this project. Residents have expressed concerns that the current inventory of beach access paths on the Isle of Palms insufficiently serves individuals with disabilities. The accesses are generally soft sand paths or constructed boardwalks with stairs or a significant ramp to get over the primary dune, all of which can be challenging for people in wheelchairs or otherwise mobility impaired. The beach access at 42nd Avenue is unique and may be one of the City's only opportunities to construct a relatively flat boardwalk that would provide ADA compliant access for people with physical challenges. The public has requested that the Isle of Palms provide better access to the beach to those people whose mobility is impaired, and the City is hopeful that this project will achieve that objective.

- The 20% match consists of the City of Isle of Palms contribution toward the improvements. This represents a match of \$0.20 for every \$1.00 of Greenbelt funds.
- No appraisal was necessary, as this is a funding request for minor improvements only.

### Public Access, Use & Benefit:

• The public beach walkover will have full public access to the beach. Its use will not be restricted by controlled access or any other restrictions. The boardwalk will be ADA compliant and provide handicap accessibility for individuals with physical challenges.

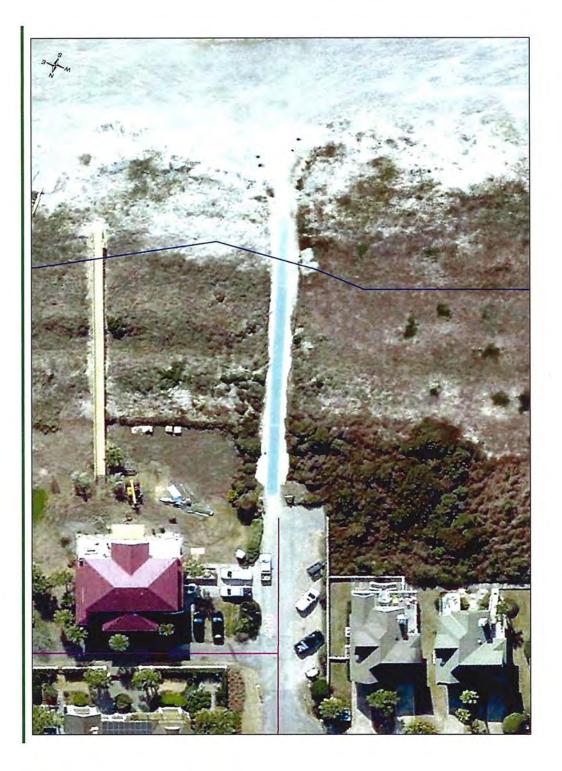

<u>Linkage Opportunities:</u> The proposed project supports the Greenbelt Program's vision by connecting Charleston County residents to the Atlantic Ocean and the public beach. The adjacent road provides parking and a designated handicap parking space to facilitate access to the water and the public beach.

### Compliance with Greenbelt Plan:

 Provides enhanced public waterway access, which is a hallmark of the Comprehensive Greenbelt Plan.

### Items to Note:

- Although the application does not list any partners, a letter attached to the application states that the City of Isle of Palms will work with the SCDOT to obtain more ADA parking spaces in the area. The applicant has confirmed this.
- The City's ownership of the subject land/right of way will need clarification so that the appropriate Greenbelt deed restrictions can be placed on it.

<u>Project Description:</u> St. Andrew's Parks and Playground Commission is requesting urban unincorporated funds to purchase 5.18 acres located on Gun Club Road, West Ashley. The Forest Lakes Civic Club owns the property and manages it as a neighborhood park with a pool, tennis courts and open greenspace. Because no HOA dues are collected, the Civics Club, which consists of the neighborhood residents, cannot afford the upkeep of the park and its amenities. They wish to sell the property to St. Andrews Parks and Playground Commission for ownership and management. Proceeds from the sale of the land will be donated back for the park maintenance. The property is zoned R-4 and could be developed into approximately 20 homes.

- Charleston Area Appraisals completed an appraisal valuing the land at \$150,000 in December 2019.

### Public Access, Use & Benefit:

- Provides lands for public outdoor recreation.

### Items to Note:

- The amount of the current total impervious surfaces is unknown and the applicant intends to add a picnic shelter.
- Plans include renting the clubhouse and pool.

The parcel is densely forested and contains over 4 acres of forested wetlands. Zoned for Diverse Residential, the property could allow up to 288 housing units.

## ORIGINATING OFFICE PLEASE NOTE:

In accordance with Charleston County Ordinance #1424, Section 5, no interest in land acquired by an Eligible Greenbelt Fund Recipient with Greenbelt Funds may be extinguished, sold, transferred, assigned, alienated, or converted to a purpose or use other than that set forth in the grant award, without securing a:

- (1) two-thirds vote of the board, following a finding of fact that the land no longer exhibits the characteristic that qualified it for acquisition with funds from the Greenbelt Fund; and
- (2) majority vote of the Charleston County Council.

If any interests in lands, that have been acquired by an Eligible Greenbelt Fund Recipient with Greenbelt Funds, are extinguished, sold, transferred, assigned, alienated, or converted pursuant to the above subsection, the Eligible Greenbelt Fund Recipient extinguishing, selling, transferring, assigning, alienating, or converting the interests in land shall replace them with interests in land of substantially equal current fair market value, with any deficit being made up by contribution (cash or in-kind at the discretion of the board) to the Greenbelt Fund. The replacement land must also exhibit characteristics that meet the criteria of this ordinance. The board must verify that suitable replacement interests in lands have been identified and will be obtained before authorizing that any interest in land purchased with monies from the Greenbelt Fund be extinguished, sold, transferred, assigned, alienated, or converted.

ORIGINATING OFFICE PLEASE NOTE:

As part of the 2016 Transportation Sales Tax (TST), Council allocated \$2 million dollars annual for Rural Roads. In an effort to replicate the procedure for the 2004 TST Annual Allocation program, Public Works management would like to bring these projects before Council for authorization on an annual basis. Staff has utilized an internal objective ranking process along with maintenance costs and citizen's requests to create a prioritized list of projects to be funded by FY 2021 Rural Roads funding. The attached list includes new projects recommended for funding and a list of active rural road projects as additional information.

## **ACTION REQUESTED OF COUNCIL**

Approve prioritized list of projects for FY 2021 funding from the Rural Road funds from the 2016 Transportation Sales Tax.

## DEPARTMENT HEAD'S RECOMMENDATION

Approve the list of prioritized Rural Road projects to be funded by the Rural Road funds of the 2016 Transportation Sales Tax for Fiscal Year 2021.

## ORIGINATING OFFICE PLEASE NOTE:

State Regional Transportation Authority Law requires the Charleston Area Regional Transportation Authority (CARTA) Board of Directors to adopt an annual budget that has been approved by jurisdictions representing 50 percent of the population in its service area. At their June 19, 2020 meeting, the CARTA board approved the CARTA Fiscal Year 2021 Annual Budget and submitted it to each member jurisdiction for approval.

The total requested FY2021 budget is \$43,696,306. This is an \$18,111,921 increase from their FY2020 adjusted budget. This increase reflects construction of a HOP parking lot and purchases of buses (rolling stock). CARTA's FY2021 budget includes \$10,847,750 in Transportation Sales Tax funding which was previously approved by County Council as part of the County's FY2021 budget.

Please refer to the following attachments:
