**State Update**

May 8, 2018, is the 121st day of the Second Regular Session of the 53rd Legislature. The information provided in this report regarding status of legislation is current as of May 2, 2018. To date, 1,329 bills have been introduced and staff continues to review these measures to identify potential impacts.

**State Budget**

State budget bills were introduced on April 30, 2018. The \$10.4 billion proposal contains \$273 million for teacher pay increases, which the Governor has been advocating. Of City interest, the state shared revenue formula is not impacted, \$23 million is being appropriated for next fiscal year's Phoenix Convention Center debt payment, and \$800,000 in new funding is being directed toward peace officer training.

The budget process is ongoing as of this report and items may be amended, added or removed. Details of the final budget will be provided in a future update.

## Daring Adventures

This report provides information to the Mayor and Council regarding River of Dreams, an Arizona non-profit organization doing business as Daring Adventures.

### **THIS ITEM IS FOR INFORMATION AND DISCUSSION.**

#### **Summary**

Over the years, the City of Phoenix, and specifically the Parks and Recreation Department, has been a leader in providing inclusive activities for people with disabilities. In 1991, after the passage of the Americans with Disabilities Act (ADA), the City created a dedicated program to improve the quality of life for people with disabilities and significant life challenges through safe and affordable adaptive outdoor recreation programs. With the assistance of a local businessman, in 1993, the City started a 501(c)(3) nonprofit called "River of Dreams." With this newly formed nonprofit, the City could market the program, submit grants and recruit volunteers. Initially, the program focused on providing whitewater rafting opportunities for adults and teens. In the early 2000s, additional activities were added, such as camping, hiking, cycling, kayaking, cross country skiing, sled hockey and backpacking. The program was located at Telephone Pioneer Park, located at 1946 W. Morningside Drive in Council District 1.

With the downturn of the economy in 2008, the program was cut from the City budget, and Telephone Pioneer Park was shuttered. Because of the steadfast leadership of the River of Dreams board of directors, a three-year Memorandum of Understanding (MOU) was created in 2012, through which River of Dreams could continue offering ADA-accessible programs on behalf of the City, utilizing existing Parks and Recreation Department supplies and equipment. Since that time, the organization has successfully operated and has recruited volunteers, secured grant funds and continued to offer programs in partnership with the City, at a different location. The program's equipment has been stored at Telephone Pioneer Park as well as Rose Mofford Park.

River of Dreams has continued to expand programming and develop the needed infrastructure to be a sustainable nonprofit. The organization changed its name to

"Daring Adventures" to better reflect the activities they are conducting; as a result, the organization is now "River of Dreams dba Daring Adventures." They have conducted two mainstream expeditions for adults, seven teen rafting trips on the San Juan River and countless adaptive recreation activities, including sled hockey, camping, hiking, cross-country skiing, cycling and backpacking. In 2017, Daring Adventures conducted 95 activities, serving 1,342 participants and logging 1,751 activity days and 3,297 volunteer hours. Participants and volunteers are recruited from Parks and Recreation Department locations and the community at large.

Daring Adventures also provides training for volunteers, staff, families and friends of persons with disabilities. Today, the nonprofit has a \$230,000 annual budget with three staff and has community support and numerous collaborations with like-mission organizations.

In 2017, Daring Adventures was awarded a contract by the State of Arizona Division of Developmentally Disabled to become a respite provider. As a certified respite provider, Daring Adventures can provide on-site daily recreational activities for youth and adults with mental and/or physical disabilities. Additionally, Daring Adventures works with the Parks and Recreation Department's Natural Resources Division to provide training and activities for disabled adults participating in hiking events such as the Summit Challenge and National Trail Trek.

Through Daring Adventures, the City's legacy of offering programming for people with disabilities has been able to be continued. The organization has continued to serve City residents, completely independent of Parks and Recreation Department funding. Daring Adventures has expanded its mission and services and is an integral resource for programming and training involving special populations.

The Parks and Recreation Department is entering into an operating agreement with Daring Adventures. The organization will again be housed at the Telephone Pioneer Park facility. This will allow the facility and park to be utilized and reactivated with its original purpose in mind: providing specialized, in-demand programming for people with disabilities.

## City of Phoenix

To: Mayor and Council

Date: May 2, 2018

From: Ed Zuercher  
City Manager

Subject: **2018-19 CITY MANAGER'S PROPOSED BUDGET**

This year, we received over 420 comments on the Phoenix budget on-line or through attendance at a budget hearing. It is clear from our 15 hearings that residents value the services provided by the City of Phoenix. Although there are no additional General Fund resources since the Trial Budget, we have identified a few opportunities to reallocate budgeted funds and use non-General Funds to address some feedback from the budget hearings.

The following areas received significant discussion at the hearings:

- **Public Safety:** Public safety received the most comments, with many requesting 140 more firefighters and 1200 more police officers. At the same time, some residents expressed concern about too much police presence. Almost 150 comments were entered proposing funds for people affected by police actions and for legal defense of families disrupted by deportation.
- **Arts:** Additional funding for arts grants and public art maintenance.
- **Libraries:** Opening every library every day.
- **Streets:** Continuing to address street conditions, including resurfacing, bike improvements and pedestrian safety
- **Homelessness:** Some of the most intense testimony was about the impact of homelessness and transient populations on neighborhoods, families and individuals. There was debate about the effectiveness of the PHX Cares program including concern about the effectiveness of the outreach component of PHX Cares, given the difficulty of reaching the population. There was discussion about the unmet needs of service providers for shelter, housing and case management, as well as the impact of the human services campus on the Capitol Mall and Central City South neighborhoods. Staff from Andre House and CASS discussed the need for bathrooms and showers, case management and affordable housing. Neighbors

throughout the city discussed the need for more resources for clean-ups in alleys, streets, private property and washes. There was clear recognition that this is a long-term issue of public safety, neighborhood livability, and human dignity.

All comments and concerns were heard and considered, even though the limited resources currently do not allow them all to be fully addressed in the budget. The programs from the Trial Budget remain, with some further additions explained below and in the attached report from the Budget and Research Department:

- **Public Safety**
  - Use existing Fire Department resources to fund 14 firefighter positions to staff Fire Station 55 at I-17 and Jomax 24 hours per day. We will continue to assess the City's need and capacity for additional firefighter positions.
  - Continue to hire police officers to increase the force from the current 2940 filled sworn positions to a sustainable number of 3125 with current funding sources. We will continue to assess the City's need and capacity beyond 3125 sworn positions.
- **Arts**
  - Raise public art maintenance funding to \$100,000 annually by reallocating some existing facilities maintenance funds.
- **Libraries**
  - Continue the restoration of Sunday hours at four libraries. While we don't have the funding to restore the remaining four libraries (Acacia, Agave, Desert Broom, and Desert Sage) without Sunday hours, it is clear that this is a top priority for future budgeting discussions.
- **Streets**
  - Create an office of pedestrian safety in the Street Transportation Director's office to better coordinate the evaluation, engineering, enforcement and education necessary to address pedestrian fatalities. We will also actively seek further grant funding to supplement this effort.
  - Continue significant pavement restoration using Transportation 2050 funds as well as an additional \$22 million which will address pavement restoration and traffic mitigation. These additional funds were received from MAG in repayment of the City's advance funding of the Dove Valley/1-17 interchange several years ago.
- **Homelessness**
  - Add one-time resources in Solid Waste for a one-year pilot of a dedicated solid waste team and a street clean up team for neighborhoods, alleys and public washes. Permanent, ongoing funding beyond 2018-19 will need to be discussed in the context of the Solid Waste Fund and rate this fall.

### **Further Discussion**

Regarding requests for compensation and legal defense funds, Budget & Research could not identify any cities that have funds to compensate victims of police action. There are at least a dozen cities - including Austin, Chicago, Denver, and New York City - that have legal defense funds ranging between \$135,000 and \$4 million. Phoenix has no such fund

currently. A decision to add to the City's budget a compensation fund for residents affected by police action and/or a legal defense fund for families affected by deportation requires significant further policy discussion by the City Council and community.

Some residents requested School Resource Officers be allocated in schools that have lost state funding for their SRO. Placing SROs in schools depends on state and federal grants or school district funding. The Police Chief will work with all districts to further that dialogue.

Relative to homelessness, it is clear that continued regional conversation is needed on how to collectively address the issue. City staff will continue to assess the impact of the Phoenix CARES program; shelter funding, affordable housing, case management, and neighborhood impacts of facilities; and a team approach to addressing the transient population and public safety issues. The City's investment in shelter funding through CASS, family shelter through UMOM, affordable housing and other services will continue.

I want to thank the City Council for hosting neighborhood budget meetings as community conversations on priorities and needs in the city. I want to thank all the city staff who participated in the hearings to listen and make Phoenix better. Most of all I want to thank the engaged residents who commented on our budget and city services to shape this Recommended Budget proposal.

## 2018-19 City Manager's Proposed Budget

This report transmits a balanced budget for fiscal year (FY) 2018-19. No action is requested at this time. Action on the FY 2018-19 budget is scheduled for the May 22, 2018 Council meeting.

Additions to the programs proposed in the Trial Budget (discussed in more detail later in the report) include:

- 14 new firefighter positions to operate Station 55 on a 24/7 schedule
- A one-year pilot of full-time clean-up staffing for Phoenix C.A.R.E.S., providing five day a week coverage for neighborhood, alley and wash clean-ups
- Adjusted maintenance funding to bring public arts maintenance to \$100,000 annually
- An additional position to create an Office of Pedestrian Safety in the Street Transportation Director's Office

### **THIS REPORT IS FOR INFORMATION AND DISCUSSION.**

#### **Proposed General Fund Budget Additions**

As presented on March 20, the Trial Budget included the preservation of existing city services and provided for modest investments in seven critical areas from the General Fund by strategically using the \$2.9 million surplus as follows:

##### Public Safety

Police and Fire staffing continues to be the single most important priority for the City Council and the community. Since public safety hiring resumed in late 2015, Police and Fire filled staffing levels have increased by 105 filled police positions and 73 filled fire positions. The Trial Budget continued that trend by providing the resources the Police Department needs to reach and maintain a total filled count of 3,125 total sworn positions. This reflects an increase of 184 officers over the current filled count of 2,941. For Fire, the budget reflects the resources the Fire Department needs to maintain a total filled count of 1,654, which is required to ensure

compliance with the 2016 SAFER Grant. Currently, the total number of sworn fire positions is 1,628. The Trial Budget also reflected the third and final year of pay restorations for public safety and all other city employees. It also continues to fully fund the annual required contribution for employee pensions.

Also reflected in the 2018-19 Trial Budget was the establishment of the Public Safety Pension Stabilization Fund that was created using \$25 million in pension savings from the current fiscal year. This fund can only be used to offset public safety pension costs.

The Trial Budget also included the following additions for Police and Fire:

*Fire Department - \$342,000*

The Trial Budget reflected reallocating five Fire Captains and one Fire Battalion Chief into six Firefighter positions to enhance first responder staffing levels. The savings from this reallocation will be used to partially offset a significant enhancement to the Fire Prevention Program by adding two Fire Protection Engineers, three Fire Prevention Supervisors and three Fire Prevention Specialist II positions. The additional inspections staff will be responsible for reviewing building plans, inspecting buildings for fire code violations, and evaluating and updating the Fire Code. In 2016, the Fire Department was awarded a SAFER staffing grant that provided for 32 firefighters. The Trial Budget included approximately \$6 million in matching funds required for this grant over the next three years. Additionally, the 2018-19 CIP Budget includes the construction of Fire Station 55 located at I-17 and Jomax Road. It is anticipated that construction for the station will be completed in the fourth quarter of 2018-19 and the Fire Department is expected to request additional staffing during the 2019-20 budget process.

*Police Department - \$510,000*

The Trial Budget reflected the addition of five civilian positions needed to support the department's Crime Gun Intelligence Center (CGIC). The goal of CGIC is to impact gun violence and to reduce violent crime in the community. The department has been designated as a regional testing facility by the ATF and the proposed additions will facilitate the processing and testing of ballistic materials. Currently the department impounds approximately 350 firearms per month and needs more resources to process this material in a more reasonable time. The proposed additions would improve the speed of testing and are expected to have a positive impact on crime reduction. The Trial Budget also included the addition of 13 positions for the Public Records Unit to keep up with the ever-increasing demand

for records requests and to prevent backlogs like those previously experienced by the department. The cost of these positions will be funded through the reallocation of existing department resources.

### Homelessness

For many years, the city has invested resources into programs designed to fight chronic homelessness. Since 2013-14, city support of the CASS Homeless Shelter has increased from \$741,000 per year to approximately \$833,000 in 2018-19. The city also provides approximately \$1.1 million in GF and grant funds to UMOM for emergency shelter services for single women and families. The city has also leveraged a number of public housing resources, such as affordable housing and vouchers for veterans, to provide permanent ongoing housing alternatives for the community.

In response to increased demand for alternate solutions to homelessness and transient issues, the city launched Phoenix C.A.R.E.S. as a pilot program in November 2017. The program is a collaborative effort involving several City departments and contracted outreach teams to provide a comprehensive response to homelessness, including transitioning homeless to services and ensuring the remnants of encampments left behind on public and private lands are cleaned up. Of the 399 individuals who have been contacted by Homeless Outreach Teams between November 2017 and January 2018, 277 have accepted services and 10 percent were placed in permanent housing. The Trial Budget proposed the following enhancements to the city's Phoenix C.A.R.E.S. program:

#### *Human Services and Neighborhood Services - \$472,000*

The Human Services Department using Community Bridges responds to approximately 265 cases per month related to homelessness. The Trial Budget proposed adding contractual funding for two additional Homeless Outreach Teams to support the program, expanding the number of teams from seven to nine. This will increase the program caseload capacity by 360 clients per year. It is estimated that this addition will increase the percentage of clients who are connected to permanent housing from approximately 10 to 30 percent. The budget also proposes adding two administrative positions needed to keep pace with the growing demand for service, to manage and coordinate referrals to the Homeless Outreach Teams, and to ensure coordination between city departments and external service providers.

Parks and Recreation - \$256,000

The proposed budget included two new park ranger positions to assist with monitoring and enforcing park rules at flatland parks. This addition increases the number of flatland park rangers from 9 to 11 and enhances the ability to enforce park regulations and provide additional support to the Phoenix C.A.R.E.S. program as it relates to homeless issues in city parks. Overall this addition would raise the total park ranger count to 79, just two short of the pre-recession peak of 81 total park rangers.

Neighborhoods

Based on City Council direction, the Trial Budget proposed adding the resources needed to establish and monitor a Sober Living Home (SLH) Licensing Program. The purpose of this program is to enhance the health, safety and welfare of residents of sober living homes and the surrounding community by establishing standards and regulations for the homes and their operators. This will bridge the gap until state regulations are in place. Based on current estimates, staff anticipates that the workload would consist of approximately 400 licensing inspections and 240 unlicensed complaint investigations annually. To implement this program, the Trial Budget proposed adding 2 positions for City Clerk and 5 positions for the Neighborhood Services Department. The projected costs of this program are based on an estimate of 400 homes. It is important to note that any change in the definition of the homes that are being licensed, the scope of the licensing review process, the total number of applicants, and/or the proposed fees would alter the projected impact to the general fund. A summary of the additions for each department follows:

*City Clerk - No Cost*

The Trial Budget proposed adding two Business License Clerk positions to administer the program, which would include licensing the homes and owners. This would include performing background reviews, collecting information about the home, and verifying compliance with zoning/registration requirements. The cost of these positions is expected to be recovered through licensing fees and would result in no additional expense to the GF.

*Neighborhood Services - \$235,000*

The Trial Budget proposed adding two teams to conduct citywide inspections and to investigate complaints and violations of SSLH ordinances, zoning, property maintenance and environmental safety regulations. Each team is expected to be able to handle 200 license requests and 120 additional complaint investigations per year.

Trees and Shade

The Tree and Shade Master Plan was the product of a multi-department task force led by the Parks and Recreation Department. The task force met for a year and a half to evaluate the causes of Phoenix's declining urban forest. The plan strives to create a healthier, more livable and prosperous Phoenix through the strategic care, maintenance and expansion of the urban forest and engineered shade. The plan was adopted by the City Council on Jan. 5, 2010.

*Street Transportation - \$450,000*

Each year the city loses approximately 100-200 trees due to storm damage and accidents in the Right-of-Way and as many as 1,000 trees citywide. Currently there is limited funding available to replace these trees. The Trial Budget included funding for the installation and maintenance for up to 750 more trees per year. By replacing these trees, the city will greatly enhance the livability of the city as recommended in the Tree and Shade Master Plan.

Arts and Culture/Latino Cultural Center

The City's Arts Program provides facility support and maintenance for cultural facilities such as the Phoenix Art Museum, Phoenix Theatre, Arizona Science Center, and the Phoenix Children's Museum among others. Also included in arts programming is operating support including \$25,000 for youth arts added last year.

*Arts and Culture - \$189,000*

The Trial Budget proposed adding a project management position to oversee the coordination and development of the Latino Cultural Center as a site is identified to bring this important community asset to reality. This position would be responsible for working with the City Council, community and the non-profit community as this important community project moves forward in the development process.

Following the Great Recession, GF support of the Arts Grant Program was significantly reduced from a high of \$787,000 in 2000-01 to just over \$212,000 in 2009-10. Over the last few years GF support of the Arts Grant Program has been

slowly restored to its current funding level of \$760,000. The Trial Budget proposed adding an additional \$30,000 for the Arts Grant Program which would increase GF support of the Arts Grant Program to \$790,000, a return to pre-recession levels.

### Library Hours Restoration

#### *Library - \$295,000*

Prior to the Great Recession the library averaged approximately 72 hours per branch, not including Burton Barr Library hours. Following the closure of the Burton Barr Library in the summer of 2017, four additional hours were added on Sunday to the Yucca, Century, Harmon and Ocotillo branches. The Trial Budget proposed that these hours remain as permanent additions to the library's ongoing service levels, even after Burton Barr reopens in the summer of 2018. This addition will restore branch hours to approximately 48 hours per branch or 67 percent of pre-recession level hours.

### *Proposed Non-General Fund Additions*

The City budget is made up of three separate pieces: the General Fund, Enterprise Funds and Other Restricted Funds. Recommendations for the General Fund were discussed above. Enterprise Funds include Aviation, Water, Wastewater, Solid Waste and the Convention Center. These funds, with the exception of the Convention Center, are funded with user fees. The Convention Center includes fees paid by those who use the facility and Convention Center parking garages and certain earmarked sales tax categories. Enterprise funds can only be used for costs directly associated with delivering enterprise fund services. The Trial Budget proposed continuing to carefully manage the Solid Waste and Water Funds with no supplemental additions.

The Restricted Funds category includes federal and state grants, gas taxes (AHUR), debt service, the Development Services fund, the Phoenix Parks and Preserve Initiative (PPPI) and the voter-approved Transportation 2050 Fund. These funds can only be used in accordance with grant and other statutory rules. The Trial Budget included additions to keep up with growth in Development Services, AHUR and Transportation 2050 Funds.

### Responding to Community Growth

#### *Development Services Fund*

Planning and Development proposed adding several new positions in order to meet the needs of current workload demands and expected increases in development activity. The proposed additions will enhance customer service and ensure a more

streamlined experience for the development process. The department had 669 total staff at the height of the last economic cycle (2006-07) and decreased to a staff of 253 in 2010-11. Today the department has a staff of 364 employees. In 2006-07 the department served almost 120,000 customers. That dropped to a little over 70,000 customers in 2010-11. In 2017-18 the department is projected to serve approximately 113,000 customers. In addition, increased complexity of infill development and the need to work with surrounding property owners and residents on a much more frequent basis than in 2006-07, places a greater demand on staff time.

### Maintaining Our Transportation Infrastructure

#### *Street Transportation Arizona Highway User Revenue (AHUR) Fund*

The Street Transportation Department proposed adding several new positions in order to meet the needs of current workload demands associated with Right of Way Management and Utility Coordination. The Trial Budget also included additional staffing needed to coordinate the department's robust capital improvement program which includes both AHUR and T2050 funded projects. Due to a \$22 million reimbursement from regional funds for the City's advancement of funding for the Dove Valley Road and I-17 improvements, the department proposed increasing the pavement and traffic management programs to accelerate street improvements citywide. The Preliminary Five-Year CIP reflects \$172 million in Street Transportation and Drainage projects for FY 2018-19.

### **Public Involvement and Community Feedback**

Following the Trial Budget presentation, fifteen community budget hearings were held throughout the City in all Council districts to present the Trial Budget and gather feedback from the public. One new location was used this year: Arizona School for the Arts which was hosted by District 7. Additionally, citywide hearings were held for seniors, Spanish-language speakers, and youth. Daytime hearings were held in addition to evening hours in response to previous concerns about opportunities for seniors to participate.

Attendance at budget hearings and comments on the budget through other channels was encouraging. In all, approximately 394 comments were heard at budget hearings and approximately 30 comments were received via email and social media. Public comments at the budget hearings and those received through email and social media mostly focused on the following topics:

- Preserving existing services
- Increased funding for homelessness and homelessness clean-ups
- Increased funding for arts and public art maintenance
- Increased library access and expanded hours
- Hiring of more police officers and firefighters
- Increased funding for street maintenance and repair
- Increased funding for parks, pedestrians and shade
- Increased funding for youth programs and other community services
- Funding for a legal defense fund for the families of those impacted by illegal immigration arrests and a compensation fund for those impacted by police actions

The public can access the written minutes and video recordings of completed budget hearings, including speaker comments and questions at [phoenix.gov/budget](http://phoenix.gov/budget), Phoenix 11 and the City of Phoenix YouTube channel.

### **Proposed Changes to the Trial Budget**

Community input at budget hearings is a critical component of the City's Trial Budget process. Each year the City Manager's Proposed Budget is developed based on the feedback and input obtained during the community budget hearings. The feedback received this year and discussed earlier in this report focused on public safety, arts, homelessness, street maintenance, library, pedestrian and bicycle safety. In response to public comment and input, both on-line and in-person, the following revisions to the Trial Budget are proposed for City Council consideration:

#### Fire Station 55 - Addition from Existing General Fund Resources

The proposed budget recommends including the funding and staffing needed to expand the hours of temporary Fire Station 55, near I-17/Jomax in North Phoenix from part-time to full-time operations every day on a 24-hour schedule. This addition is expected to improve response times and provide the resources needed to respond to the increasing demand in the service area. With this addition the projected filled staffing level for fire will increase from 1,654 to 1,668. This request will be funded through the reallocation of existing overtime and other miscellaneous savings and therefore does not increase the overall General Fund budget (See Attachment A "Public Safety" Fire Item 2).

Arts Maintenance - Addition from Existing General Fund Resources

In an effort to effectively maintain the City's public art, the proposed budget recommends that funding for arts maintenance be increased to \$100,000. This increase in funding comes from the General Fund facilities maintenance budget and as a result does not increase the overall General Fund budget (See Attachment A "Arts & Culture" Office of Arts & Culture Item 3).

Homelessness - Solid Waste Fund Addition

The proposed budget recommends adding the resources and staffing needed to improve the city's ability to clean up homelessness sites identified through the Phoenix C.A.R.E.S. program. By adding two solid waste equipment operators and the appropriate equipment, the Public Works Department will be available for Phoenix C.A.R.E.S. alleyway clean-ups five days per week. Additionally, the proposed budget recommends adding five positions to the Streets Department to clean up right-of-ways, city-owned lots, natural washes, culverts and drainage easements from one day a week to five days a week. Both of these additions will be funded out of the Solid Waste Fund (See Attachment B "Homelessness" Solid Waste Item 1 and Streets Item 1). This is a one-year effort using existing fund balances. To continue past 2018-19, the program will need to be incorporated into the Solid Waste rate.

Pedestrian Safety - AHUR Fund Addition

The proposed budget recommends adding a position to serve as the Pedestrian Safety Coordinator. This position will work with the multi-department Pedestrian Fatality Review Team to conduct studies and implement enforcement strategies to improve pedestrian safety. This position will be funded out of the AHUR fund (See Attachment B "Maintaining Our Transportation Infrastructure" Streets Item 11).

Although other expressed community needs are not able to be addressed in this budget due to lack of available resources, the City will continue to examine how the other requests from residents may be addressed in the future. Additional detail on all of the proposed budget additions can be found in **Attachments A and B**.

**Additional Information**

The proposed balanced 2018-19 General Fund budget is \$1,310,119,000. This is a \$32 million or 2.5 percent increase from the adopted 2017-18 General Fund budget of \$1,277,740,000. The increase is largely driven by the third and final year of negotiated employee compensation restorations of 1.3% or \$14 million; increased funding for vehicles, technology and facilities maintenance totaling approximately

\$14 million; the 2016 SAFER matching funds; and a \$2 million increase in the contingency fund.

Projected General Fund revenue in 2018-19 is estimated to be \$1.184 billion, an increase of 1.7% over the revised current year estimate. This reflects continued City and State sales tax growth based on projections from the University of Arizona and continued growth in other key tax categories.

Including revenue along with the estimated beginning fund balance of approximately \$115 million, and fund transfers and recoveries estimated at \$11.3 million, total 2018-19 General Fund resources are estimated to be \$1.310 billion.

For all funds, which includes General, Enterprise and Special Revenue funds such as grants, and all debt service and pay-as-you-go capital costs, the proposed 2018-19 budget amount is \$4,188,133,000.

Extensive budget detail for all City funds is provided in several schedules attached to this report. The various budget schedules include:

- Resources and expenditures by fund for 2016-17 actual, 2017-18 estimate, and 2018-19 proposed budget
- Proposed revenues for all City funds by major source
- Proposed expenditures by department, including fund source
- Proposed debt service by program, source of funds, and expense type
- Preliminary pay-as-you-go 2018-19 Capital Improvement Program budget
- Proposed interfund transfers
- Proposed full-time equivalent (FTE) positions by department
- Preliminary 2018-19 Capital Improvement Program resources and expenditures by capital fund, program, and fund source
- Summary of proposed property tax levy and rate information. The levy grows due to growth in assessed valuation, but the rate is proposed to float down by 0.02 to 2.14.

### **Next Steps**

The City Manager's Proposed Budget is presented for information and discussion at the May 8, 2018 City Council Meeting. The Council and public have two weeks to review and comment on the proposal, and the 2018-19 budget is scheduled for Council action on the May 22, 2018 Policy Agenda. Following the Council's budget action on May 22, both the City Charter and state law require subsequent public notification, advertising, and City Council actions. The May 22 Council action

provides staff with direction and sufficient time to prepare the required legal publications for the following actions:

<b><u>Date</u></b>	<b><u>Event</u></b>
May 22, 2018	Council Budget Decision
June 6, 2018	2018-19 Tentative Budget Ordinance Adoption
June 20, 2018	2018-19 Funding Plan and Final Budget Ordinance Adoption
July 5, 2018	2018-19 Property Tax Levy Ordinance Adoption

GENERAL FUND**

**PUBLIC SAFETY**

<b><u>Department</u></b>	<b><u>2018-19</u></b>
<b>Fire</b>	
<i>Program: Fire Prevention General Inspections, Fire Prevention Special Hazards, Fire Emergency Medical Services and Hazardous Incident Response</i>	
1. Add funding for two Fire Protection Engineers, three Fire Prevention Supervisors, and three Fire Prevention Specialist II positions. These positions will enhance the current Fire Prevention program by providing increased supervisory support to the inspectors. This addition will ensure that inspectors are provided comprehensive support from their supervisors and will ensure the Fire Prevention program's efforts are as efficient as possible. The additional cost for the 8 positions will be partially offset with savings from reallocating five Fire Captains and one Fire Battalion Division Chief to six Firefighter positions which will be reallocated to front-line service.	\$342,000 8.0
<i>Program: Fire Emergency Medical Services and Hazardous Incident Response</i>	
2. Add funding for three Fire Captain 56hr, three Fire Engineer 56hr and eight Firefighter 56hr positions to expand the hours of temporary Fire Station 55 in North Phoenix from part-time to full-time operations every day on a 24-hour schedule. This will improve response times and provide resources needed to respond to the increasing demand in the area. This request will be funded through the reallocation of existing overtime and other miscellaneous savings. Construction on the permanent site for the new Fire Station 55 at Interstate 17 and Jomax Road is scheduled to begin in the summer and is expected to be complete in late 2019. Funding to operate the new station full time will be requested in the 2019-20 budget process.	- 14.0

**Police**

*Program: Public Records Unit*

1. Add funding for one Information Technology Project Manager, three Police Records Clerks, four Administrative Aides, and five Forensic Photo Specialists to meet the staffing needs of the Phoenix Police Department Public-Traffic Records Detail. The number of public records requests has increased by 15,000 since FY2013-14. It is anticipated that additional support staff will help to prevent future public records request backlogs. This request will be funded through the reallocation of existing department resources. \$-  
13.0

*Program: Crime Gun Intelligence Center*

2. Add one Criminal Intelligence Analyst and four Police Assistants to increase the effectiveness of the Criminal Gun Intelligence Center (CGIC) in reducing crimes related to gun violence. The CGIC is a regional resource and uses advanced technologies and investigative techniques to identify, locate and apprehend violent criminal offenders possessing guns. These positions will perform data collection, research, obtain fingerprints and DNA, and provide intelligence to law enforcement in a timely manner to assist in apprehending “trigger pullers”. 510,000

2018-19

#### **City Clerk**

*Program: License Services*

- |    |  |            |
|----|--|------------|
| 1. | Add two temporary Business License Service Clerk positions to support the Structured Sober Living Home (SSLH) licensing program. Staff would license SSLH facilities, owners and managers, including conducting background reviews, collecting information about the home and copies of various home operation documents, and verifying compliance with zoning/registration and training requirements. It is anticipated that approximately 400 homes, and 800-1200 managers, will require licensing. Licensing costs will be offset by fee revenue. | \$-<br>2.0 |

11. Add a Traffic Engineer III position, and equipment, to be the Pedestrian Safety Coordinator. This position will analyze pedestrian collisions to determine trends and causal factors, and work with the multi-department Pedestrian Fatality Review team to conduct coordinated studies to evaluate infrastructure improvements, educational opportunities, and targeted enforcement plans to improve pedestrian safety. The coordinator will also help evaluate policy and design standards for pedestrian infrastructure such as crosswalks, and assist with the safe routes to school program.

<sup>1/</sup> General fund sales tax revenue is reflected as a transfer from the excise tax fund. Total transfer equates to \$778.8 million, and is included in the General Funds revenue total of \$1,105.8 million shown on Schedule 2.

<sup>2/</sup> The Transportation 2050 sales tax (Proposition 104) was established by the voters effective January 1, 2016 and increased the Transit 2000 sales tax (Proposition 2000) to fund a comprehensive transportation plan with a 35 year sunset date. The Proposition increased the transaction privilege (sales) tax rates by 0.3% for various business activities.

<sup>3/</sup> The negative fund balance in Regional Transit is due to the timing of reimbursements for project costs from the regional transportation plan (Proposition 400).

<sup>1/</sup> General fund sales tax revenue is reflected as a transfer from the excise tax fund. Total transfer equates to \$826.2 million, and is included in the General Funds revenue total of \$1,183.7 million shown on Schedule 2.

<sup>2/</sup> The negative fund balance in Regional Transit is due to the timing of reimbursements for project costs from the regional transportation plan (Proposition 400).

B. Special assessment district tax rates  
Secondary property tax rates - As of the date the proposed budget was prepared, the city/town was operating zero special assessment districts for which secondary property taxes are levied. For information pertaining to these special assessment districts and their tax rates, please contact the city/town.

\* The 2018-19 planned primary and secondary levies are \$163,218,253 and \$102,186,555, respectively. Historically, actual property tax collections have been slightly lower than the amount levied. For 2018-19, actual collections for primary and secondary property taxes are estimated to be \$161,586,000 and \$101,165,000, or 99% of the levy amount.

\*\* Includes actual property taxes collected as of the date the proposed budget was prepared, plus estimated property tax collections for the remainder of the fiscal year.
