Dear Mr. Paige:

I have reviewed all the specifications on the information package for the new Knuckle Boom Loader from Amick Equipment. The unit meets all requirements and is consistent with our existing fleet.

In the last month the City has lost an additional Claim truck due to an accident. We need to expedite the order as soon as possible.

It is my sincere hope that this evaluation assists you in the decision process for replacement. **First Vehicle Services** will do everything in its power to keep your vehicles and equipment up and running for you, always. If you have any questions or require additional clarification, please do not hesitate to contact me.

Thank you,
