City of Goldsboro Summer Youth Employment Initiative (SYEI) Program

City Council was briefed during the Council Retreat February 26th on the previous three summer cycles for the City of Goldsboro Summer Youth Employment Initiative (SYEI) Program. On March 2nd, City Council directed staff to officially open the process for recruiting FY20 SYEI applications for youth employment and worksites from March 23rd until April 24th.

Marketing consisted of articles in the Goldsboro News Argus and Goldsboro Daily News, full page Ad within the City's Newsletter, one month Goldsboro Daily News Tile Ad, social media and email blitz, and an extensive radio advertising campaign on 92.7 Jamz and WFMC.

City of Goldsboro Summer Youth Employment Initiative (SYEI) Program

At the end of the closing date April 24th, the program received 32 applications and 4 businesses or organizations had indicated they would become a worksite this summer. The Department was informed by several businesses or organizations that due to COVID-19 they were concerned with becoming or would not become a worksite this summer.

The Sponsoring Partners are hesitant to put youth and businesses at risk due to the unknowns of COVID-19. It is also our perception that social distancing may be a long-term normal practice that would pose many barriers for facilitating the program this summer. Therefore, it is the Sponsoring Partners' recommendation to cancel FY20 Summer Youth Employment Initiative Program and revisit facilitating a program next summer around January 2021.

MINUTES OF THE MEETING OF THE CITY COUNCIL HELD
APRIL 6, 2020

WORK SESSION

The City Council of the City of Goldsboro, North Carolina, met in a Work Session in the Large Conference Room, City Hall Addition, 200 North Center Street, at 5:00 p.m. on April 6, 2020 with attendance as follows:

Present: Mayor Chuck Allen, Presiding
Mayor Pro Tem Bill Broadaway
Councilmember Antonio Williams
Councilmember Taj Polack
Councilmember Brandi Matthews
Councilmember David Ham
Councilmember Gene Aycock
Ron Lawrence, Attorney
Tim Salmon, City Manager
Melissa Capps, City Clerk

Call to Order. The meeting was called to order by Mayor Allen at 5:00 p.m.

Adoption of the Agenda. Mr. Tim Salmon stated I would like to add Families First Coronavirus Response Act (FFCRA) Policy. Councilmember Polack stated I would like to add resources needed for public works and solid waste employees. Councilmember Williams stated I would like to add something for COVID-19 as well.

Upon motion of Councilmember Williams, seconded by Councilmember Polack and unanimously carried, Council adopted the agenda with the proposed additions.

Public Records Policy and Procedures Discussion. Attorney Lawrence stated as you may recall, last week I sent you an email on 3/31 with two statutes and the inconsistency between the statutes on whether or not there can be charges for extensive requests. The governor has a policy to charge for extensive requests. Most of the folks with the School of Government or the Governor's Office like an administrative fee for extensive requests to be charged. The Governor's Office suggests four (4) hours of time and after that they would charge. There was a question about whether or not the time I take to review it could be charged. The School of Government folks, their opinion is they do not think so, other lawyers that do the same kind of work I do, that are contract like myself, not an in-house attorney, they feel like it can be, because the way the statute reads it says if it is a charge that otherwise would to be incurred. At this point there is no case law determining it. I laid out three (3) suggestions for you to consider. Obviously the safest one is number one (1) as far as being challenged in court. Until it is challenged in court, whatever policy you put in place you will not have a definitive answer but you can put that policy in place, enforce the policy when you decide on it. The first one was not to charge. The second one is to charge for those requests deemed to be extensive. You can use the governor's guideline that says four (4) hours' worth of time. I think that would be consistent with state agencies and that one does not charge for attorney time. The third option would be to charge for both administrative time and attorney time for extensive requests.

Attorney Lawrence stated so the most challengeable one is obviously the third one. The second one is probably not that challengeable. The first one you can't get challenged if you do not get charged. You have one statute that says separating the information you cannot charge for and another one that says but if it is extensive you can charge. The city manager gave you a proposed policy last time. The only thing that would have to be changed would be the paragraph where the fee would be charged. I believe it states \$33-\$157. The other parts of the policy is consistent with state statutes.

Councilmember Ham stated I think we need to establish a policy. I think we need to talk about which one of those options to adopt. Councilmember Ham asked Mr. Salmon to read the part of the proposed policy that talks about fees.

Mr. Salmon read Special Service Charge: NC Gen. Statute 132 – 6.2 (b) authorizes public agencies to charge a “special service charge” for request involving extensive use of information technology resources or extensive clerical and/or supervisory assistance. If a request will take more than four hours, the city will charge a reasonable fee, \$33- \$157 per hour (in excess of the initial four hours) to search, locate, collect, sort, copy and prepare the records to be produced. A cost estimate will be forwarded to the requester and approval and payment will be obtained prior to responding to the request. If cost exceeds the estimate, the requester will be notified an additional approval and payment will be obtained prior to completion of the request.

Councilmember Williams stated I think we established at the last Council meeting on the 16th, that attorneys cannot charge to review anything so you cannot add that to the fee process.

Mayor Allen stated I do not think you should charge for the attorney time either if it’s questionable. Why not just charge the \$33 that we do not believe is questionable. That gives us a starting point.

Mayor Pro Tem Broadway stated I think we should approve the Public Records Policy and Procedure as written. I make a motion to adopt the Public Records Policy and Procedure as presented by the city manager.

Councilmember Williams stated Gen. Statute 132 – 6 is North Carolina’s equivalent of the federal government’s Freedom of Information Act. The Freedom of Information Act was enacted in 1966 and was signed into law by President Lyndon Johnson. Its stated purpose was to implement full government disclosure. John Moss advocated for more government openness after the administration of Pres. Eisenhower. He fired many federal employees when Moss asked to review records associated with the dismissals the administration refused to hand them over. Moss held hearings about government transparency and conducted investigations into cases where agencies were withholding information. According to Moss, the present trend toward government’s secrecy could end up in a dictatorship. The more information that’s made available the greater will be the nation’s security. Because of the Freedom of Information Act request have revealed everything from the FBI’s surveillance of dozen of well-known African-American writers for five decades starting in 1919. The Freedom of Information Act request revealed accounts that transpired right here in Goldsboro. On January 23, 1961 a B-52 bomber carrying a 3.4 mega-ton nuclear bomb that crashed in Goldsboro. Had we not have the Freedom of Information Act we would not have known all the details of that scenario. Why is public records for request important? There could be information that has shown abuse or infringement on civil liberties and rights from the highest level of municipal government. This kind of treatment is sickening and downright un-American. We need to hold our elected officials, our city employees accountable for abuses and wrongdoing no matter if we agree with them politically or not. Why is General Statute 132-6 important, the answer is simple; knowledge; knowledge is power. Any Democratic government must be run for and by the people not by those in elected office or the city manager or employees. Without mechanisms like General Statute 132-6 politicians, employees might be more inclined to abuse their power with the knowledge that their actions could be kept from the general public’s eye. Knowledge is power.

Councilmember Williams reflected on a few things discussed on March 16. Councilmember Williams stated attorney Lawrence discussed 132 – 6(b), and stated some of these things. Public records policy changes, has there been constant records request that put a demand on the City of Goldsboro and if it has been has it been 50, 100, requests per month. That’s the question I have for the city manager because in my opinion it is no epidemic maybe I shouldn’t use that word, it is no sense of urgency when you have one or two individuals that request information that you change the whole policy. My concern is are we doing this because of the request, is it because of who made the request and if it is who made the request and now are we using these charges to retaliate against citizens we may not like or deem as troublemakers. Our tax paying citizens pay our employee salaries and paying additional monies to our city employees will be troubling, it could be viewed as double paying to our citizens. As councilmembers our duty should be first to preserve the rights of our citizens. This council has not been shown that we have this epidemic. At our March 16th meeting, it was stated 3 cities have additional fees. We have 100’s of cities in North Carolina. And most of the cities in North Carolina they follow the North Carolina Municipal Clerks guidelines, and in those guidelines, that municipal clerks use, NCGS 132-6 municipal clerks, they follow the standards of the NC Register of Deeds guidelines when

charging fees. The first paper copy is \$5.00 each, and additional paper copy is \$2.00. Is that right Ms. Melissa? Ms. Capps stated I would have to look at that. Councilmember Williams provided a copy.

Councilmember Williams stated what we didn't discuss was why most cities do not charge fees like our city manager is proposing. I consulted with professionals and other city elected officials and they stated they don't it. They don't it because of potential lawsuits. That would allow someone to take the city to court and they would most likely win and we would have to pay damages. I've had people come and request information from me, as far back as 2014, I didn't get elected until 2015. The city went back and gave all the information available and I did not have a problem with that. I did not have a problem with the request, because I did not have anything to hide. We gave the requester five years of information with no problem. There has been information I have requested about different programs, information pertaining to financing, these are things I have asked for months ago, and have yet to get them, why. In changing our public information request policy we must be very careful not to give the perception that we, our city has information to hide. My duty as a councilmember is to preserve the rights of my constituents and citizens throughout Goldsboro. I received an email from a citizen and they are against this policy. City Attorney Ron Lawrence first recommendation is that we do nothing about the policy. What law supersedes NCGS 132-6? NCGS 132-6 was enacted to protect our citizens from corruption and mismanagement of resources. What concerns me there could be information that was sent via email that is inappropriate or personal. All employees should under the city's email policy. At the end of our emails it states "Pursuant to North Carolina General Statutes Chapter 132, Public Records, this electronic mail message and any attachments hereto, as well as any electronic mail message(s) that may be sent in response to it may be considered public record and as such are subject to request and review by anyone at any time." So if we are going to change our policy here, we do not have the authority to change the policy that our municipal clerks abide by.

Ms. Capps asked may I respond to your fees. This is talking about here just providing copies. Councilmember Williams stated yes, paper copies. Ms. Capps stated we currently charge .25 cents per page for paper copies. Councilmember Williams stated we are in a digital age, so we can email information. Ms. Capps stated and we do that, if someone asks that we do that we do not charge. Ms. Capps stated this is talking about an excessive request, if it is something that we can fulfill pretty quickly, we do not charge. Councilmember Williams stated my suggestion to the city manager is instead of taking all this energy to try to change the policy that some will look at being discriminatory, I suggest we follow-up with employees and let them know they should not be emailing any personal information out.

Councilmember Matthews asked was the requester notified a cost would be involved before you guys started the work. Mr. Salmon stated no. Councilmember Matthews stated so we do not have a policy that charges right. Mr. Salmon stated right. Councilmember Matthews stated was that person notified that there could be a potential cost. Mr. Salmon stated yes, we would not charge for that history, if you all decide to enact this policy, going forward is what we would apply, we would not back date any costs; that would be my recommendation.

Councilmember Polack stated I also have an email I received from Ms. Alicia Pierce today. I think we also need to include the exemptions and denials of ascertaining a public record spelled out like this: communications about claims against or on behalf of the government body; communications about claims against or on behalf of the governmental entity the government body represents; communications about the prosecution, defense, settlement or litigation of the judicial actions or administrative proceeding or other proceedings to the which the public body is a party; communications about the prosecution, defense, settlement or litigation of the judicial action or administrative proceeding or other proceedings which directly affect the government body or by which might directly affect the government body. These are denials or exemptions recommended by the UNC School of Government. I think if we interject that into the policy people will know what they cannot get.

Mr. Salmon stated it is in the draft I sent forward.

Council continued discussing the draft policy. Councilmember Polack stated I have a question for the city attorney. You gave three options, something about the governor's recommendation, which one was that?

Attorney Lawrence stated the Governor's office has a policy which covers all state agencies, and they charge a fee of \$18 per hour for administrative time, anything that requires over four hours is when that fee kicks in; that is what they consider to be an extensive request.

Councilmember Aycock asked do they give any costs for printing copies.

Attorney Lawrence stated you can charge for the printing of copies. Most of the time, Melissa responded via email so she has not charged.

Councilmember Williams stated my recommendation is we keep it as is, the city attorney's first choice.

Councilmember Ham seconded Mayor Pro Tem Broadaway's motion to adopt the Public Records Policy and Procedure as presented by the city manager. Mayor Pro Tem Broadaway and Councilmember Ham voted in favor of the motion. Mayor Allen, Councilmembers Polack, Matthews and Aycock voted against the motion. The motion failed 2:5.

Councilmember Aycock made a motion to adopt option 2 which excludes attorney fees. Mayor Allen suggested to set a rate. Mr. Salmon shared \$33 is the average cost for the IT person searching for these emails and for Melissa's time.

Councilmember Williams stated \$33 will be double charging our citizens, IT is already getting a salary just like our clerk.

Councilmember Matthews asked when we talk about excessive, if it goes over four hours, is it Melissa saying I'm going to spend as much time necessary to get this done or are you going through your normal work day and when you get a free gap, you are going to work on the request.

Ms. Capps stated I do a little of both, the general statute says the request should be fulfilled within a reasonable time. If you have 5,000 emails you do a little bit of both so you do not get behind on your regular duties. We try to review x amount and get those out by the end of the week and do that until the request is fulfilled.

Councilmember Polack seconded Councilmember Aycock's motion to adopt option 2 which excludes attorney fees and charges \$33 per hour for requests that exceed 4 hours. Mayor Allen, Councilmembers Polack, Ham and Aycock voted in favor of the motion. Mayor Pro Tem Broadaway, Councilmembers Williams and Matthews voted against the motion. The motion passed 4:3.

Ms. Pamela Leake, Senior Human Resources Consultant presented the following information regarding the Families First Coronavirus Response Act (FFCRA) Policy.

Families First Coronavirus Response Act (FFCRA) Policy. Resolution Adopted.

The Families First Coronavirus Response Act (FFCRA or Families First Act) requires certain employers to provide their employees with paid sick leave and expanded family and medical leave for specified reasons related to COVID-19. These provisions will apply from April 1, 2020 through December 31, 2020. This Act expands upon the Family and Medical Leave Act (FMLA).

- a. Qualifying reasons for Emergency Paid Sick Leave and Emergency Family and Medical Leave

An employee is entitled to take leave related to COVID-19 if the employee is unable to work, including unable to telework, because the employee:

1. is subject to a federal, state or local quarantine or isolation order related to COVID-19;
 2. has been advised by a healthcare provider to self-quarantine related to COVID-19;
 3. is experiencing COVID-19 symptoms and is seeking a medical diagnosis;
 4. is caring for an individual subject to a federal, state or local quarantine or isolation order related to COVID-19 or who has been advised by a healthcare provider to self-quarantine related to COVID-19;

 6. is experiencing any other substantially-similar condition specified by the U.S. Department of Health and Human Services.
- b. Generally, employers covered under the Act must provide employees: Up to two weeks (80 hours, or a part-time employee's two-week equivalent) of paid sick leave based on the higher of their regular rate of pay, or the applicable state or Federal minimum wage, paid at:

- c. A part-time employee is eligible for leave for the number of hours that the employee is normally scheduled to work over that period.
- a. Exclusions – An employer may exclude emergency responders from paid sick leave or expanded family and medical leave. For the purposes of employees who may be excluded from paid sick leave or expanded family and medical leave by their employer under the FFCRA, an emergency responder is an employee who is necessary for the provision of transport, care, health care, comfort, and nutrition of such patients, or whose services are otherwise needed to limit the spread of COVID-19. This includes but is not limited to military or national guard, law enforcement officers, correctional institution personnel, fire fighters, emergency medical services personnel, physicians, nurses, public health personnel, emergency medical technicians, paramedics, emergency management personnel, 911 operators, public works personnel, and persons with skills or training in operating specialized equipment or other skills needed to provide aid in a declared emergency as well as individuals who work for such facilities employing these individuals and whose work is necessary to maintain the operation of the facility.
- b. The list of emergency responders includes Public Works and Public Utilities personnel.

Staff recommended City Council adopt a Resolution adopting the proposed policy as a result of the requirements contained in Families First Coronavirus Response Act (FFCRA) effective April 1, 2020 with the following conditions:

- Emergency responders are excluded from coverage for emergency paid sick leave for reasons 4 and 5 and Emergency Family and Medical Leave Act.

Upon motion of Councilmember Aycock, seconded by Councilmember Polack and unanimously carried adopted the following entitled Resolution adopting the proposed policy as a result of the requirements contained in Families First Coronavirus Response Act (FFCRA) effective April 1, 2020 with the following conditions:

- Emergency responders would be compensated 100% for qualifying reasons #1-3 above, up to \$511 daily and \$5,110 total;

- Emergency responders are excluded from coverage for emergency paid sick leave for reasons 4 and 5 and Emergency Family and Medical Leave Act.

RESOLUTION NO. 2020-22 “RESOLUTION ADOPTING THE FAMILIES FIRST CORONAVIRUS RESPONSE ACT (FFCRA) POLICY”

COVID-19. Councilmember Williams stated Mayor and fellow Councilmembers and Councilwoman, I just want to put something in place for our citizens here, an economic stimulus plan. COVID-19 has affected all within our country and our city. There will be much hardships and each and every one of us has an obligation to help our city. We took an oath, we have locally owned businesses in our city that rely on daily operations and unfortunately because of COVID-19 it has affected them. We don't have a city without small businesses. This is a crisis. This economic impact can cripple our city and these are our partners and as such we should ask how can we help. The city's budget could take a hit if local businesses shut down. I think collectively we could work together and plan how we can best help our citizens throughout Goldsboro. With the guidance of our Mayor, and our City Manager I am confident we can put our heads together and create solutions. I propose we create a stimulus package that will alleviate hardships for our seniors, our homeless population and most seniors live month to month. We can help by partnering with non-profits. Our small businesses face economic devastation without options. Our first responders have equipment needs that are much different than before. As we have heard, Congress has started a small business fund, that won't be enough. Small businesses have little to no cash reserves. The Economic Stimulus Plan that I hope you can consider or add to includes a small business and non-profit stabilization forgivable fund in the amount of \$500,000; Zero interest forgivable loan program in the amount of \$250,000; additional \$250,000 for non-profits who feed and house the homeless and feed our seniors and supply services such as rental assistance. In the meantime, our hotels are hurting really bad, if we could waive the hospitality fees until July or August of 2020. Our city's first responders...Goldsboro Fire Department \$125,000 for emergency management; Goldsboro Police Department \$125,000 for recruitment and retentions; Wayne County 911 \$125,000; Information Technology Department \$50,000 for equipment for a total of \$1.42 million.

Council discussed. Councilmember Mathews stated I agree we need to do something for our people. Mayor Allen stated we need to figure out where the money is coming from, we have to be sure it is legal, and we have to figure out the criteria to get it. Discussion continued and moved into resources for public works and sanitation employees.

Resources for Public Works and Sanitation Employees. Councilmember Polack stated I think we have a responsibility to our city employees. Safety is first. These guys are out here on the front lines, they have to take a class on blood borne pathogens every year. They do not have proper PPE. They wear cotton gloves.

Mr. Salmon shared masks and gloves are a priority for people who come in contact with the virus each day like the healthcare workers. It has come down from the state level who has priority for this kind of gear.

Mayor Allen stated we want to be sure we are providing what they need and we want them to communicate with us.

Councilmember Polack stated from what Ms. Pamela Leake just presented, it includes public works and public utilities employees, so they should all be privy to the same resources. Mr. Salmon stated it really just talks about who is eligible for that leave.

Councilmember Aycock stated at minimum we should make the gloves available and provide the N95 masks if they want to use it.

Mr. Rick Fletcher, Public Works Director shared they have made changes to operations. I pulled out masks last week and made available. He provided an update on precautions and changes made to operations.

Mayor Allen asked if we have hand sanitizers available. Mr. Fletcher stated yes sir.

Councilmember Matthews stated the emails talked about three or four riding together in vehicles, violating social distancing, and causing greater exposure. We need to look at and be sure these things are not happening.

Councilmember Polack stated some of the guys are afraid to speak in fear of retaliation. Mr. Fletcher stated I hope that is just a perception, we do everything we can to dispel that.

Councilmember Matthews stated these emails went to each of us. I responded to them, I think it is our responsibility to do that. Mr. Salmon asked did you receive a response. Councilmember Matthews stated at least one, I will forward to you guys.

Councilmember Polack shared a text he received over the weekend and some of the mandates that are being requested.

Consent Agenda Review. Each item on the Consent Agenda was reviewed. Additional discussion included:

Item D. SITE-4-20 – Wall Recycling, LLC (Fencing Modification). Council shared concerns regarding appearance, dust created from the business and site distance if the fencing modification was approved.

Upon motion of Councilmember Williams, seconded by Councilmember Polack and unanimously carried, Council removed Item D. SITE-4-20 – Wall Recycling, LLC (Fencing Modification) from the agenda to allow time for staff to discuss Council's concerns.

Item F. Amendment to the Water Sales Agreement between the City of Goldsboro and Wayne Sanitary. Councilmember Matthews stated I know me and Councilmember Polack came in when it was being talked about in December, is this the best deal for the city. Mr. Wagner stated it is the best thing for one of our largest regional employers and at this time we are going through a rate study so I agree up until we get the results of the rate study.

Closed Session Held. Upon motion of Councilmember Aycock, seconded by Mayor Pro Tem Broadaway and unanimously carried, Council convened into Closed Session to discuss a litigation matter.

Council came out of Closed Session.

There being no further business, the meeting recessed until the 7:00 p.m. meeting.

In that event, the remaining item(s) on the Consent Agenda would be acted on with one motion and roll call vote. Mr. Salmon reminded Council that Item D. SITE-4-20 – Wall Recycling, LLC (Fencing Modification) was removed from the Consent Agenda and deferred to a later date. Councilmember Ham moved the items on the Consent Agenda, Items B, C, E, F, G and H be approved as recommended by the City Manager and staff. The motion was seconded by Councilmember Polack and a roll call vote resulted in all members voting in favor of the motion. The items on the Consent Agenda were as follows:

CU-2-20 Rhodes Crematorium – The property is located on the northwest corner of Wayne Memorial Drive and Eighth Street. Approved. The applicant requests a Conditional Use Permit to allow the operation of a crematorium. The applicant operates an existing funeral home adjacent to the subject property and located at 1701 Wayne Memorial Drive and formally known as Rhodes Funeral Home and Cremations.

In February of 2011, City Council originally approved site and landscape plans for Rhodes Funeral Home to operate a funeral home located at 1701 Wayne Memorial Drive.

On March 2, 2015, City Council approved site and landscape plans for the applicant to add approximately 2,700 sq. ft. to the existing funeral home for a total of 6,300 sq. ft.

On December 4, 2018, a Certificate of Occupancy was issued for the construction of a 2,500 accessory building located behind the funeral home and used to store automobiles for funeral services.

Now, the applicant proposes to operate a crematorium in conjunction with funeral services. Crematoriums are a permitted use in the General Business (GB) zoning district only after the obtainment of a Conditional Use Permit approved by City Council.

In addition, crematoriums must comply with the following regulations and pursuant to North Carolina General Statutes, 90-210.43:

1. The crematory must be accessory to a funeral establishment.
2. The crematory shall not emit any undue smoke, dust, heat or odor.
3. Loading and unloading areas shall be screened from adjacent properties and the public right of way. The subject property is directly south and across the street from Market Square Shopping Center.

Frontage: Crematory: 75.04 ft. (Ninth Street)
Frontage: Funeral Home: 95.70 ft. (Wayne Memorial Dr.)

Frontage: Funeral Home: 254.27 ft. (Eighth Street)
Area: Crematory: 15,498 or 0.35 acres (Ninth Street)

Total area: Funeral Home and Crematory: 61,129 s.f. or 1.40 acres
Zoning: General Business

The submitted site plan indicates the construction of a 4,500 sq. ft. facility for the operation of a crematorium. Currently, an existing 950 sq. ft. single-family dwelling occupies the property. The owner intends to demolish or remove the home from the property in order to construct the proposed crematory.

According to the City's Unified Development Code, no more than 50% of the proposed facility shall be of metal construction. Staff is working with the applicant to ensure that the exterior building materials are compliant with City standards.

The applicant is currently working with a design professional to determine an interior layout of the facility which will include a family waiting area, an office, restrooms, storage and an interior garage with access through two-bay garage doors at the rear of the facility.

The developer has proposed one 26 ft. wide driveway cut for the site along Ninth Street providing access to two parking lots at the front and rear of the facility. Another 20 ft. wide access drive is proposed at the rear of the site for traffic circulation from the existing funeral home to the proposed crematory. A driveway permit will be required from City Engineering.

Parking for the site requires 1 space per employee, plus 1 visitor space. The site plan shows a total of 8 parking spaces to include one handicap accessible space.

The applicant shows interior sidewalks leading from the parking lot to the building entrances. Exterior sidewalks are shown on the submitted site plan.

The site plan indicates 2 Autumn Fantasy Maples to serve as street trees along Ninth Street. A Type A, 10 ft. wide landscape buffer is shown along the western and southern property lines consisting of Flowering Cherries, Yaupon Hollies and Variegated Privets. An existing Type A buffer exists along the eastern property line and currently satisfies the City's landscape ordinance.

The property is not located within a Special Flood Hazard area. City water and sewer are available to serve the property.

Storm water calculations and drainage plans have not been submitted. However, the developer will be required to submit plans approved by City Engineering prior to construction permits being issued.

An existing 2-bay commercial dumpster coral is located adjacent to the property along the southern property line which serves the funeral home and will serve the proposed crematory. The dumpster is screened from off-site views in accordance with City standards.

Interconnectivity has not been identified on the site plan. The applicant believes that interconnectivity would be impractical due to existing site conditions of adjacent properties. The applicant is requesting a modification of the interconnectivity requirement.

At the public hearing held on March 16, 2020, one person came forward saying they were neither for nor against the request. They spoke about concerns regarding smoke, fumes, and dust they requested the applicant adhere to the State requirements regarding the control measures for the exhaust from the crematorium. No one came forward to speak in against the request.

The Planning Commission, at their meeting held on March 30, 2020, recommended approval of the Conditional Use Permit to allow the operation of a crematorium in conjunction with funeral services with the recommended modifications.

It was recommended Council accept the recommendation of the Planning Commission and:

1. Adopt an Order approving the Conditional Use Permit to allow the a operation of a crematorium; and
2. Approved the Conditional Use permit with the following modifications;
 - (a) Modification of the interconnectivity requirement. Consent Agenda Approval. Ham/Polack (7 Ayes)

Z-2-20 Simmons Business Park- West side of S. George Street between Cola Drive and Wayne Avenue (I-2 to GBCD). Ordinance Adopted. The site is the former Pepsi-Cola Bottling Co. property.

Frontage: 380. 51ft.
Depth: 1163 ft.
Area: 10.2 acres
Zoning: I-2 General Industry

On April 4, 2017, City Council approved site and landscape plans for Green Tech (Simmons Technical Services) to operate a multi-tenant facility to introduce and promote “green technology” or “environmentally clean” technology to the citizens and businesses of Goldsboro and Wayne County through education, training, employment and entrepreneurship.

Since occupying the facility, the owner has had several inquiries regarding potential uses that are not permitted within the General Industry (I-2) zoning district. However, these same uses are permitted within the General Business (GB) zoning district. Examples include automobile washing establishments (automatic and hand-wash), dry-cleaning (personal), laundries (coin-operated) and clinical, medical and therapeutic offices.

In an effort to provide additional opportunity and space consistent with the applicant’s original request to use the property for “green” or “environmentally clean” technology, education, training, employment and entrepreneurship, the applicant is requesting a zoning change from General Industry (I-2) to General Business Conditional District (GBCD) for the operation of a multi-tenant business park.

Surrounding Zoning:

North: General Industry (I-2);
South: General Industry (I-2);
East: General Industry (I-2); and
West: General Industry (I-2)

As previously stated, the applicant is requesting a zoning change from General Industry (I-2) to General Business Conditional District (GBCD), which would limit the property to a multi-tenant business park.

Separate site plan approval is required at the time of rezoning. The applicant has submitted a site plan that indicates the use of the property as a proposed business park and identified as “C Center of Wayne Co. Inc. – Christ in Care, Courage and Character”

The existing building on site contains three areas as follows:

37,350 sq. ft. Designated for Greenhouse
12,940 sq. ft. Designated for Classrooms and Offices
9,200 sq. ft. Designated for Warehouse

If the rezoning is approved, the applicant intends the modify the classroom, office and greenhouse spaces to accommodate uses which are permitted within the General Business zoning district and compliant with the North Carolina State Building Code. Examples include

automobile washing establishments (automatic and hand-wash), dry-cleaning (personal), laundries (coin-operated) and clinical, medical and therapeutic offices.

At this time, no other changes to parking or landscaping are required for the site. No outside storage is proposed. Any outdoor storage proposed in the future must receive City Council approval.

The City's Comprehensive Land-Use Plan recommends industrial development for the property. However, the Plan also states that the City may consider/support the rezoning of underutilized industrial properties to other zoning categories which may be consistent with the Plan's goals of business and industrial development.

The property is located within a Special Flood-Hazard Area known as the 100-year floodplain. City water and sewer are available to serve the property.

At the public hearing held on March 16, 2020, no one came forward to speak in favor or against the request.

The Planning Commission, at their meeting held on March 30, 2020, recommended approval of the amended change of zone request from General Industry (I-2) to General Business Conditional District (GBCD) to allow the property used as a multi-tenant business park.

It is recommended Council accept the recommendation of the Planning Commission and

1. Finding the request consistent with the City's adopted Comprehensive Land Use Plan and;
2. Adopt an Ordinance changing the zoning for the property from General Industry (I-2) to General Business Conditional District (GBCD) for the operation of a multi-tenant business park and;
3. No outside storage is proposed. Any outdoor storage proposed in the future must receive City Council approval. Consent Agenda Approval. Ham/Polack (7 Ayes)

Amendment to the Water Sales Agreement Between the City of Goldsboro and Southeastern Wayne Sanitary District. Resolution Adopted. The Goldsboro City Council approved the Water Purchase Agreement (WPA) with Southeastern Wayne Sanitary District (SEWSD) on September 8, 2009.

The WPA allows SEWSD to purchase a supplemental supply of potable water from the City and establishes an emergency water mutual aid agreement between SEWSD and the City capable of providing water to the City in the event of an emergency.

Section II Paragraph F of the WPA states, “SEWSD agrees not to sell water to any of the City’s water customers unless it has been mutually agreed upon by the City.”

SEWSD is selling water through a 2” water line to support the domestic needs of Case Farms, a customer of the City. Historically, they have sold an average of 31,755,000 gallons of potable water per year.

SEWSD has agreed to pay the City for water sales in the amount of \$2.35 per thousand gallons or at the lowest rate in effect at the time of billing for each month of billing, whichever rate is greater, for the quantity of water sold over and above 31,755,000 gallons per year to Wayne County tax parcel PIN 2597851949.

Case Farms has also communicated for the demand of an additional 100,000 gallons per day of potable water served through a 4” meter located on Wayne County tax parcel PIN 2597643114 served by SEWSD.

SEWSD shall pay the City an additional amount of \$1.00 per thousand gallons over and above the City’s normal billing charges in effect at the time of billing for water sales to Wayne County tax parcel PIN 2597643114.

It is recommended that the City Council approve the attached Resolution authorizing the Mayor and City Clerk to execute the Amended Agreement between the City of Goldsboro and Southeastern Wayne Sanitary District. Consent Agenda Approval. Ham/Polack (7 Ayes)

End of Consent Agenda.

Mr. Marty Anderson, City Engineer presented the following information:

Change Orders No. 15, 16, 21, and 22 - Phase IV Sewer Collection Rehabilitation - Formal Bid No. 2018-004. Resolution Adopted. The Phase IV Sewer Rehab Project provides for installation of approximately 30,900 linear feet of cast-in-place-pipe (CIPP) rehabilitation of existing sanitary mains, including various root treatments, obstruction removals, cutting of intruding taps and asphalt or concrete surface repairs directly associated with the completion and restoration work detailed in the contract specifications. City Council approved the original contract for approximately \$9.3M.

Through various field changes with cost savings of approximately \$1.5M the contractor was able to add additional work, not in the original contract, but within the original project area. Due to this additional rehab work, T. A. Loving Company provided costs totaling \$505,298.92. There remains approximately (\$900,000) of cost savings to potentially be applied to more additional work.

Construction change orders in excess of \$10,000 require approval of the City Council prior to City Manager approval. The subject change orders detail additional items/work for the Phase IV Sewer Rehab project as follows:

Change Order No. 15	=	\$ 19,649.29
One 36” interference box for Audubon Avenue plus 2.50% bond and insurance		
Change Order No. 16	=	\$ 95,527.63
Four 48” interference boxes for Mulberry Street @ \$23,881.71 each plus 2.50% bond and insurance		
Change Order No. 21	=	\$ 24,600.00
8” CIPP point repairs at various locations		

@ \$3,000 each plus 2.50% bond and insurance

Change Order No. 22 = \$ 365,522.00
Field cost for time extensions of
9 ½ months (See Attached
Detailed Worksheets)

Total Change Orders = \$ 505,298.92

This additional work will require the contract completion time to be extended by 12 days for Change Orders No. 15, 16, 21, and 22. Previous changes orders, additional quantities, and work extended the contract time by a total of 9 ½ months. The amended contract completion date for the remaining rehabilitation work is April 14, 2020.

Staff recommends issuing change orders to the current contract with T. A. Loving for the Phase IV sewer collection rehabilitation project. We have reviewed this change order with the Finance Director and determined that funds are available from the Clean Water Revolving Fund Loan.

Mayor Allen asked if this work has been done. Mr. Anderson stated it has not been done. Mayor Allen asked for clarification on the timeline. Mr. Anderson stated previous change orders increased the project time by 9 ½ months; previous change orders did not include line item for management, field office, dumpster rental, etc. A worksheet summary was provided. Mr. Anderson stated they are trying to clean things up before the project is completed. Mayor Allen stated I think we need to better communicate in the future.

Councilmember Ham stated I still have not seen these streets cleaned up. Mayor Allen also shared concerns regarding patches made on Chestnut Street. Mayor Allen stated you need to ride these streets. Other streets discussed included Daisy Street and Jackson Street.

Mr. Anderson stated to call his office at 919-580-4377 to report specific streets.

Councilmember Ham stated the responsibility should be on the contractor. It is a big deal. I've been talking about this since October. I've written two letters to the City Manager. I ride down these streets every day, I see nothing is done, there is no excuse for that. We give them \$500,000, \$1 million, show me that you will give us something back responding to what we are asking them to do.

Councilmember Polack asked if some of these roads are held up due to future excavation, like over by the post office that is patched up like Frankenstein. Mr. Anderson stated that is one of the streets I plan to put on street paving for 20-21; I've been wanting to get for two years this project has held it up.

Councilmember Ham asked about the patch on Vine Street.

Upon motion of Councilmember Williams, seconded by Councilmember Aycock and unanimously carried, Council adopted the following entitled resolution authorizing the City Manager to execute change orders for \$505,298.92 with T. A. Loving Company.

RESOLUTION NO. 2020-25 "RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE CHANGE ORDERS NO. 15, 16, 21, AND 22 WITH T. A. LOVING COMPANY FOR PHASE IV SEWER COLLECTION REHABILITATION PROJECT FORMAL BID #2018-004"

The proposed work consists of approximately 5,000 square yards of pavement with 940 linear feet of storm water lines, 400 linear feet of water line, and 1,500 linear feet of concrete curb and gutter. This project includes Oak Hill Drive from North Berkeley Boulevard to Green Drive, East

Chestnut Street from South Slocumb Street to South Leslie Street, Hawthorne Street from Oleander Avenue to Andrews Avenue, and Mimosa Street from Claiborne Street to Randolph Street.

Weaver's Asphalt & Maintenance Company submitted the low bid for this project for a total cost of \$641,711. The bids received for this project are tabulated as follows:

<u>Name of Bidder</u>	<u>Amount of Bid</u>

Barnhill Contracting Company Kinston, NC	\$ 811,049.28
Carolina Earth Movers, Inc. Greenville, NC	\$ 822,825.00

Fred Smith Company Raleigh, NC	\$ 941,543.00

<u>Name of Bidder</u>	<u>Amount of Bid</u>
Lanier Construction Co., Inc.	\$ 972,995.00

The bids for this project have been reviewed by the Engineering Department, checked for accuracy, and found to be in order. We have reviewed the financing of this project with the Finance Director and determined that funds are available in Street Bonds.

The bid proposal for City projects require contractors to submit references and describe work of a similar nature to street paving improvements. Staff checked the three references provided by Weaver's Asphalt and received a good report from two companies. The third reference could not be reached.

Upon motion of Mayor Pro Tem Broadaway, seconded by Councilmember Aycock and unanimously carried, Council adopted the following entitled resolution authorizing the Mayor and City Clerk to execute a contract for \$641,711 with Weaver's Asphalt and Maintenance Company for the 2020 Street Paving Improvements Project.

RESOLUTION NO. 2020-26 "RESOLUTION AWARDING AND AUTHORIZING THE EXECUTION OF A CONTRACT FOR THE 2020 STREET PAVING IMPROVEMENTS PROJECT FORMAL BID NO. 2020-001"

Public Comment Period Policy Amendment. Approved. North Carolina General Statute 153A-52.1 implemented a requirement that Council must provide at least one period for public comment per month at a regular meeting of the board. City Council adopted a Public Comment Period Policy effective September 1, 2005. At the Council meeting on August 1, 2011, Council amended the Public Comment Policy to move the public comment period to follow approval of Council meeting minutes effective August 15, 2011. Currently, the Public Comment period is held at each meeting and Public Hearings are normally held the last meeting of the month.

On March 10, 2020 NC Governor Executive Order 116 declared a “State of Emergency” due to Coronavirus 2019 (COVID-19). On March 27, 2020 NC Governor Executive Order 121 mandated “Stay At Home” policies to mitigate community spread of COVID-19. Section 2, paragraph 6 defines “Essential Governmental Operations” to provide or support the health, safety and welfare of the public. Each government body shall determine its Essential Governmental Operations and identify employees and/or contractors necessary to the performance of those functions.

In keeping with the intent of the NC Governor “Stay At Home” Executive Order and NCGS 153A-52.1, staff recommends Council amend the current Public Comment Period Policy to be held the first meeting of the month to follow approval of Council meeting minutes effective April 20, 2020.

Councilmember Matthews stated I do know before COVID-19 came about, there were some councilmembers who wanted to limit our public comment period to once a month. I truly hope that if the board approves to do this, I hope it will be brought once we get past this COVID-19.

Councilmember Aycock made a motion to amend the current Public Comment Period Policy to be held at the first meeting of the month to follow approval of Council meeting minutes.

Councilmember Williams stated my concern is there may be something at the first of the month that is an issue and hasn’t been resolved, that kind of suppresses someone’s voice if it has not been addressed. I think everyone understands you can run up here because of this pandemic, I do not believe this is something we need to enact. I think that people already know it naturally.

Councilmember Ham seconded Councilmember Aycock’s motion. Councilmember Polack asked for clarification, for the time being. Mayor Allen stated right. Mayor Allen, Mayor Pro Tem Broadaway, Councilmembers Polack, Ham and Aycock voted in favor of the motion. Councilmembers Williams and Matthews voted against the motion. The motion passed 5:2.

Upon motion of Councilmember Polack, seconded by Mayor Pro Tem Broadaway and unanimously carried, Council adopted the following entitled Resolution.

RESOLUTION NO. 2020-21 “RESOLUTION EXPRESSING APPRECIATION FOR SERVICES RENDERED BY CHRISTOPHER SAULS AS AN EMPLOYEE OF THE CITY OF GOLDSBORO FOR MORE THAN 21 YEARS”

Councilmember Matthews read the following entitled Proclamation:

Proclamation - Child Abuse Prevention Month. Mayor Allen proclaimed April as Child Abuse Prevention Month and called upon all citizens, community agencies, faith groups, medical facilities, elected leaders and businesses to increase their participation in our efforts to support families, thereby preventing child abuse and strengthening the communities in which we live.

Councilmember Mayor Pro Tem Broadaway read the following Proclamation:

Proclamation - Week of the Young Child. Mayor Allen proclaimed April 11-17, 2020, as “WEEK OF THE YOUNG CHILD,” and commend its observance to all citizens of the City of Goldsboro.

Councilmember Williams read the following Proclamation:

Proclamation - Re-Entry Week. Mayor Allen proclaimed the second week of April 2020 as Re-Entry Week in the City of Goldsboro and encourage all citizens to recognize the efforts of those who work to improve the rehabilitation and reintegration of formerly incarcerated individuals.

Councilmember Williams stated I just want everyone to stay safe, remember social distancing and remember we have seniors who live in downtown Goldsboro at the Waynesborough House. If there is someone who is willing to bring some help items they need, please do that. Let’s not forget about our seniors.

Mayor Pro Tem Broadaway stated I would like to thank again all of our employees on the city especially our police force, EMS, fireman and our healthcare professionals. Everyone stay home, let’s protect everybody.

Councilmember Polack stated I would like to ask everyone pray for a spirit of calmness in the mist of panic and fear. I also want to encourage all of us to build strong relationships at home with our families and not pass responsibility of care to others. Lastly, I would like to acknowledge a business owner in my district who has contributed over 2,000 masks by way of UNC Hospital, his name is Tyler Kim and owns Kim’s Beauty Supply.

Councilmember Matthews stated I want to encourage everyone to continue to follow the safety precautions that have been put into place so that we can get to the end of this very quickly. I personally want to thank the workers at gas stations, groceries stores and other stores that remain open. They too are our front workers and are coming into contact with the virus. Good night and stay safe.

Councilmember Ham stated I agree and support the comments made by previous Councilmembers but I also want to mention Ms. Sherry Archibald with United Way who periodically sends out an email periodically that shows what good deeds are being done by various organizations in Goldsboro and addresses other needs that are needed to be met. I am really impressed with the compassion our businesses and individuals have and I see organizations like the Chamber of Commerce, wages, Goldsboro Housing Authority, our own fire department and other businesses that are not open for business but are contributing and ways of prepared meals donations etc. Our charity organizations and churches are doing the same. Lastly but not least, we have a lot of individuals that are taking food to the food pantries or

individuals. We are to be very proud of the people in the city and County who are aware of the needs of others and are assisting.

Councilmember Aycock stated whenever I set up a checking account online or credit card account and if you try to access your account don't know your password or username, they always ask you questions like what is your favorite pet or mother's maiden name. One of them that they ask is who is your favorite hero when you were child. I had many as a child that have many more now, public health workers, fire, police, public works, sanitation, city staff, delivery drivers, mail personnel, grocery store workers, pharmacies, fast food workers, restaurant still open for takeout delivery, funeral homes and all other essential services. They are my heroes.

There being no further business, the meeting adjourned at 7:43 p.m.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
MAY 4, 2020 COUNCIL MEETING

SUBJECT: Sole Source Vendor Resolution for LEA AID Acquisition Company

BACKGROUND: Council approved the acceptance of an award from the Governor's Crime Commission for funding to assist with Goldsboro Police Department's Gang Program in January, 2019 for the 2017 grant year. The 2017 grant was not awarded by the State until 2019 due to various issues at the federal level (i.e. sequestration).

DISCUSSION: Staff proposes to purchase Live Link Video System through LEA AID Acquisition Company with the funds allocated in the special revenue fund, DOJ/JAG Grants (P3102). The total amount of the grant award is \$21,365.64 with no local match. (Ord #2019-56 9/23/2019)

The product is patented and due to its unique design and function, there are no other vendors that provide a similar product. Since staff proposes to sole source the item, General Statute requires the Board to approve the purchase by resolution.

RECOMMENDATION: It is recommended that the attached Resolution for the Purchase of the Live Link Video System be approved for \$13,500.00.

Date: 4/28/2020

WHEREAS, N.C.G.S. 143-129(e) lists the authorized exceptions to the formal bid procedures, and N.C.G.S. 143-129(e)(g) allows for purchases of apparatus, supplies, materials, or equipment to be purchasing using sole-source exception when: (i) performance or price competition for a product are not available; (ii) a needed product is available from only one source of supply; or (iii) standardization or compatibility is the overriding consideration; and

WHEREAS, LEA AID Acquisition Company is the sole patented provider of the Live Link Camera system; and

WHEREAS, it is in the City's best interest to purchase the Live Link Video System through LEA AID Acquisition Company in an amount not to exceed \$13,500.

ARTICLE I. GENERAL PROVISIONS

Section 1. Purpose of the Policy

It is the purpose of this policy and the rules and regulations set forth to establish a fair and uniform system of personnel administration for all employees of the City under the supervision of the City Manager. This policy is established under authority of Chapter 160A, Article 7, of the General Statutes of North Carolina.

Section 2. At Will Employment

The employment relationship between the City of Goldsboro and the employee is terminable at the will of either at any time and with or without cause and with or without notice. No employee, officer, agent or representative of the City has any authority to enter into any agreement or representation, verbally or in writing, which alters, amends, or contradicts this provision or the provisions in these policies. Any exception to this policy of at-will employment must be expressly authorized in writing, approved by the Council and executed by the officers designated by the Council.

None of the benefits or policies set forth in these policies are intended, because of their publication, to confer any rights or privileges upon employees or to entitle them to be or remain employed by the City. The contents of this document are presented as a matter of information only. Although the City believes wholeheartedly in the plans, policies, and procedures described herein, they are not conditions of employment.

These personnel policies are not a binding contract, but merely a set of guidelines for the implementation of personnel policies. The City explicitly reserves the right to modify any of the provisions of these policies at any time and without any notice to employees.

Section 3. Merit Principle

All appointments and promotions shall be made solely on the basis of merit. No applicant for employment or employee shall be deprived of employment opportunities or otherwise adversely affected because of such individual's race, color, religion, sex, national origin, genetics, sexual orientation, political affiliation, non-disqualifying disability, marital status, veteran status or age.

Section 4. Responsibilities of the City Council

The City Council shall be responsible for, or may delegate to the City Manager, the authority to establish and approve personnel policies, the position classification and pay

plan, and may change the policies and benefits as necessary. They also shall make and confirm appointments when so specified by the General Statutes. Any changes made or recommended by the City Manager requiring the obligation of City funding shall first be approved by the City Council.

Section 5. Responsibilities of the City Manager

The City Manager shall be responsible to the City Council for the administration and technical direction of the personnel program. The City Manager shall appoint, suspend, and remove all City employees except those elected by the people or whose appointment is otherwise provided for by law. The City Manager shall make appointments, dismissals and suspensions in accordance with the City Charter and other policies and procedures spelled out in other Articles in this Policy.

The City Manager shall:

- 1) Make rules and revisions to the personnel system and advise the City Council;
- 2) Make changes as necessary to maintain an up to date and accurate position classification plan;
- 3) Perform such other duties as may be assigned by the City Council not inconsistent with this Policy;
- 4) Appoint an employee to the role of Human Resources Director; in the absence of a Human Resources Director, the City Manager shall appoint an interim or fulfill the role;
- 5) Submit any changes requiring the obligation of City funding to the City Council for approval.

Section 6. Responsibilities of the Human Resources Director

The responsibilities of the Human Resources Director are to make recommendations to the City Manager on the following:

- 1) Recommend rules and revisions to the personnel system;
- 2) Recommend changes as necessary to maintain an up to date and accurate position classification plan;
- 3) Recommend necessary revisions to the pay plan;

- 4) Determine which employees shall be subject to the overtime provisions of FLSA;
- 5) Maintain a roster of all persons in the municipal service
- 6) Establish and maintain a list of authorized positions in the municipal service at the beginning of each budget year which identifies each authorized position, class title of position, salary range, any changes in class title and status, position number and other such data as may be desirable or useful;
- 7) Develop and administer such recruiting programs as may be necessary to obtain an adequate supply of competent applicants to meet the needs of the City;
- 8) Develop and coordinate training and educational programs for City employees;
- 9) Investigate periodically the operation and effect of the personnel provisions of this policy; and,
- 10) Perform such other duties as may be assigned by the City Manager not inconsistent with this Policy.

Section 7. Application of Policies, Plan, Rules and Regulations

The personnel policy and all rules and regulations adopted pursuant thereto shall apply to all City employees. The City Manager, City Attorney, members of City Council and advisory boards and commissions will be exempted except in sections where specifically included. An employee violating any of the provisions of this policy shall be subject to appropriate disciplinary action, as well as prosecution under any civil or criminal laws which have been violated.

Section 8. Departmental Rules and Regulations

Because of the particular personnel and operational requirements of the various departments of the City, each department is authorized to establish supplemental written rules and regulations applicable only to the personnel of that department. All such rules and regulations shall be subject to the approval of the City Manager, and shall not in any way conflict with the provisions of this Policy, but shall be considered as a supplement to this Policy. Any such departmental policies approved by the City Manager shall have a copy placed on file with the Human Resources Department and shall be available to all departmental employees.

Section 9. Definitions

For the purposes of this policy, the following words and phrases shall have the meanings respectively ascribed to them by this section:

ARTICLE II. POSITION CLASSIFICATION PLAN

Section 1. Purpose.

The position classification plan provides a complete inventory of all authorized regular positions in the City service and an accurate description and specification for each class of employment. The plan standardizes job titles, each of which is indicative of a definite range of duties and responsibilities.

Section 2. Composition of the Position Classification Plan

The classification plan shall consist of:

- 1) A grouping of positions in classes which are approximately equal in difficulty and responsibility which call for the same general qualifications and which can be equitably compensated within the same range of pay under similar working conditions;
- 2) Class titles descriptive of the work of the class;
- 3) Written specifications for each class of positions; and,
- 4) An allocation list showing the class title of each position in the classified service.

Section 3. Use of the Position Classification Plan

The classification plan is to be used:

- 1) As a guide in recruiting and examining applicants for employment;
- 2) In determining lines of promotion and in developing employee training programs;
- 3) In determining salary to be paid for various types of work;
- 4) In determining personnel service items in departmental budgets; and
- 5) In providing uniform job terminology.

Section 4. Administration of the Position Classification Plan

The City Manager, assisted by the Human Resources Director, shall allocate each position covered by the classification plan to its appropriate class and shall be responsible for the administration of the position classification plan. The City Manager shall periodically review portions of the classification plan and make appropriate revisions to ensure that classifications accurately reflect current job duties and responsibilities. The City Manager shall also periodically review the entire classification plan and, when needed, recommend major changes to the City Council.

Section 5. Authorization of New Positions and the Position Classification Plan

Positions shall be established upon recommendation of the City Manager and approval of the City Council. The Department Director shall submit the request, along with the recommended title, pay grade assignment and job description to the Human Resources Director and Finance Director. The Human Resources staff shall be responsible for reviewing the request and submitting a final job description and pay grade assignment. The Human Resources Director and Department Director shall then recommend the appropriate classification title and pay grade assignment to the City Manager for Council approval. The position classification plan, along with any new positions or classifications, shall be retained in the Human Resources Department and copies made available to all City employees for review upon request.

Section 6. Request for Reclassification

Any employee who considers the position in which he/she is classified to be improper shall submit a request in writing for reclassification to such employee's immediate supervisor, who shall immediately transmit the request through the department head to the Human Resources Director. Upon receipt of such request, the Human Resources Director shall study the request, determine the merit of the reclassification, and recommend any necessary revisions to the classification and pay plan to the City Manager. The City Manager will respond to this request with a plan of action within ten working days.

Department heads are responsible for identifying changes in job duties that may result in a position being reviewed and submitting recommendations to make the Human Resources Director and City Manager aware of the need for a position reclassification.

The determination of the reclassification request shall be based on substantial and permanent changes in the nature, variety and complexity of job duties, the supervision received or supervision exercised, or the responsibility for staff and/or resources. Changes in the volume of work assigned, or an employee's performance, are not considered justification for a reclassification.

ARTICLE III. THE PAY PLAN

Section 1. Definition

The pay plan includes the basic salary schedule and the "List of Classes Arranged by Grades" adopted by the City Council. The salary schedule consists of minimum or beginning, midpoint, maximum, and intervening rates of pay for all classes of positions.

Section 2. Administration and Maintenance

The City Manager, assisted by the Human Resources Director, shall be responsible for the administration and maintenance of the pay plan. All employees covered by the pay plan shall be paid at a rate listed within the salary range established for the respective position classification, except for employees in trainee status or employees whose existing salaries are above the established maximum rate following transition to a new pay plan. Each year, the City Manager shall recommend a cost of living or market adjustment amount based on an analysis of the consumer price increase and of the increases in other local governments. When cost of living or market adjustments are approved by the Council, the salary plan should adjust by that amount so that minimum rates and maximum rates of pay remain competitive in the market.

The pay plan is intended to provide equitable compensation for all positions, reflecting differences in the duties and responsibilities, the comparable rates of pay for positions in private and public employment in the area, changes in the cost of living, the financial conditions of the City, and other factors. To this end, from time to time, the City Manager shall request the Human Resources Director to make comparative studies of all factors affecting the level of salary ranges and may make minor adjustments in the allocation of positions to salary grades. Approximately every three to five years the City will conduct a comprehensive classification and pay study to update the plan ensuring internal equity and external competitiveness. When major adjustments encompassing numerous positions are needed, or when a general adjustment is needed to the pay plan, the City Manager shall recommend such changes in salary ranges as appear to be warranted to the City Council. The City Council shall adopt the "Assignment of Classes to Grades and Ranges," including any recommended adjustments made by the City Manager during the previous budget year, annually as part of the budget process.

Section 3. Starting Salaries

All persons hired or promoted into positions approved in the position classification plan shall be compensated at the minimum rate for the classification in which they are employed; however, exceptionally well qualified applicants may be paid above the minimum rate of the established salary range based upon recommendation of the hiring

department head and Human Resources Director and approval of the City Manager.

Section 4. Trainee Designation and Provisions

Applicants being considered for employment or City employees who do not meet all of the requirements for the position for which they are being considered may be hired, promoted, demoted, or transferred to a "trainee" status. In such cases, a plan for training, including a time schedule, must be prepared by the department head. "Trainee" salaries shall be one or (no more than) two grades below the minimum rate established for the position for which the person is being trained. A new employee designated as "trainee" shall concurrently serve a probationary period. However, probationary periods shall be at least six months and trainee periods may extend from three to eighteen months. A trainee shall remain a probationary employee until the trainee period is satisfactorily completed.

If the training is not successfully completed to the satisfaction of the City, the trainee shall be transferred, demoted, or dismissed. If the training is successfully completed, the employee shall be paid at least at the hiring rate established for the position for which the employee was trained.

Section 5. Probationary Pay Increases

Employees who satisfactorily complete probation may receive an increase. The percentage, or amount, shall be approved by the City Manager prior to the employee's appointment or acceptance of employment offer.

Section 6. Performance Pay

An annual performance evaluation shall be scheduled for all full-time employees. Consultation between the employee and supervisor regarding performance at times other than the annual performance evaluation is anticipated and encouraged under this policy and shall be considered to supplement rather than replace the annual performance evaluation. Advancement within the established salary range for an employee is not automatic but rather based upon specific performance-related reasons. Employees may be considered for advancement within the established salary range based on the quality of their overall performance. Procedures for determining performance levels and performance pay increases shall be established in procedures approved by the City Manager. Performance pay is subject to annual appropriation. See Appendix A for details.

Section 7. Performance Pay Bonus

Employees who are at the maximum of the salary range for their position classification are eligible to be considered for a performance bonus at their regular performance evaluation time. Performance bonuses shall be awarded based upon the performance of the employee as described in the performance evaluation and shall be the same percentage of annual salary as employees within the salary range with the same performance level. Performance bonuses do not become part of base pay and shall be awarded in a lump sum payment.

Section 8. Salary Effect of Promotions, Demotions, Transfers and Reclassifications

Promotions. Employees who successfully complete probation are eligible to apply for promotional opportunities. When an employee is promoted, the employee's salary shall be advanced to the minimum rate of the new position, or 10 % over the employee's salary before the promotion, whichever is greater; provided, however, that the new salary may not exceed the maximum rate of the new salary range.

Where a promotion moves an employee more than 2 salary grades, the City Manager may allow the Department Head to consider an increase of not more than 5% per pay grade at the time of the promotion or at a later date as part of the promotion; if discussed and documented at the time of the promotion.

The purpose of the promotion pay increase is to recognize and compensate the employee for taking on increased responsibility.

Demotions. Employees demoted for disciplinary or performance reasons should expect to have their salary reduced at least 5% per pay grade. The adjusted salary must be within the range of the new grade. The amount of the reduction will be determined by the supervisor and the department head and will be contingent on the severity of the offense or deficiency and approved by the Human Resources Director and the City Manager.

Employees who request a voluntary demotion should also expect to have their salary reduced to a salary within the pay range of the new position. The amount of reduction would be determined by the supervisor and the department head based on consideration of several factors such as internal equity and the employee's qualifications compared to the qualifications of the job. The final salary reduction must be approved by the Human Resources Director and the City Manager. Exceptions may exist where the employee retains his/her salary. Requests for such events will require approval by the City Manager. Factors, such as maintaining internal equity within the department, as well as the employee's value in the position will be taken into consideration.

Employees involuntarily demoted for reasons other than discipline or performance

(Example: Reduction in Force or reorganization) may have their salary reduced or maintained at the same rate as approved by the Human Resources Director and the City Manager.

Transfers. When a lateral transfer occurs, the salary of an employee reassigned to a position in the same class or to a position in a different class within the same salary range shall not be changed by the reassignment. An employee transferred because of performance, disciplinary reasons or voluntarily is considered a demotion.

Reclassifications. An employee whose position is reclassified to a class having a higher salary range shall receive a pay increase of 5% or an increase to the hiring rate of the new pay range, whichever is higher. If the employee's salary is above the midpoint of the new range, the employee shall receive an increase of 2.5%. If the position is reclassified to a lower pay range, the employee's salary shall remain the same. If the employee's salary is above the maximum established for the new range, the salary of that employee shall be maintained at the current level until the range is increased above the employee's salary.

Section 9. Salary Effect of Salary Range Revisions

When a class of positions is assigned to a higher salary range, employees in that class shall receive a pay increase of at least 5%, or to the minimum rate of the new range, whichever is higher. If the employee has passed probation, the employee's salary shall be advanced at least to the probation completion amount (minimum rate) in the new range. If the employee's salary is above the midpoint of the new range, the employee shall receive an increase of 2.5%.

When a class of positions is assigned to a lower salary range, the salaries of employees in that class will remain unchanged. If this assignment to a lower salary range results in an employee being paid at a rate above the maximum established for the new class, the salary of that employee shall be maintained at that level until such time as the employee's salary range is increased above the employee's current salary.

Section 10. Transition to a New Salary Plan

The following principles shall govern the transition to a new salary plan:

- 1) No employee shall receive a salary reduction as a result of the transition to a new salary plan.
- 2) All employees being paid at a rate lower than the minimum rate established for their respective classes shall have their salaries raised at least to the new minimum rate for their classes.

- 3) All employees being paid at a rate above the maximum rate established for their respective classes shall be maintained at that salary level until such time as the employees' salary range is increased above the employee's current salary.

Section 11. Effective Date of Salary Changes

Salary changes approved after the first working day of a pay period shall become effective at the beginning of the next pay period, or at such specific date as may be provided by procedures approved by the City Manager.

Section 12. Overtime Pay Provisions

Employees of the City can be requested and may be required to work overtime hours as contingent upon the needs of the City and determined by the Department Head. All overtime hours worked must be authorized by appropriate management or City officials. To the extent that local government jurisdictions are so required, the City will comply with the Fair Labor Standards Act (FLSA). The Human Resources Director shall recommend which jobs are "non-exempt" and are therefore subject to the Act in areas such as hours of work and work periods, rates of overtime compensation, and other provisions.

Non-exempt employees will be paid at a straight time rate for hours up to the FLSA established limit for their position (usually 40 hours in a 7-day period; 171 hours for police and 212 for fire personnel in a 28-day cycle). Hours worked beyond the FLSA established limit will be compensated in time off or pay at the appropriate overtime rate.

In determining eligibility for overtime in a work period, only hours actually worked shall be considered. In no event will vacation, sick leave, holiday time or compensatory leave hours be counted toward the total hours for the purpose of overtime compensation.

Whenever practicable, departments will schedule time off on an hour-for-hour basis within the applicable work period for non-exempt employees (work period is seven days except 28 days for applicable law enforcement and fire personnel) instead of compensating overtime. A maximum of 80 hours of comp-time may be held at any given time.

When time off within the applicable work period cannot be granted, overtime worked will be compensated in accordance with the FLSA, not to exceed 80 hours total. All accumulated compensatory time must be properly managed by the immediate supervisor and may be scheduled off at the will of the department. For employees eligible to earn and accrue Comp Time, during any absence from work, the employee will first use accrued Comp Time hours before using any other accrued leave time, including sick leave.

Employees in positions determined to be "exempt" from the FLSA (as Executive, Administrative, or Professional staff) do not accrue comp-time and are not paid for extra hours worked in excess of their normal work periods. Exempt employees may, upon immediate supervisor's approval, rearrange their weekly work schedule for hours worked over 40.

In declared emergency situations, where authorized essential non-exempt employees are required to work long and continuous hours, those authorized non-exempt employees shall receive compensation at their hourly rate for those hours worked beyond 40 hours in preparing for or responding to emergency situations.

Section 13. Call-back and Stand-by Pay

The City provides a continuous twenty-four hour a day, seven day a week service to its customers. Therefore, it is necessary for certain employees to respond to any reasonable request for duty at any hour of the day or night. One of the conditions of employment with the City is the acceptance of a share of the responsibility for continuous service, in accordance with the nature of each job position. If an employee fails to respond to reasonable calls for emergency service, either special or routine, the employee shall be subject to disciplinary actions up to and including dismissal.

Call-back. Non-exempt employees will be guaranteed a minimum payment of two hours of wages per twenty-four-hour period for being called back to work outside of normal working hours. "Call-back" provisions do not apply to previously scheduled overtime work (scheduled one or more days in advance).

Stand-by. Non-exempt employees required to be on "stand-by" duty will be paid \$125 per week of stand-by time they serve. Hours actually worked while on stand-by are calculated beginning when the employee reports to the work site and are added to the regular total of hours worked for the week. Stand-by time is defined as that time when an employee must carry a mobile device pager or other communication device and must respond immediately to calls for service.

Stand-by time is normally assigned in seven-day increments. Employees designated for stand-by time must be fit for duty (not under the influence of any alcohol or drugs and able to respond within 15 minutes). Stand-by schedule changes must be approved by the department head.

Section 14. Payroll Deduction

Deductions shall be made from each employee's salary, as required by law. Additional deductions may be authorized by the City Manager as to capability of payroll equipment and appropriateness of the deduction.

Section 15. Hourly Rate of Pay

Employees working in a part-time or temporary capacity with the same duties as full-time employees will work at a rate in the same salary range as the full-time employees. The hourly rate for employees working other than 40 hours per week, such as police officers working an average 42.75 hours per week or firefighters working an average of 56 hours per week, will be determined by dividing the average number of hours scheduled per year into the annual salary for the position.

Section 16. Pay for Interim Assignment in a Higher-Level Classification

An employee who is formally designated to perform the duties of a job that is assigned to a higher salary grade than that of the employee's regular classification shall receive an increase effective upon appointment. The employee shall receive a salary adjustment to the entry level (minimum rate) of the job in which the employee is assigned or an increase of 10%, whichever is greater. Criteria involved in determining the amount of compensation shall include 1) the difference between the existing job and that being filled on an interim basis, and 2) the degree to which the employee is expected to fulfill all the duties of the interim assignment. The salary increase shall be for the duration of the interim assignment and, at the conclusion of the interim assignment, the employee's salary shall be set at the rate he or she would have had notwithstanding the interim assignment.

ARTICLE IV. RECRUITMENT AND EMPLOYMENT

Section 1. Equal Employment Opportunity Statement

The City of Goldsboro provides equal employment opportunities to all employees and applicants for employment without regard to race, color, religion, sex, national origin, age, disability or genetics. In addition to federal law requirements, the City complies with applicable state and local laws governing nondiscrimination in employment. This policy applies to all terms and conditions of employment, including recruiting, hiring, placement, promotion, termination, layoff, recall, transfer, leaves of absence, compensation and training.

Section 2. Implementation of Equal Employment Opportunity Policy

All personnel responsible for recruitment and employment will continue to review regularly the implementation of this personnel policy and relevant practices to assure that equal employment opportunity based on reasonable, job-related requirements is being actively observed to the end that no employee or applicant for employment shall suffer discrimination because of age, sex, race, color, religion, disability, national origin, political affiliation, or marital status. Notices with regard to equal employment matters shall be posted in conspicuous places on City premises in places where notices are customarily posted.

Section 3. Recruitment, Selection and Appointment

Recruitment Sources. When position vacancies occur, the Human Resources Director shall publicize these opportunities for employment, including applicable salary information and employment qualifications. Information on job openings and hiring practices will be published in local and/or other news/social media as necessary to inform the community and create a quality and diverse pool of applicants. In addition, notice of vacancies shall be posted at designated conspicuous sites within departments. Individuals shall be recruited from a geographic area as wide as necessary and for a period of time sufficient to ensure that well-qualified applicants are obtained for City service. Human Resources listservs and other referral sites shall normally be used as recruitment sources. In rare situations because of emergency conditions, high turnover, etc., the City may hire or promote without advertising jobs, upon approval of the City Manager.

Job Advertisements. Employment advertisements shall contain assurances of equal employment opportunity and shall comply with Federal and State statutes.

Application for Employment. All persons expressing interest in employment with the City shall be given the opportunity to file an application for employment for positions

which are currently being recruited.

Application Reserve File. Applications shall be kept in an inactive reserve file for a period of two years, in accordance with Equal Employment Opportunity Commission guidelines.

Selection. Department heads, with the assistance of the Human Resources Director, shall make such investigations and conduct such examinations as necessary to accurately assess the knowledge, skills, and experience qualifications required for the position. All assessment materials and processes administered by the City shall be valid measures of job performance and approved by the Human Resources Director. Any assessment materials and/or processes that create adverse impact based upon race, sex, religion or any other protected class will be subject to replacement or validation. (See Appendix C)

Physical Examination. The City, at its own expense, may require that a selected candidate successfully complete a medical examination to include drug and alcohol testing prior to starting work with the City.

Appointment. Before any commitment is made to an applicant either internal or external, the Department Head shall make recommendations to the Human Resources Director including the position to be filled, the salary to be paid, and the reasons for selecting the candidate over other candidates. The Human Resources Director and Department Head shall recommend approval of appointments and the starting salary for all applicants to the City Manager.

Section 4. Probationary Period

An employee appointed or promoted to a regular position shall serve a six-month probationary period. Employees hired as trainees shall remain on probation until the provisions of their traineeship are satisfied. During the probationary period, the supervisor of the employee serving in a probationary status shall closely monitor the progress of that employee and shall frequently discuss with the employee his or her performance. At the end of the probationary period, the supervisor shall conduct a performance evaluation conference with the employee and discuss accomplishments, strengths and needed improvements. This shall be accomplished through the City's evaluation process and submitted to Human Resources for inclusion in the employee's personnel file. The supervisor shall recommend in writing whether the probationary period should be completed, extended, or the employee transferred, demoted, or dismissed. Unsatisfactory performance shall result in the employee being placed on a Development Plan and he/she will remain on the Development Plan for no longer than six (6) months. Probationary periods may be extended for a maximum of six additional months.

Disciplinary action, including demotion and dismissal, may be taken at any time during the probationary period of a new hire without following the steps outlined in this Policy for

disciplinary action. A promoted employee who does not successfully complete the probationary period may be transferred or demoted to a position in which the employee shows promise of success. If no such position is available, the employee shall be dismissed. Promoted employees retain all other rights and benefits such as the right to use of the grievance procedures and to graduated disciplinary procedures. Employees on probation may apply for promotional opportunities using the same application process as external candidates.

An employee may be terminated during the probationary period, with or without cause, and such probationary employee shall have no rights to file a grievance regarding the termination under the grievance provisions of these personnel policies.

Section 5. Promotion

Promotion is the movement of an employee from one position to a vacant position in a class assigned to a higher salary range. It is the City's policy to create career opportunities for its employees whenever possible. Therefore, when a current employee applying for a vacant position is best suited of all applicants, that applicant shall be appointed to that position. The City will balance three goals in the employment process:

- 1) The benefits to employees and the organization of promotion from within;
- 2) Providing equal employment opportunity and a diversified workforce to the community; and,
- 3) Obtaining the best possible employee who will provide the most productivity in that position. Therefore, the City will consider external and internal candidates rather than automatically promote from within. Candidates for promotion shall be chosen on the basis of their qualifications and their work records.
Employees must complete probation before they may apply for promotional opportunities using the same application process as external candidates.

Department heads are responsible for developing staff capacity to provide back-up for coworkers and higher-level positions; to prepare staff and the organization for smooth transitions; and to ensure capability to cover interim absences and vacancies.

Section 6. Demotion

Demotion is the movement of an employee from one position to a position in a class assigned to a lower salary range. Demotion may be voluntary or involuntary. An employee whose work or conduct in the current position is unsatisfactory may be demoted provided that the employee shows promise of becoming a satisfactory employee in the lower position. Such disciplinary demotion shall follow the disciplinary procedures outlined in this chapter.

An employee who wishes to accept a position with less complex duties and reduced responsibilities may request a voluntary demotion. A voluntary demotion is not a disciplinary action and is made without using the above-referenced disciplinary procedures. For a voluntary demotion, the employee's salary may be negotiated with approval of the Human Resources Director and City Manager.

Section 7. Transfer

Transfer is the movement of an employee from one position or department to another. If a vacancy occurs and an employee in another department is eligible for a transfer, the employee may apply for the transfer using the usual application process. The Department Head wishing to transfer an employee to a different department or classification shall, with the consent of the receiving department head, make a recommendation to the Human Resources Director who shall review and make a recommendation to the City Manager. Any employee transferred without requesting the action may appeal the action in accordance with the grievance procedure outlined in this policy. An employee who has successfully completed a probationary period may be transferred into the same classification without serving another probationary period.

Section 8. Recruitment

The City of Goldsboro is committed to employing the best-qualified candidates for approved positions while engaging in recruitment and selection practices that comply with all applicable federal and state employment laws. This provision also applies to reactions to small pox vaccinations administered to City employees under Section 304 of the Homeland Security Act. Such reactions shall be treated the same as any other workers' compensation claim as regards leave and salary continuation.

Transitional duty may be provided when possible to aid an employee injured on the job to return to work as quickly as possible.

Before returning to work, a statement from the attending physician shall be submitted to the Human Resources Director giving permission for the employee to either return to perform restricted duties or resume regular duties.

and will include the total amount required to cover the employee and employer funding. Upon request by the employee, the Retirement System provides a statement of the cost and a date by which purchase must be made. If purchase is not made by that date, the cost will have to be recomputed.

Section 9. Return to Work (Personal Injury/Illness)

The purpose of this section is to inform management and employees of the guidelines for returning to work following a personal injury/illness.

Transitional duty, if available, may be provided to accommodate a **temporary** illness or injury when an employee has not reached maximum medical improvement but is ready to return to restricted duty work with the approval of the treating physician. The department may provide transitional duty work for the employee suitable to the employee's capacity to work which is both meaningful and productive to the employee and the City. The City reserves the right to exercise its prerogative to protect itself against excessive future liability and insurance risk, and the employee against further aggravation and/ or injury.

The transitional duty work shall be temporary and not exceed 30 days, per personal injury/illness within a 12-month period. Department Heads are responsible for the administration of transitional duty assignments within their respective departments.

When the employee reaches maximum medical improvement, the employee shall be returned to his/her original position with regular duties.

Section 10. Unemployment Compensation

Section 11. Tuition Assistance Program

Full-time employees who have completed initial probation may apply for tuition reimbursement for courses taken on their own time or during educational leave which will improve their skills for their current job or prepare them for promotional opportunities with the City. These courses must lead to a certification program or a degree program. The employee must complete an Educational Incentive Assistance Application, attach acceptance letter, course registration or other documentation for proof of enrollment and forward to appropriate approval authority for processing prior to attending. Tuition, registration, fees, laboratory fees, and student fees are eligible expenses.

Employees may be reimbursed eligible expenses up to a total of twenty-five hundred

dollars (\$2500) per fiscal year. Satisfactory completion of the courses with at least a “C” in graded courses will be required for reimbursement. The employee will complete a Tuition and Book Reimbursement Application, attach grade(s) and receipts, and forward to appropriate approval authority for processing. Employees must be enrolled in an accredited college or university to receive tuition reimbursement. Departments may budget sufficient funds to allow employees to participate in this program. Funding is subject to Council budgetary appropriation.

If the employee voluntarily terminates employment with the City after completion of the course (award of degree) and prior to completing **twelve (12) consecutive months of active employment**, the employee will refund a prorated amount of the educational expenses provided to them in the previous twelve months. *For example, if the employee voluntarily terminates their employment with the City three (3) months after completion, the employee would owe the City (12 months – 3 months)/12 or 75 percent of the cost of the course.*

Section 12. Professional Certification Program

Employees may request approval for advance payment of expenses for certification courses and materials. The employee must complete a Certification Expense Agreement with attached documents and submit it to the Department Head. As part of the City of Goldsboro’s Professional Certification Program, the City will agree to advance educational expenses for the employee to attend. In consideration of payment of expenses, the employee agrees to the following:

If the employee is unable to complete the course, the employee shall reimburse the City for expenses paid. An exception may be made for what the City considers extreme extenuating circumstances (such as the employee’s illness or the illness of a family member). If the employee fails to pass the certification exam after the first attempt, the employee will be responsible for any and all future associated expenses. However, the City will refund expenses paid for the final exam upon the employee passing the final exam. If the employee voluntarily terminates employment with the City prior to completing the course, the employee will refund the entire amount of the certification expenses provided to the employee. If the employee voluntarily terminates employment with the City after completion of the course and prior to completing **twelve (12) consecutive months of active employment**, the employee will refund a prorated amount of the educational expenses provided to them. For example, if employee voluntarily terminates their employment with the City three (3) months after completion, the employee would owe the City (12 months-3 months)/12 or 75 percent of the cost of the course.

The Certification Expense Agreement creates no contract of employment between the employee and the City. The employee may terminate employment with the City at any time and the City may terminate the employee’s employment at any time.
(Refer to Appendix B for certification details for approved career advancement)

Section 13. Law Enforcement Separation Allowance

Each eligible sworn Law Enforcement Officer, as defined by G.S. 128-21 (11b) or G.S. 143-166.50 (a) (3), of the City who shall be and remain retired under the provisions of G.S. 128-27(a), shall be eligible for a special separation allowance as provided by G.S. 143-166.42. In order to qualify for the allowance, the Officer shall:

- 1) Have completed 30 years or more of creditable service, or
- 2) Have attained 55 years of age and completed five (5) or more years of creditable service (as the term "creditable service" is defined in G.S. 143-166.41(b); and,

- 4) Have completed at least 5 years of continuous service as a law enforcement officer, as herein defined, with the City immediately preceding a service retirement.

- 1) The death of the Officer;
- 2) The officer attains 62 years of age; or
- 3) The first day of reemployment by a local government employer in any capacity.

Notwithstanding the provisions of subdivision (3) of this subsection, a local government employer may employ retired Officers in a public safety position in a capacity not requiring participation in the Local Governmental Employees' Retirement System, and doing so shall not cause payment to cease to those Officers under the provisions of this section. Once payment is terminated, the Officer shall not be entitled to further special separation allowance unless he/she shall otherwise once again meet the requirements of the applicable statutory language.

Any Officer who is entitled to receive a special separation allowance from the City shall, within five (5) days of any change in his/her employment status, report the same to the Human Resources Department.

NOTE: This Section is revised by Session Law 2009-396, House Bill 816, effective July 23, 2009.

ARTICLE VII. HOLIDAYS AND LEAVES OF ABSENCE

Section 1. Policy

The City may provide vacation, sick leave, and holiday leave to all full-time employees and provide proportionately equivalent amounts to employees having average work weeks of different lengths. Leave balances should be printed on payroll checks or provided to employees with each paycheck, including net accrued sick leave, vacation, compensatory time, etc.

Employees will not be approved for short-notice leave requests that have not been accrued. In no event will vacation, sick leave, holiday time or compensatory leave hours be counted toward the total hours for the purpose of overtime compensation.

Section 4. Holidays: Compensation When Work is Required or Regularly Scheduled Off for Shift Personnel

Employees required to perform work on regularly scheduled holidays may be granted compensatory time off or be paid at their hourly rate for hours actually worked in addition to any holiday pay to which they are entitled. If a holiday falls on a regularly scheduled off-duty day for shift personnel, the employee shall receive the hours for paid holiday leave. Departments with employees working a shift schedule may elect to compensate those employees for working on the true holiday rather than the designated holiday. Holiday pay will be calculated according to the formula in Section 16 of this article. This means employees working a 40-hour week are compensated for an 8-hour holiday; employees working a 42.75-hour week are compensated with an 8.55-hour holiday, and employees working a 56-hour week are compensated with 11.2-hour holiday.

Section 5. Vacation Leave

Vacation leave may be used for rest and relaxation, school appointments, and other personal needs. Employees whose duties require them to collect money from customers may be required to take five (5) consecutive days of vacation each calendar year subject to procedures developed by the Finance Director. Any accrued compensatory time must be used prior to the use of any vacation leave.

If any employee departs from service, payment for all accumulated vacation leave shall be distributed, up to the following maximum amounts:

Employee Status	Maximum Leave Hours

Firefighter	336

Vacation leave may be accumulated without any applicable maximum until December 31 of each year.

Effective the last paid payroll in the calendar year, any excess above 30 work days (the maximum leave hours in Section 10) shall be rolled from vacation to sick leave so that only the maximum hours are carried forward to the first payroll paid in the new calendar year. Active employees are not eligible to receive pay for vacation time not taken.

Employees are cautioned not to retain excess accumulated vacation leave until late in the year. Because of the necessity to keep all functions in operation, large numbers of employees cannot be granted vacation leave at any one time. If an employee has excess leave accumulation during the latter part of the year and is unable to take such leave because of staffing demands, the employee shall receive no special consideration either in having vacation leave scheduled or in receiving any exception to the maximum accumulation.

Section 9. Vacation Leave: Manner of Taking

Employees should request vacation leave two weeks in advance, if time permits. Employees shall be granted the use of earned vacation leave at those times designated by the Department Head which will least obstruct normal operations of the City. Department heads are responsible for ensuring that approved vacation leave does not hinder the effectiveness of service delivery. Vacation may be taken in one-quarter hour increments.

Section 11. Vacation Leave: Payment upon Death

Subject to IRS guideline, the estate of an employee who dies while employed by the City shall be entitled to payment of all the accumulated vacation leave credited to the employee's account. Payments made to the estate may be subject to decedent's executor or administrator obtaining a tax id number for the estate and a copy of the death

certificate. Appropriate IRS forms shall be filed by the employer with the IRS for any such payments made, and it is the responsibility of the executor or administrator to file the appropriate tax forms. The City cannot provide any tax advice to the executor or administrator.

Section 12. Sick Leave

Sick leave is a privilege granted to an employee by the City and not an employee right. Sick leave may be granted to an employee absent from work for any of the following reasons: sickness, bodily injury, temporary disabilities, required physical or dental examinations or treatment, or exposure to a contagious disease, when continuing work might jeopardize the health of others.

Sick leave may be used when an employee must care for a member of his or her immediate family who is ill or needs medical care.

Sick leave may also be used for a death in the immediate family (see below). Up to three days of sick leave may be used for in-state funerals and up to 5 days for out of state funerals. For additional time or other funerals, employees may use vacation or accrued compensatory time.

Sick leave may also be used to supplement Workers' Compensation Disability Leave both during the waiting period before Workers' compensation benefits begin, and afterward to supplement the remaining one third of salary, except that employee may not exceed the regular gross salary amount using this provision.

"Immediate family" shall be defined as spouse, child, parent, brother, sister, grandparent, grandchild, guardian, various combinations of step, half and in-law, and adopted relationships of the employee, and others living in the same household.

Section 13. Sick Leave: Accrual Rate, Accumulation, and Manner of Taking

Sick leave shall accrue at a rate of one day per month of service or twelve days per year; however sick leave for full-time employees working other than the basic 40 hours work schedule shall be pro-rated as described in Article VII, Section 7.

Sick leave requests should be submitted to the employee's supervisor prior to the leave, unless extenuating circumstances prevent the employee from doing so. Failure to so notify the appropriate supervisor within an appropriate time frame may result in disciplinary action.

The minimum amount of sick leave that may be taken is one half hour and leave must be taken in increments of one quarter hour.

Sick leave will be cumulative for an indefinite period of time and may be converted upon retirement to service credit consistent with the provisions of the North Carolina Local

Government Employees' Retirement System.

All sick leave accumulated by an employee shall end and terminate without compensation when the employee resigns or is separated from the City, except as stated for employees retiring or terminated due to reduction in force or sick leave incentive pay.

Any accrued compensatory time must be used prior to the use of any sick leave.

Each full-time employee of the City shall earn sick leave at the following schedule, respectively, prorated by the average number of hours scheduled in the workweek:

<u>Employee Status</u>	<u>Number of Work Week Hours</u>	<u>Sick Days Accrued Each Year</u>	<u>Sick Hours Accrued Each Month</u>
General Employee	40	12	8
Law Enforcement	42.75	15	8.55
Fire	56	18	11.2

Section 14. Transfer of Sick Leave from Previous Employer

The City will accept the transfer of sick leave for employees from other employers who are participants of the North Carolina Local Government or State Employees Retirement System. The sick leave will be treated as though it were earned with the City of Goldsboro. The sick leave amount must be certified by the previous employer. This sick leave may be taken after the employee successfully completes the initial hire probationary period.

Section 15. Sick Leave: Medical Certification

When submitting requests for FMLA, the employee shall submit a physician's certificate to the Occupational Health Nurse or designated official stating the degree of the employee's (or employee's family member's) illness and the employee's capacity to resume duties. The Department Head (or supervisor) shall be responsible for the application of this provision to the end that:

- 1) Employees shall not be on duty when they might endanger their health or the health of other employees; and,
- 2) There will be no abuse of leave privileges.

Section 16. Leave Pro-rated

Holiday, vacation and sick leave earned by full-time employees with fewer or more hours than the basic work week shall be determined by the following formula:

- 1) The number of hours worked by such employees shall be divided by the number of hours in the basic work week (usually 40 hours).
- 2) The proportion obtained in step 1 shall be multiplied by the number of hours of leave earned annually by employees.
- 3) The number of hours in step 2 divided by 12 shall be the number of hours of leave earned monthly by the employees concerned, divided by 52 shall be the number of hours of leave earned per weekly payroll period.

This means, for example, that law enforcement officers scheduled for an annual average 42.75-hour week earn 8.55 hours for each day of sick, vacation, or holiday leave they earn. Fire staff who are scheduled for 56 hours per week earn an average of 11.2 hours for each day of sick, vacation or holiday leave they earn.

Section 17. Family and Medical Leave

The City will grant up to 12 weeks of family and medical leave per twelve months to eligible employees in accordance with the Family and Medical Leave Act of 1993 (FMLA). *This means, for example, that Law Enforcement Officers scheduled for an annual average 42.75-hour week will be entitled to 513 hours; Fire staff who are scheduled for 56 hours per week will be entitled to 672 hours; regular staff who are scheduled for 40 hours per week will be entitled to 480 hours. The 12-month period will be measured forward from the date any employee's first FMLA leave begins. For example, if the employee received FMLA on 9/11/19 and uses the full 12 weeks, the employee is not entitled to FMLA again until 9/11/19.* The leave may be paid (coordinated with the City's Vacation, Compensatory Time and Sick Leave policies), unpaid, or a combination of paid and unpaid. Unpaid leave will be granted only when the employee has exhausted all appropriate types of paid leave. Additional time away from the job beyond the 12-week period may be approved in accordance with the City's Leave without Pay policy.

To qualify for FMLA coverage, the employee must have worked for the employer 12 months or 52 weeks; these do not have to be consecutive. However, the employee must have worked 1,250 hours during the twelve-month period immediately before the date when the FMLA time begins.

When an employee requests Family Medical Leave (FML) or when the employee's department acquires knowledge that an employee leave may be for an FML-qualifying reason, the department shall notify Human Resources of the possibility of FML within 24 hours. The Human Resource Department will provide both the employee and the department notification of the employee's eligibility to take FML within five business days, absent extenuating circumstances.

Designation of Leave as FMLA Leave It is the responsibility of the City to:

- 1) Determine that leave requested is for a FMLA qualifying reason, and,
- 2) Designate leave, whether paid or unpaid, as FMLA leave even when an employee would rather not use any of the FMLA entitlement.

The City must give notice of the designation to the employee within five (5) business days absent extenuating circumstances. The notice may be oral or in writing, but must be confirmed in writing no later than the following payday.

Family and medical leave can be used for the following reasons:

- 1) The birth of a child and in order to care for that child;
- 2) The placement of a child for adoption or foster care;
- 3) To care for a spouse, child, or parent with a serious health condition;
- 4) The serious health condition of the employee; or
- 5) Military exigency.

An employee who takes leave under this policy will return to the same job or a job with equivalent status, pay, benefits, and other employment terms. The position will be the same or one which entails substantially equivalent skill, effort, responsibility, and authority.

A serious health condition is defined as a condition which requires inpatient care at a hospital, hospice, or residential medical care facility, or a condition which requires continuing care by a licensed health care provider. This policy covers illness of a serious and long-term nature resulting in recurring or lengthy absences. Generally, a chronic or long-term health condition which results in a period of incapacity for more than three days would be considered a serious health condition.

If a husband and wife both work for the City and each wishes to take leave for the birth of a child, adoption or placement of a child in foster care, or to care for a parent with a serious health condition, the husband and wife together may only take a total of 12 weeks leave under FMLA.

An employee taking leave for the birth of a child may use paid sick leave for the period of actual disability, based on medical certification. The employee shall then use all accrued compensatory time and vacation leave for the remainder of the 12-week period.

“Military Exigency” is a specific qualifying exigency arising out of the fact that the employee’s spouse, son, daughter, or parent is a military service member (reserve or national guard) under a call or order to federal active duty in support of a contingency operation. Qualifying events are:

- 1) Deployment of service member with seven or fewer days’ notice;
- 2) Military ceremonies and events such as family-assistance or informational programs related to the family member’s active duty or call to active duty;
- 3) Urgent, immediate childcare or arranging for alternative childcare for the children of service members;
- 4) Attending school or daycare meetings relating to the child of service member;
- 5) Making financial or legal arrangements related to a family member’s active duty status or call to active duty; or

- 6) Post-deployment activities for a period of ninety days after the termination of the service member's active duty status.

Military Caregiver Leave: An employee whose spouse, son, daughter, parent or next of kin is a current service member who is undergoing treatment, therapy, recuperation or outpatient treatment or has temporary disability retirement for injury or illness sustained in the line of duty, is eligible for 26 weeks of leave in a single 12-month period. During a single 12-month period, the employee is eligible for a total of 26 weeks of all types of FMLA leave. The request for the use of leave must be made in writing by the employee and approved by the Department Head or City Manager.

NOTE: Serious health condition (U.S. Department of Labor, Wage and Hour Division)

What is a serious health condition?

The most common serious health conditions that qualify for FMLA leave are:

1. Conditions requiring an overnight stay in a hospital or other medical care facility; conditions that incapacitate the employee or the employee's family member (for example, unable to work or attend school) for more than three consecutive days and have ongoing medical treatment (either multiple appointments with a health care provider, or a single appointment and follow-up care such as prescription medication);
2. Chronic conditions that cause occasional periods when the employee or his/her family member are incapacitated and require treatment by a health care provider at least twice a year; and,
3. Pregnancy (including prenatal medical appointments, incapacity due to morning sickness, and medically required bed rest).

Section 18. Medical and Family Leave - Certification

In order to qualify for leave under this law, the City requires an FMLA Medical Form or other certification. For medical certification, the statement from the employee's or the family member's physician should include the date when the condition began, its expected duration, diagnosis, and brief statement of treatment. For the employee's own health condition, it should state that the employee is unable to perform the essential functions of his/her position. For a seriously ill family member, the certification must include a statement that the patient requires assistance and the employee's presence would be beneficial or desirable.

This certification should be furnished at least 30 days prior to the needed leave unless the employee's or family member's condition is a sudden one. The certification should be furnished as soon as possible (no longer than 15 days from the date of the employee's request). The certification and request must be made to the Department Head and filed with the Human Resources Office.

The employee is expected to return to work at the end of the time frame stated in the medical certification, unless he/she has requested additional time in writing under the City's Leave Without Pay policy.

For Military exigency leave, a copy of active duty orders or other documentation is required including facts supporting the employee's need for leave; the approximate starting date on which the qualifying exigency began or will begin; the beginning and ending dates of the absence for which the employee is requesting the leave; and if the employee is meeting with a third party, identifying contact information for the third party and a description of the meeting's purpose.

Section 19. Family Medical Leave and Leave Without Pay: Retention and Continuation of Benefits

When an employee is on leave under FMLA (maximum of 12 weeks in a year), the City will continue the employee's health benefits during the leave period at the same level and under the same conditions as if the employee had continued to work. If an employee chooses not to return to work for reasons other than a continued serious health condition, the City will require the reimbursement of the amount paid for the employee's health insurance premium during the FMLA leave period.

Other insurance and payroll deductions are the responsibility of the employee and the employee must make those payments for continued coverage of that benefit.

An employee shall retain all unused vacation and sick leave while on Leave Without Pay. An employee ceases to earn leave credits on the date leave without pay begins. An employee who is on approved leave without pay may continue to be eligible for benefits under the City's group insurance plans at his or her own expense, subject to any regulation adopted by the City Council and the regulations of the insurance carrier.

An employee who is using accrued sick leave may receive paid health insurance.

Section 20. Leave Without Pay

A full-time employee may be granted a leave of absence without pay for a period of up to three months by the City Manager. Other than the reasons specified for Family Medical Leave and military commitment, the leave may be used for reasons of continuation of education, special work that will permit the City to benefit by the experience gained or the work performed, or for other reasons deemed justified by the City Manager.

The employee shall apply in writing to the supervisor for leave. The employee is obligated to return to duty within or at the end of the time determined appropriate by the City Manager. Upon returning to duty after being on leave without pay, the employee shall be entitled to return to the same position held at the time leave was granted or to one of like classification, seniority, and pay. If the employee decides not to return to work, the supervisor shall be notified immediately. Failure to report at the expiration of

a leave of absence, unless an extension has been requested, shall be considered a resignation.

Leave Without Pay (unpaid leave) may be granted **only** when the employee has exhausted all appropriate types of paid leave with the exception of Workers Compensation, Short Term Disability, military commitment and for adverse weather and emergency conditions.

While in a Leave Without Pay status, an employee shall not earn or accrue sick and vacation hours.

Section 21. Workers' Compensation Leave

An employee absent from duty because of sickness or disability covered by the North Carolina Workers' Compensation Act may elect to use accrued sick leave, vacation, or compensatory time during the first waiting period. The employee may also elect to supplement workers' compensation payments after they begin with sick leave, vacation, or compensatory time, provided that the combination of leave supplement and workers' compensation payments does not exceed normal compensation. An employee on workers' compensation leave may be permitted to continue to be eligible for benefits under the City's group insurance plans. When workers' compensation leave extends long enough for the waiting period to be reimbursed, the employee shall return the reimbursement check to the City and have leave hours re-instated for all time covered by paid leave. In such cases, the City will pay the employee for any unpaid time that is owed the employee.

1. All injuries arising out of, and during, the course of employment should be reported by the injured employee to the immediate supervisor as soon as possible. The supervisor or department head shall file an injury report to the Safety Officer immediately. The employee must use sick leave or vacation leave for the first seven (7) days of disability. These days will be reimbursed only if the disability continued for more than twenty-one (21) days.
2. Before returning to work, a statement from the attending physician should be submitted to the Human Resources Director giving permission for the employee to resume regular duties.
3. Upon return to work, the employee's salary will be computed on the basis of the last salary plus any merit increment or other salary increase to which the employee would have been entitled during the disability covered by Workers' Compensation. While receiving workers' compensation benefits, an employee continues to earn vacation leave, sick leave, and will retain all accumulated sick or vacation leave.

This provision also applies to reactions to small pox vaccinations administered to City employees under Section 304 of the Homeland Security Act. Such reactions shall be treated the same as any other worker's compensation claim as regards leave and salary

continuation.

Section 22. Military Leave

This section relates to Military Leave which is limited to 2 or 3 weeks per year. When employees are called for active duty, the City will follow all federal regulations including USERRA related to job, wage, and benefits protections.

Regular employees who are members of an Armed Forces Reserve organization or National Guard shall be granted two calendar weeks per year and up to three weeks when required for military leave with pay. On rare occasions due to annual training being scheduled on a federal fiscal year basis, an employee may be required to attend two periods of training in one calendar year. For this purpose only, an employee shall be granted an additional ten days of military leave during the same calendar year. The effect will be to maintain the employee's salary at the normal level during this period. If such duty is required beyond the ten workdays, the employee shall be eligible to take accumulated vacation leave or be placed in a leave without pay status, and the provisions of that leave shall apply. While taking military leave, the employee's leave credits and other benefits shall continue to accrue as if the employee physically remained with the City during this period. Employees who are eligible for military leave have all job rights specified by the Vietnam Veterans Readjustment Act and USERRA.

If the compensation received while on military leave is less than the salary that would have been earned during this same period as a City employee, the employee shall, for a maximum period of three months, receive partial compensation equal to the difference in base salary earned as a reservist or guardsman and the salary that would have been earned during this same period as a City employee. The effect will be to maintain the employee's salary at the normal level during this period.

Section 23. Reinstatement Following Active Duty Military Service

The City will fully comply with the requirements of USERRA and other related federal regulations. An employee called to extended active duty with the United States military forces, who does not volunteer for service beyond the period for which called, shall be reinstated with full benefits provided the employee:

- 1) Applies for reinstatement within ninety days after the release from military service; and
- 2) Is able to perform the duties of the former position or similar position; or
- 3) Is unable to perform the duties of the former position or a similar position due to disability sustained as a result of the military service, but is able to perform the duties of another position in the service of the City. In this case, the

employee shall be employed in such other position as will provide the nearest approximation of the seniority, status, and pay which the employee otherwise would have been provided, if available.

Section 24. Civil Leave

A City employee called for jury duty or as a court witness for the federal or state governments, or a subdivision thereof, shall receive leave with pay for such duty during the required absence without charge to accumulated leave. The employee may keep any compensation received for jury or witness duty in addition to regular compensation. While on civil leave, benefits and leave shall accrue as though on regular duty.

Section 25. Parental School Leave

A City employee who is a parent, guardian, or person standing in loco parentis (in place of the parent) may take up to four hours of paid leave (vacation or accrued compensatory leave) or unpaid leave annually to involve him or herself in school activities of his or her child(ren). Any accrued comp time will be used prior to the use of vacation or sick leave. This leave is subject to the three following conditions:

- 1) The leave must be taken at a time mutually agreed upon by the employee and the City;
- 2) The City may require the employee to request the leave in writing at least 48 hours prior to the time of the desired leave; and
- 3) The City may require written verification from the child's school that the employee was involved at the school during the leave time.

Section 26. Volunteer Service Leave

The City of Goldsboro recognizes the impact of volunteer services and is committed to supporting employee involvement within community service organizations and educational institutions to benefit and sustain the quality of life of our citizens, employees and community.

With supervisory approval, the City will grant up to 12 hours of volunteer service leave per calendar year to serve at a City designated volunteer agency(ies). Any regular full-time employee with one year of employment with the City is eligible for volunteer leave.

Procedures:

- 1) Volunteer service leave must be requested in advance and requires supervisory approval and verification of service. [Access here for the Volunteer Service](#)

Leave Form

- 2) Prior to the activity, an employee requesting volunteer service leave must submit to his/her immediate supervisor a completed Volunteer Record Form indicating the volunteer agency's name and contact information, date, number of hour(s) and identifying the respective strategic plan goal.
- 3) Upon return from the approved volunteer service, the employee must verify the actual amount of volunteer leave used which may include reasonable travel time to and from the destination. If the approved volunteer service time exceeds 12 hours in the calendar year, the employee shall apply the remaining hours toward another appropriate leave category, i.e., comp time, vacation leave or leave without pay. When applying leave, comp time shall be used prior to the use of any vacation leave for the purposes of this section. The supervisor must update the remaining entries on the Volunteer Record Form and forward original forms to Human Resources. The original forms are maintained with the employee's timesheet records.
- 4) If the employee fails to verify the actual amount of leave used, then no volunteer service leave will be issued and the employee may record another leave category as described in the preceding paragraph.
- 5) Approved and unused volunteer service leave is not compensable, does not accrue, and may not be used beyond four (4) hours per month.
- 6) The Human Resources Director will generate and maintain an Annual Volunteer Leave Usage Summary report to reflect the total usage of volunteer service leave by each department.

Responsibility:

- 1) It is the responsibility of the City's Department Directors and Supervisors to uniformly administer, communicate and ensure compliance.
- 2) It is the responsibility of the Human Resources Director to interpret, monitor and update the policy content.
- 3) It is the responsibility of each employee to comply with the Volunteer Service Leave policy guidelines.
- 4) Any violation or policy misuse will result in disciplinary action up to and including dismissal.

Section 27. Educational Leave

The City Manager may grant educational leave to an employee. Educational leave may

be granted with pay to an employee, such as not to impede upon the operations of the department during regular work hours, and is limited to one course at a time (per semester, quarter, etc.).

Section 28. Adverse Weather and Emergency Conditions Policy

The City has responsibility for providing emergency services. Adequate staff is required to operate these critical services seven days per week and 24 hours per day in all weather. Department Heads should designate which staff in essential positions are required to report to work regardless of weather or other hazardous conditions.

The adverse weather/hazardous conditions policy is established to be as fair as possible to all employees applying the following principles:

1. Maintain adequate staffing at all times of emergency services;
2. Provide for as much safety as possible for all employees in traveling to and from work in hazardous conditions; and,
3. Not pay regular salaries to some employees for *not working* when others are required to be at work.

City offices and departments shall remain open for the full scheduled working day unless authorization for closing or other deviation is received from the City Manager's office. The City Manager will consider the hazard of driving conditions and other relevant factors in determining whether to close City offices. All departments and offices will be given sufficient advance notice of any authorized closing of non-critical City functions.

Upon authorizing a closing, non-critical staff who do not get paid may use vacation, earned compensatory time, or time without pay for the hours not worked.

Essential staff required to report for emergency situations should make preparations for care of family and personal needs to allow them to report for duty when required. Any employee in a position designated as essential who does not report to work as directed by the City Manager or appropriate department head will be subject to disciplinary action.

Employees on previously scheduled leave or who call in sick prior to designation of closing, will be charged the normal scheduled hours in leave for the day.

Section 29. Voluntary Shared Leave

Voluntary Shared Leave provides an opportunity for employees to assist another affected by a medical condition that requires absence from duty for a prolonged period of time resulting in possible loss of income due to lack of accumulated leave.

Non-qualifying conditions: The policy shall not ordinarily apply to short-term or sporadic conditions or illnesses. This would include such things as sporadic, short-term recurrences of chronic allergies or conditions; short-term absences due to contagious diseases; or short-term recurring medical or therapeutic treatments. These examples are illustrative, not all inclusive. Each case must be examined and decided based on its conformity to policy intent and must be handled consistently and equitably.

- 6) If donating sick or vacation leave, the donation cannot cause the employee's current sick or vacation leave balance to fall below 75 hours
- 7) If an employee requests 160 hours/80 hours (maximum allowed) and uses only 75 hours/37.5 hours, the remaining unused sick leave shall be returned to the donor(s) on a prorated basis and credited to the sick/vacation leave account from which it originally came. Employees who are separated because of a reduction in force shall be given at least two weeks' notice of the anticipated action. No regular employee shall be separated because of a reduction in force while there are temporary or probationary employees serving in the same class in the department, unless the regular employee is not willing to transfer to the position held by the temporary or probationary employee.

Section 4. Disability

Employees who cannot perform the required duties because of a physical or mental impairment may be separated for disability. Action may be initiated by the employee or the City. In cases initiated by the employee, such action must be accompanied by medical evidence acceptable to the City Manager. The City may require an examination, at the City's expense,

performed by a physician of the City's choice. The City will make reasonable accommodation whenever possible for employees with disabilities.

An employee in good standing who is separated due to a reduction in force shall be given the first opportunity to be rehired in the same or a similar position.

ARTICLE IX. UNSATISFACTORY JOB PERFORMANCE AND DETRIMENTAL PERSONAL CONDUCT

Section 1. Disciplinary Action for Unsatisfactory Job Performance

A regular employee may be placed on disciplinary suspension, demoted, or dismissed for unsatisfactory job performance, if after following the procedure outlined below, the employee's job performance is still deemed to be unsatisfactory. - 10) Failure to maintain required license(s) and/or certification(s).

Section 3. Communication and Warning Procedures Preceding Disciplinary Action for Unsatisfactory Job Performance

When an employee's job performance is unsatisfactory, or when incidents or inappropriate actions warrant, the supervisor should meet with the employee as soon as possible in one or more counseling sessions to discuss specific performance problems.

A brief summary of these counseling sessions should be noted in the employee's file by the supervisor. An employee whose job performance is unsatisfactory over a period of time should normally receive at least two counseling sessions followed with written warnings from the supervisor before disciplinary action is taken. In each case, the supervisor should record the dates of discussions with the employee, the performance deficiencies discussed, the corrective actions recommended, and the time limits set. If the employee's performance continues to be unsatisfactory, then the supervisor should use the following steps:

- 1) A final counseling session followed by a written warning from the supervisor serving notice upon the employee that corrected performance must take place immediately in order to avoid suspension, demotion, or dismissal.
- 2) If performance does not improve, a written recommendation should be sent to the department head or City Manager for disciplinary action such as suspension, demotion, or dismissal.

Disciplinary suspensions for nonexempt employees should not exceed 80 hours. Disciplinary suspensions for exempt employees should be in four (4) hour increments in order to retain the exempt status under FLSA. Copies of all disciplinary actions must be sent to the Human Resource Office for placement in the employee's personnel file. Access the city's website for the Disciplinary Action Form.

Section 4. Disciplinary Action for Detrimental Personal Conduct

With the approval of the City Manager, an employee may be placed on disciplinary suspension, demoted, or dismissed without prior warning for causes relating to personal conduct detrimental to City service in order to: 1) avoid undue disruption of work; 2) to protect the safety of persons or property; or 3) for other serious reasons.

Section 5. Detrimental Personal Conduct Defined

Detrimental personal conduct includes behavior of such a serious nature that the functioning of the City may be or has been impaired; the safety of persons or property may be or have been threatened; or the laws of any government may be or have been violated. Examples of detrimental personal conduct include, but are not limited to, the following:

- 1) Fraud or theft;
- 2) Conviction of a felony or the entry of a plea of nolo contendere thereto;
- 3) Falsification of records for personal profit, to grant special privileges, or to obtain employment;
- 4) Willful misuse or gross negligence in the handling of City funds;
- 5) Willful or wanton damage or destruction to property;
- 6) Willful or wanton acts that endanger the lives and property of others;
- 7) Possession of unauthorized firearms or other lethal weapons on the job;
- 8) Brutality in the performance of duties;
- 9) Reporting to work under the influence of alcohol or drugs or partaking of such while on duty. Prescribed medication may be taken within the limits set by a physician as long as medically necessary;
- 10) Engaging in incompatible employment or serving a conflicting interest;
- 11) Request or acceptance of gifts in exchange for favors or influence;
- 12) Engaging in political activity prohibited by this policy;
- 13) Harassment of an employee or the public with threatening or obscene language and/or gestures;
- 14) Harassment of an employee(s) and/or the public on the basis of sex or any other protected class status;
- 15) Stated refusal to perform assigned duties or flagrant violation of work rules and regulations;
- 16) Disclosure of confidential information;
- 17) Insubordination - an employee willfully disobeys or disregards a superior's legitimate directive; abusive language by employees toward supervisors and others; or,
- 18) Inharmonious work environment – an employee displaying unproductive

behaviors such as promoting rumors, bad-mouthing others and other demeaning behaviors distracting from a positive working environment.

Section 6. Pre-dismissal Conference.

Before dismissal action is taken, whether for failure in personal conduct or failure in performance of duties, the City Manager, department head, or Human Resources Director will conduct a pre-dismissal conference. At this conference, the employee may present any response to the proposed dismissal to the City Manager, department head, or Human Resources Director. This will be taken into consideration prior to the final decision. If the employee is dismissed, the notice shall contain a statement of the reasons for the action and the employee's appeal rights under the City's grievance procedure.

Section 7. Non-Disciplinary Suspension

During the investigation, hearing, or trial of an employee on any criminal charge, or during an investigation related to alleged detrimental personal conduct, or during the course of any civil action involving an employee, when suspension would in the opinion of the Department Head be in the best interest of the City, the Department Head may suspend the employee for part or all of the proceedings as a non-disciplinary action. In such cases, the Department Head may:

- 1) Temporarily relieve the employee of all duties and responsibilities and place the employee on paid or unpaid leave for the duration of the suspension, or,
- 2) Assign the employee new duties and responsibilities and allow the employee to receive such compensation as is in keeping with the new duties and responsibilities.

If the employee is reinstated following the suspension, such employee shall not lose any compensation or benefits to which otherwise the employee would have been entitled had the suspension not occurred.

If the employee is terminated following suspension, the employee shall not be eligible for any pay from the date of suspension.

ARTICLE X. GRIEVANCE PROCEDURE AND ADVERSE ACTION APPEAL

Section 1. Policy

It is the policy of the City to provide a just procedure for the presentation, consideration, and disposition of employee grievances. The purpose of this article is to outline the procedure and to assure all employees that a response to their complaints and grievances will be prompt and fair.

Employees utilizing the grievance procedures shall not be subjected to retaliation or any form of harassment from supervisors or employees for exercising their rights under this policy. Supervisors or other employees who violate this policy shall be subject to disciplinary action up to and including dismissal from City service.

Section 2. Grievance Defined

A grievance is a claim or complaint by an employee based upon an event or condition which affects the circumstances under which an employee works and is allegedly caused by misinterpretation, unfair application, or lack of established policy pertaining to employment conditions.

Section 3. Purposes of the Grievance Procedure

The purposes of the grievance procedure include, but are not limited to:

- 1) Providing employees with a procedure by which their complaints can be considered promptly, fairly, and without reprisal;
- 2) Encouraging employees to express themselves about the conditions of work which affect them as employees;
- 3) Promoting better understanding of policies, practices, and procedures which affect employees;
- 4) Increasing employees' confidence that personnel actions taken are in accordance with established, fair, and uniform policies and procedures;
- 5) Increasing the sense of responsibility exercised by supervisors in dealing with their employees.
- 6) Encouraging conflicts to be resolved between employees and supervisors who

must maintain an effective future working relationship, and therefore, encouraging conflicts to be resolved at the lowest level possible of the chain of command through collaboration and/or mediation; and

- 7) Creating a work environment free of continuing conflicts, disagreements, and negative feelings about the City or its leaders, thus freeing up employee motivation, productivity, and creativity.

Section 4. Procedure

When an employee has a grievance, the following successive steps are to be taken. The number of calendar days indicated for each step should be considered the maximum unless otherwise provided, and every effort should be made to expedite the process. However, the time limits set forth may be extended by mutual consent. The last step initiated by an employee shall be considered to be the step at which the grievance is resolved. A decision to rescind a disciplinary suspension, demotion or dismissal must be approved by the City Manager before the decision becomes effective.

Informal Resolution. Prior to the submission of a formal grievance, the employee and supervisor should meet to discuss the problem and seek to resolve it informally. Either the employee or the supervisor may involve the Human Resources Department as a resource to help resolve the grievance. Mediation may be used at any step in the process and is encouraged. Mediation is the neutral facilitation of the conflict between or among parties where the facilitator helps the parties find a mutually agreeable outcome. The mediator should be a party agreed upon by all parties to the grievance. Mediation will not occur if a mediator cannot be agreed upon.

Step 1. If no resolution to the grievance is reached informally, the employee who wishes to pursue a grievance shall present the grievance to the appropriate supervisor (the person who took the action which created the grievance issue, could be immediate supervisor, division head, department head, etc.) in writing. The grievance must be presented within seven calendar days of the event or within seven calendar days of learning of the event or condition. The written grievance should identify the action that is deemed unfair and the reason the grieving employee believes it to be unfair. The supervisor shall respond to the grievance within seven calendar days after receipt of the grievance. The supervisor should, and is encouraged to, consult with any employee of the City in order to reach a correct, impartial, fair and equitable determination or decision concerning the grievance. Any employee consulted by the supervisor is required to cooperate to the fullest extent possible.

The response from the supervisor for each step in the formal grievance process shall be in writing and signed by the supervisor. In addition, the employee shall sign a copy to acknowledge receipt thereof. The responder at each step shall send copies of the grievance and response to the Human Resources Director.

Step 2. If the grievance is not resolved by the first level supervisor to the satisfaction of the employee by the supervisor, the employee may appeal in writing to the next level supervisor (Division Head, Department Head, City Manager, etc.) within seven calendar days after receipt of the response from Step 1. The next level supervisor shall respond to the appeal stating the determination of decision within seven calendar days after receipt of the appeal.

Step 3. If the grievance is not resolved to the satisfaction of the employee at the end of Step 2, the employee may appeal, in writing, to the City Manager within seven calendar days after receipt of the response from Step 2. The City Manager shall respond to the appeal, stating the determination of decision within ten calendar days after receipt of the appeal. The City Manager's decision shall be the final decision. The City Manager would notify the City Council of any impending legal action.

Department Heads. In the case of department heads or other employees where the City Manager has been significantly involved in determining disciplinary action, including dismissal, the City may wish to obtain a neutral outside party to either:

- 1) Provide mediation between the grieving department head and the City Manager (see definition of mediation in informal resolution above); or
- 2) Consider the appeal and make recommendations back to the City Manager concerning the appeal. Such parties might consist of human resource professionals, attorneys, mediators, or other parties appropriate to the situation.

The City Manager's decision shall be the final decision. The City Manager shall notify the City Council of any impending legal action.

Section 5. Role of the Human Resources Director

Throughout the grievance procedure, the Human Resources Director shall:

- 1) Advise parties (including employee, supervisors, and City Manager) of their rights and responsibilities under this policy, including interpreting the grievance and other policies for consistency of application;
- 2) Be a clearinghouse for information and decisions in the matter including maintaining files of all grievance documents;
- 3) Give notices to parties concerning timetables of the process, etc.;
- 4) Assist employees and supervisors in drafting statements;
- 5) Facilitate the resolution of conflicts in the procedures or of the

grievance at any step in the process; and,

- 6) Help locate mediators, outside parties, or other resources as needed.

The Human Resources Director shall also determine whether or not additional time shall be allowed to either side in unusual circumstances if the parties cannot agree upon extensions when needed or indicated.

Section 6. Grievance and Adverse Action Appeal Procedure for Discrimination

When an employee, former employee, or applicant, believes that any employment action discriminates illegally (i.e. is based on age, sex, race, color, national origin, religion, creed, political affiliation, or non-job related handicap), he or she has the right to appeal such action using the grievance procedure outlined in this Article (Section 4 above). While such persons are encouraged to use the grievance procedure, they shall also have the right to appeal directly to the Human Resources Director, Assistant City Manager, City Manager, or other designee. Employment actions subject to appeal because of discrimination include promotion, training, classification, pay, disciplinary action, transfer, layoff, failure to hire, or termination of employment. An employee or applicant should appeal an alleged act of discrimination within thirty calendar days of the alleged discriminatory action, but may appeal for up to six months following the action.

ARTICLE XI. DRUG AND ALCOHOL TESTING

Section 1. Purpose

The City of Goldsboro maintains a drug and alcohol-free work environment to promote effective, efficient, and safe operations. Drug and alcohol tests will be administered in accordance with the City's Drug and Alcohol Testing procedures described in Appendix E. Employees with substance-abuse problems are encouraged to voluntarily seek help from the Employee Assistance Program.

All testing will be conducted in a manner that will protect the rights of employees and applicants subject to testing. Therefore, the City of Goldsboro will take all necessary steps to safeguard the dignity and self-esteem of those being tested, and will follow all procedures pertaining to the implementation of this Policy. The City of Goldsboro will adhere strictly to all standards of confidentiality and assure all employees that testing records and results will be released only to those authorized to receive such information.

ARTICLE XII. TOBACCO FREE POLICY

Section 1. Purpose

The purpose of this policy is to protect the health of individuals in public places and places of employment and riding in City government vehicles from the risks related to secondhand smoke. The North Carolina General Assembly finds that secondhand smoke has been proven to cause cancer, heart disease, and asthma attacks in both smokers and nonsmokers. In 2018, a report issued by the United States Surgeon General stated that the scientific evidence indicates that there is no risk-free level of exposure to secondhand smoke. Preferences of both nonsmokers and smokers should be considered, whenever possible. However, when conflict arises, the health and consideration of nonsmokers should come first. Since the City of Goldsboro is dedicated to the provision and maintenance of a healthy and safe work environment for all of its employees, the use of all tobacco products is prohibited in all City facilities and vehicles.

Section 2. Objective

As a responsible business and employer, the City of Goldsboro has implemented the following policy for City facilities and vehicles (leased and/or owned).

- 1) To establish the City's policy concerning the use of tobacco products. This includes cigarettes, e-cigarettes, cigars, pipes or chewing tobacco.
- 2) To establish a uniform tobacco free workplace environment for all City employees.
- 3) To promote health-awareness and improve the health of City employees.
- 4) The use of tobacco products will not be permitted in buildings owned or in space leased by the City. These buildings include but are not limited to, City Hall, City Hall Annex, Police/Fire Complex, to include all fire and police substations, Public Works Complex, DGDC office, Goldsboro Event Center, Golf Course, Herman Park Center and Office Complex; Parks Maintenance Complex; Paramount Theatre; WA Foster Center and all other interior recreation facilities and offices; Wastewater Treatment Plant, Compost Facility and Water Treatment Plant.
- 5) "No Smoking" areas shall be clearly identified and designed both to reduce safety hazards and protect the health of individuals. Signs shall be conspicuously posted that clearly state that smoking is prohibited. The signs may include the international "No Smoking" symbol. It is essential that no-smoking regulations be observed.

- 6) The use of tobacco products will be allowed outside except where restricted by safety considerations. Where smoking is allowed, employees are required to use ashtrays or similar receptacles to guard against fire and maintain good housekeeping. Cooperation is most important in this regard.

On January 1, 2009, the North Carolina General Assembly gave local governments' statutory authority, per NC General Statute 130A-498(5), to prohibit smoking in locally owned, leased or otherwise controlled vehicles. As a responsible business and employer, the City of Goldsboro has implemented the following policy regarding city vehicles:

- 1) Smoking is prohibited inside all City vehicles (leased and/or owned).
- 2) The individual or the individual's designee in charge of assigning vehicles shall place one or more signs in conspicuous areas of the vehicle.
- 3) The signs shall state that "smoking is prohibited" and may include the international "No Smoking" symbol.

Section 3. Compliance

All employees are responsible for ensuring compliance with this policy. Compliance is expected and will be sought with compassion, tact, and the exercise of good judgment. All employees, particularly supervisors, share in the responsibility of adhering to and enforcing this policy. Employees who violate the provisions as outlined will be subject to disciplinary action, up to and including dismissal.

ARTICLE XIII. RECORDS AND REPORTS

However, the official having custody of the personnel records may release the name, address, and telephone number from a personnel file for the purpose of assisting in a criminal investigation.
- 6) An employee may sign a written release to be placed in his/her personnel file that permits the record custodian to provide, either in person, by telephone, or by mail, information specified in the release to prospective employers, educational institutions, or other persons specified in the release.

any person of the employment, non-employment, promotion, demotion, suspension or other disciplinary action, reinstatement, transfer, or termination of a City employee, and the reasons for that action. Before releasing that information, the City Manager shall determine in writing that the release is essential to maintaining the level and quality of City services. The written determination shall be retained in the City Manager's office, is a record for public inspection, and shall become a part of the employee's personnel file.

Any documents not contained in these files or maintained as designated by the Human Resources Director is not an official part of the personnel file.

Departments are required to complete personnel action forms for Human Resources and City Manager approval prior to any personnel action becoming valid.

Section 4. Records of Former Employees

The provisions for access to records apply to former employees as they apply to present employees.

Section 5. Remedies of Employees Objecting to Material in File

Statutes.

Section 7. Destruction of Records Regulated

- 3) If an employee alleges that, because of medical reasons, he or she is unable to provide a sufficient amount of breath to permit a valid breath test, the breath alcohol technician shall instruct the employee a second time to attempt to provide an adequate amount of breath. If the employee continues to allege an inability to provide a sufficient amount of breath for the test, the department shall be notified that the employee has refused to be tested. The employee will be directed to obtain, as soon as practicable after the attempted provision of breath, an evaluation from a licensed physician acceptable to the City of Goldsboro addressing the employee's medical inability to provide the adequate amount of breath.  - e. Which staff member in the department will be allowed to have access and provide content updates for the proposed social media site?
 - f. What are the estimated number of hours that will be dedicated to maintenance and content management of the proposed social media site?
 - g. Approximately how often will posts be made to the proposed social media site?
 - h. How will a link back to the City's official website, www.goldsboronc.gov, be provided on the proposed social media site?
 - i. Provide any other information you feel will be helpful in sharing the vision for the proposed social media site to help the Public Information Officer make an informed decision regarding the request for approval of the use of the proposed site.
- 3) Each City social media site shall clearly identify the site as an official City site.
- 4) Content posted on the City's social media sites must reflect the City's official position, not an employee's personal view.
- 5) The designated social media site content manager can be any department employee approved by the Department director, who has a complete understanding of this policy and appropriate content

management and technical experience to properly maintain the site.

- 6) The administrators of City-approved social media sites are responsible for direct coordination with subject matter experts within the City of Goldsboro to resolve issues or requests made by the public concerning City-related issues. Questions, concerns and other issues not related to the City will be referred to the appropriate organizations, to the best of the administrators' abilities.
- 7) The Public Information Officer and one designated member of the Information Technology Department will have administrative privileges to all City-approved social media sites for contingency purposes. However, nothing will be posted on any department's social media sites without prior approval or coordination with the appropriate department social media manager.
- 8) Official City of Goldsboro social media platforms that have a single login account should be set up using a City email address. Examples: Twitter, Pinterest, and Instagram.
- 9) Master account information is maintained by the Information Technology Department.
- 10) Site administrators should take appropriate steps to minimize security risks in order to prevent fraud or unauthorized access to social media sites. Some suggested security measures and directions are available on the City's Intranet site.

All sites, when possible, must include the following disclaimer, stating "Correspondence to and from this site may be subject to the North Carolina Public Records Law and can be disclosed to third parties."
- 12) The content and records maintenance of each City social media site shall be the responsibility of the department producing and using these sites. The department head or the department representative should contact the Information Technology Department to make sure backups are being performed appropriately on all sites.
- 13) City social media sites must be "family-friendly." Do not delete or erase comments without established guidelines posted on the site, when possible.

Violation of the following is cause for deletion of the offending material from the social media site:

- 14) Continued violation of any of the above-stated information will be cause for blocking or banning an individual from City social media sites. Only comments that violate the terms set forth above should be deleted. A comment may not be deleted simply because it is deemed to be negative. If the comment is a complaint about City services and a solution can be offered, a response should be given on the site so other followers can see they can come to our social media channels for answers and assistance.
- 15) All statements and questions do not necessitate a response and administrators will use their judgement, based on guidance provided in this policy, to determine where responses are needed. This refers primarily to how, when and if they respond to determined detractors. Determined detractors are defined as persistent critics of an organization who are seemingly mounting their own public relations campaign against a particular topic or organization. While there is merit to monitoring determined detractors' posts and responding to some of them, there is equal merit in not responding to rants or attempting to get into a public argument or debate with those types of individuals. Always remember to keep to the moral high ground when dealing with determined detractors on your site. This is a judgement call that falls on the social media site administrator. If in doubt, contact the Public Information Officer.
- 16) Where appropriate, Information Technology (IT) Department security policies shall apply to all City social media sites.
- 17) The department responsible for its social media site must secure (or set privacy settings for) each social media site so that only City employees assigned by the applicable department can post to the site. The sites can allow others, such as members of the public, to post comments or other visitor-generated content directly to the site.

- 18) Crisis management - What steps to take if your account is hacked:
- a. Immediately notify the Information Technology Department and Public Information Officer.
 - b. Do not try to regain access to the account until instructed by IT.
 - c. Change the password once access to the account is obtained.

 - h. City social media administrators are encouraged to scan external media sites for potential use and posting of select content on sites. Posting links to positive stories written by external media outlets is encouraged, and appropriately provided the content helps the City reach its strategic communication objectives and is posted in a way that clearly gives the external media outlet credit for its product.
- 20) Any department or division that creates and uses official City social media platforms must join the Communications Liaison Group. Department directors must send a designee to attend all meetings. This group will meet at least quarterly and more often as needed.
- 21) Whenever possible, provide links to the City's official website for more information, forms, documents or online services necessary to conduct business with the City of Goldsboro.

- 22) City social media sites must adhere to the City's Branding and Corporate Identity Policy set forth by the city's branding policy. Any exceptions will be made on a case- by- case basis.

Use of Social Media as a City Employee on City Sites

Employees who manage City social media platforms should adhere to the following guidelines, realizing that their comments could have serious repercussions on the City's image and ability to provide quality services to our residents:

- 13) Employees should add value to the City through their social media interaction and provide worthwhile information and perspective in a respectful and professional manner.
- 14) Employees are encouraged to cross-promote information from other City-sponsored social media sites and in some cases, from external sites, where it helps to promote the City's objectives.
- 15) Use of social media that involves any kind of criminal activity or harms the rights of others may result in criminal prosecution or civil liability to those harmed or both.
- 16) No employee shall use social media as a platform to engage in any political or partisan activity.

Use of Social Media on Personal Sites

The City of Goldsboro fully supports the right of employees to maintain personal web pages and a social media presence while not on duty. Employees are encouraged to represent themselves and the City in a positive manner and adhere to the City of Goldsboro's personnel policy. In personal use, the employee is speaking as an individual and not on behalf of the City of Goldsboro.

The following is provided as guidance for those who do maintain a personal social media presence:

An employee's use and comments made on social media sites are subject to limited First Amendment protections. As a public employee, use of social media is considered an extension of the workplace as it relates to employee conduct.

As a City employee, personal use of social media is subject to these guidelines:

- 1) Where personal use is related to a matter of public concern, it must be conducted in such a manner that a reader would not think the employee is speaking for or on behalf of the City.

- 2) Employees must comply with City policies, including but not limited to the City's Internet Access Policy.
- 3) Employees should exercise sound judgment and discretion so as not to reflect adversely on the City in contributing to social media sites.
- 4) Do not provide or disclose the City of Goldsboro or any other organization's or individual's non-public, confidential, or other proprietary information.
- 5) Do not discuss work-related legal proceedings or controversies, including communications with the City of Goldsboro's attorneys.
- 6) Do not disclose confidential personal information obtained by virtue of one's position with the City (i.e., department heads, supervisors, committee members, etc.).
- 7) Personal use of social media may not violate or infringe upon the right of any other person or entity or constitute a criminal offense or create civil liability.
- 8) Personal use of social media while on duty, including during breaks, must not be excessive such that it interferes with the employee's work or work of others.

Public Information Officer/Information Technology

The Public Information Officer, in coordination with the Information Technology Department will:

- 1) Oversee the City's social media effort, led by the Department's social media manager.
- 2) Routinely monitor content on the City's social media sites to ensure adherence to the Social Media Policy. Messaging should be consistent with the strategic goals of the City of Goldsboro.
- 3) Conduct a performance review of all City-wide social media sites on a quarterly basis. Sites that do not appear to be properly maintained will be considered for deactivation. If it is necessary to take this step, the Public Information Officer will coordinate directly with the appropriate department director prior to taking any action.
- 4) Provide training to all City social media administrators regarding the terms of this social media policy, including their responsibilities to review content submitted for posting to ensure policy compliance. Training will be conducted on an as-needed basis as administrators change within their departments.

Employees violating this policy may be subject to disciplinary action, up to and including termination of employment.

**CITY OF GOLDSBORO
AGENDA MEMORANDUM
MAY 4 2020 COUNCIL MEETING**

SUBJECT: S-4-20 Stoney Creek Builders (Three-lot Preliminary Subdivision Plat)

BACKGROUND: The property is located within Spring Garden Subdivision, which is located on the north side of Fedelon Trail between Salem Church Road and U.S. Highway 117 North.

Goldsboro City Council approved the original subdivision plat for Spring Garden, Section 1 in 1979.

The parcel of property proposed for subdivision is located between Granville Place and Erin Place.

The applicant proposes to subdivide the subject property into three private lots for sale and single-family residential development.

Total Area: 3.84 acres

Total Lots: 3

Lot No. 1: ± 1.28 acres

Lot No. 2: ± 1.28 acres

Lot No. 3: ± 1.28 acres

Zoning: R-20 Residential (Watershed Protection Area)

Existing: Currently, the subject property consists of woodlands and is undeveloped.

DISCUSSION: As previously stated, the applicant proposes to subdivide the property into three private lots for sale and single-family development.

Engineering: The property is not located within a Special Flood Hazard Area.

City water is available to serve the property. However, inadequate pressure exists for domestic and fire protection purposes. City Engineering is currently in the process of investigating measures for increasing water pressure within the subdivision. Alternatively, if City water pressure is not adequate, Staff has been informed by Wayne County's Environmental Health Department that on-site private water supply wells may be utilized subject to County approval.

Approximately one-half of the approved subdivision is located in the City limits. The other half, including the subject property, is located outside the City limits. As such, the subject property will be served by Belfast Fire Department.

City sewer is not available to serve the property. Septic systems are proposed and must be approved in accordance with Wayne County's Environmental Health Department before building permits can be issued.

Because the subject property is located within a Watershed Protection Area, the lots cannot exceed 24% built-upon area.

The Planning Commission, at their meeting held on April 27, 2020, recommended approval of the 3-lot preliminary subdivision plat.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and approve the 3-Lot Preliminary Subdivision Plat.

AGENDA MEMORANDUM
MAY 4, 2020 COUNCIL MEETING**

SUBJECT: SITE-6-20 Emergent Investments, LLC (Medical Office Facility)

BACKGROUND: The property is located on the west side of Hospital Rd. north of Medical Office Place.

Frontage: 166 ft.
Average Depth: Approximately 639 ft.
Area: 134,121.24 sq. ft. or 3.079 acres
Zoning: Office & Institutional-1

Existing use: Almost half of the property is clear and vacant. The remaining acreage consists of existing woodlands.

DISCUSSION: The submitted site plan indicates a single-story, 7,201 sq. ft. building proposed for use as a medical office facility.

Hours of Operation: Monday-Friday
9:00am – 5:00 pm

Number of Employees: 19

Access: The site will be served by a 60 ft. wide curb cut proposed off Hospital Road and is not subjected to NCDOT approval. A driveway permit will be required from City Engineering.

A 26 ft. wide paved access drive with curb and gutter will extend westward approximately 285 ft. from the terminus providing access to three parking lots located in front of, behind, and along the southern side of the proposed medical office facility.

Parking: Parking for the site requires 6 spaces per doctor and 1 per employee. A total of 61 parking spaces have been provided including 3 handicap accessible parking spaces. 17 spaces are shown in the front parking lot, 29 spaces are shown in the side parking lot, and 15 are shown in the rear parking lot.

Sidewalks and Pedestrian Access: 4 ft. wide exterior sidewalks are shown on the submitted site plan. City sidewalks are required to be a minimum of 5 ft. wide. Staff will ensure developer installs sidewalks to City standards.

6.5 ft. wide interior sidewalks have been provided for pedestrian access leading from the parking lots to the building entrances using private walkways and handicap ramps.

Landscaping: Since the subject property is zoned O&I-1 (Office and Institutional) and is located adjacent to other similarly-zoned properties, a Type A, 5 ft. wide landscape buffer is proposed along the northern, eastern and southern property lines.

Existing woodlands located at the rear of the property along the western property line are proposed as the required Type C, 20 ft. wide buffer yard adjacent to residentially-zoned properties.

A total of four street trees are proposed along Hospital Road. In addition, 27 small shrubs are proposed for use as the required vehicular surface buffer.

Building Elevations: Building elevation renderings have not been submitted. However, the applicant has informed Staff that the exterior building materials will consist of brick-veneer, hardy-plank siding, exterior insulation finishing systems (EIFS), and a shingle roof. Once building elevation renderings have been submitted, Staff will ensure that they are in compliance with City performance standards.

Commercial Lighting Plan: Commercial lighting plans have not been submitted, however, staff will work with the applicant to ensure that proposed lighting is compliant with the City's commercial lighting ordinance.

Engineering: Portions of the property are located within the City's Special Flood Hazard Areas known as the 500-year floodplain, 100-year floodplain and the Floodway. Any proposed development within Special Flood Hazard Areas will require approval from City Engineering before construction permits can be issued.

City water and sewer are available to serve the property.

Stormwater calculations, grading and drainage plans have been submitted and are subject to approval by City Engineering.

Interconnectivity: Interconnectivity has not been shown on the submitted site plan. Applicant states that interconnectivity would be impractical due to topography and that additional access drives between private properties would result in a loss of required parking spaces.

Refuse collection: A 11ft. x 14 ft. concrete pad is shown at the end of the access drive for the location of a commercial dumpster. The dumpster shall be screened according to City standards.

The Planning Commission, at their meeting held on April 27, 2020, recommended approval of the Site and Landscape plan with the requested modification.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and approve the site and landscape plans with the following modification:

- 1) Modification of interconnectivity.

The amount of landscaping required is determined by the amount and intensity of the proposed impervious surface on the lot. The impervious surface ratio (ISR) is determined by the following formula:

- Total amount of impervious surface area on the lot including building area (sq. ft.) = **69,000**
 - Total lot area (sq. ft.) = **124,133**
 - ISR (Circle) impervious surface area by total lot area = **0.556**
- Impervious Surface Ratio**

| If ISR is 0.70 to 0.85 | ISR is moderately high |
| If ISR is 0.40 to 0.69 | ISR is moderate |
| If ISR is 0.20 to 0.39 | ISR is low |
| If ISR is less than 0.20 | No landscaping is required |
- Total impervious surface area including top building area (sq. ft.) = **28,432**

Required Landscaping Calculation: Based on the ISR calculated on line c above, choose the appropriate impervious surface intensity (ISI) to determine the amount of required landscaping:

AGENDA MEMORANDUM
MAY 4, 2020 COUNCIL MEETING**

SUBJECT: SITE-5-20 JBA Properties, LLC (Contractor’s Office and Storage Yard)

BACKGROUND: The property is located on the south side of Arrington Bridge Road between S. John Street and Westbrook Road.

Frontage: 588 ft.
Average Depth: 629 ft.
Area: 358,037 sq. ft. or 8.2 acres
Zoning: I-2 (General Industry)

Existing use: The site is clear and vacant.

DISCUSSION: The submitted site plan indicates a single-story, 12,400 sq. ft. commercial building proposed for use as a contractor’s office, workshop and warehouse storage facility. The proposed office will contain 4,000 sq. ft. The proposed workshop will contain 4,800 sq. ft. The Warehouse will contain 3,600 sq. ft.

A proposed storage yard with gravel surfaces is indicated at the rear of the site and will contain approximately 40,000 sq. ft. of storage area for commercial trucks and heavy equipment operation. A 6 ft. in height opaque, chain-link security fence will surround the storage yard.

Hours of Operation: Monday-Friday
6:00am – 6:00 pm

Number of Employees: 10

Access: The site will be served by a 125 ft. wide curb cut proposed off Arrington Bridge Road and subject to NCDOT approval.

A 25 ft. wide paved access drive will extend westward approximately 240 ft. from Arrington Bridge Road to a terminus providing access to two parking lots located in front and along the southern side of the proposed facility.

Parking: Parking for the site requires 1 space per 350 sq. ft. of office area, 1 space per 2 employees on the maximum shift plus 1 space for each vehicle stored on site for warehousing and 1 space per working bay for automotive service, inspection and repair plus 1 space per employee. A total of 26 parking spaces have been provided including 1 handicap accessible parking space. 25 parking spaces are required. 22 spaces are proposed at the front of the commercial building and 4 are proposed along the southeast side.

Sidewalks and Pedestrian Access: According to the City's Unified Development Code, sidewalk construction is required for new commercial development. The submitted site plan does not indicate the installation of exterior sidewalks along Arrington Bridge Road. The applicant is requesting a modification of the requirement to install 463 linear feet of sidewalk along Arrington Bridge Road. If approved by City Council, the applicant will be required to pay \$8,334.00 in lieu of sidewalk construction to the City of Goldsboro.

6.5 ft. wide interior sidewalks have been provided for pedestrian access leading from the parking lots to the building entrances using private walkways and handicap ramps.

Landscaping: Since the subject property is zoned I-2 (General Industry), a Type A, 10 ft. wide landscape buffer is proposed along the southern and southeast property lines. The site plan indicates a required Type C, 20 ft. wide landscape buffer along the northwest property lines since the adjacent property is zoned O&I-1 (Office and Institutional). Existing woodlands located at the rear of the property along the southern property line are proposed as the required Type A, 10 ft. wide buffer yard.

A total of 13 street trees are proposed along Arrington Bridge Road. A total of 4 large trees will serve as parking lot trees.

Dry detention ponds and swales will serve as proposed BMP's for the site and will be located in the front and rear yards of the property subject to approval by City Engineering. Ponds shall be screened with evergreen shrubs in accordance with the City's landscape ordinance.

Commercial Lighting Plan: Commercial lighting plans have not been submitted, however, staff will work with the applicant to ensure that proposed lighting is compliant with the City's commercial lighting ordinance.

Engineering: Portions of the property are located within the City's Special Flood Hazard Areas known as the 100-year floodplain. Any proposed development within Special Flood Hazard Areas will require approval from City Engineering before construction permits can be issued.

City water is available to serve the property. City sewer is not available to serve the property, however, City sewer is located within 1,000 ft. of the subject property. According to the City's Unified Development Code, applicants shall connect to City water and sewer systems if proposed developments are within 1,000 ft. of City utilities.

Wayne County Environmental Health has been contacted to perform a septic evaluation for the site. The applicant desires to install an on-site septic system in lieu of connection to City sewer. As such, if the proposed site is suitable for on-site septic systems, a modification will be necessary.

Storm water calculations, grading and drainage plans have been submitted and are subject to approval by City Engineering.

Interconnectivity: Interconnectivity has not been shown on the submitted site plan. Applicant states interconnection will not be practical since the proposed use of the subject property and the existing use of properties adjacent to and along Arrington Bridge Road are incompatible.

Refuse collection: Commercial dumpsters are proposed at the rear of the property and screened from off-site views in accordance with City regulations.

Temporary Modular: If approved by City Council, the applicant proposes the placement of a temporary modular office unit to conduct business operations while the new office, workshop and warehouse facility is being constructed along Arrington Bridge Road.

The temporary modular office is proposed at 800 N. William Street directly across the street from the Wayne County Detention Center. The property is zoned I-2 (General Industry). Applicant intends to operate for a period not to exceed six (6) months until construction has been completed at the new site.

Modifications: The applicant is requesting the following modifications:

- 1) Modification to install City sidewalks and pay \$8,334.00 in lieu of sidewalk construction.
- 2) Modification to connect to City sewer.
- 3) Modification of interconnectivity.

The Planning Commission, at their meeting held on April 27, 2020, recommended approval of the Site and Landscape plan with the requested modifications.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and approve the site and landscape plans with the following modifications:

- 1) Modification to install City sidewalks and pay \$8,334.00 in lieu of sidewalk construction.
- 2) Modification to connect to City sewer.
- 3) Modification of interconnectivity.
