MAY 18, 2020

WORK SESSION

The City Council of the City of Goldsboro, North Carolina, met in a Work Session in the Large Conference Room, City Hall Addition, 200 North Center Street, at 5:00 p.m. on May 18, 2020 with attendance as follows:

Present: Mayor Chuck Allen, Presiding
Mayor Pro Tem Bill Broadaway
Councilmember Antonio Williams
Councilmember Taj Polack
Councilmember Brandi Matthews
Councilmember David Ham
Councilmember Gene Aycock
Ron Lawrence, Attorney

Melissa Capps, City Clerk

Call to Order. The meeting was called to order by Mayor Allen at 5:00 p.m.

Adoption of the Agenda. Upon motion of Mayor Pro Tem Broadaway, seconded by Councilmember Aycock and unanimously carried, Council adopted the agenda.

FY20-21 Budget Discussion. Ms. Catherine Gwynn, Finance Director stated we have been working very hard to try to get the FY 21 budget balanced. FY 20 was a \$63.2 million budget, right now we are trying to balance the general fund, we have all the other funds balanced except for it. Some key items about the revenues, you know the general fund is about a \$42 million budget, the biggest thing we are dealing with right now is the uncertainty with the state shared revenues. The largest being sales tax which is about \$9 million and the utility franchise tax which is about \$3 million. This accounts for about 37% of the general fund revenues. On a positive note, on the sales tax for March which we received just a few days ago it was in the same range as last year, as you know COVID-19 started around the middle of March. We are trying to budget very conservatively. With the property tax it is consistent in my findings as I am trying to estimate FY 20 and FY 21. It's about 16.9 million about 39% of the general fund. We are trying to hold the line on expenditures. We will be making cuts on travel, training, etc. especially with COVID-19 and people not being able to travel due to the spread. Our goal is to finish balancing the budget by the end of the week so we can hopefully get you a budget book by the end of next week. We're going to be cautious on spending for FY 20 and we have been cautioning departments for months now about spending frugally. When we have our staff meeting tomorrow, basically a cut off of purchasing by the end of the week but if it is items for life safety of course they can get those. We are holding on hiring of positions, and if the position becomes vacant we may freeze hiring. We are going to limit PO rollovers to preserve fund balance. We have talked about holding all capital purchases if we have any that the board allows until after the first of the year, so we can get two quarters in to see what our revenues are going to produce. What we wanted to talk to you about tonight, is some dates, we would like to publish the notice of the public hearing on May 29. I would like a day and time for budget presentation to the board and any other dates for budget work sessions. We would like to hold the public hearing on Monday, July 15 if that's okay with the board.

Council discussed and agreed to meet at 3:00 p.m. on June 1st for budget presentation and hold the public hearing on June 15th at 7:00 p.m.

Councilmember Williams asked what the balance of the general fund is. Ms. Gwynn stated the FY19 general fund balance is about \$5.2 million as of June 30, 2019. We have preliminary numbers and they will be included in your budget book.

Councilmember Polack asked if this would impede promotional processes. Mr. Salmon stated I do not expect so sir.

Benchmark Classifications	Differential at the Range Minimum	Differential at the Range Midpoint	Differential at the Range Maximum
Overall Average	0.4%	0.7%	1.0%

Midpoint is typically considered "market" as employees receiving pay at this point should be proficient and satisfactorily performing the duties of their classification.

* Results do not indicate that all benchmarks (classifications) were ahead or behind.

Implementation Options

Bring to New Minimums

- Calculations are performed to determine the relation of employees' salaries to the **proposed** minimums.
- Based on these calculations, employees' salaries are adjusted to the new pay grade minimums as needed.
- Employees' salaries above the proposed minimums are unaffected.
- This methodology would enable the City to put employees in their new pay grades; yet does not address compression concerns.
- This methodology is incorporated in all subsequent methodologies that will be presented.

22

Implementation Options (cont.)

Bring to New Minimums (Example)

Employee's current salary is below new minimum; employee's salary needs to be brought to minimum of new pay range.

24

Implementation Options

Range Penetration

- Calculations are performed to determine the percentage through the current pay grade range the employee's salary falls.
- The current range spreads (58%) are used.
- Employee's recommended salary will place him/her at the same percentage through the proposed range of the new pay grade.
- This methodology places employees in the same relative position in the new pay grade.
- This option may adjust salaries that may not need to be adjusted (e.g. the employee is already receiving competitive or more competitive pay).

14

Implementation Options (cont.)

Range Penetration (Example)

Employee's current salary is at 3.9% of their current pay range. The employee's new salary should fall 3.9% of the proposed pay range.

15

Implementation Options (cont.)

Move Toward Midpoint 3-Tier

- Calculations are performed to determine the relation of employees' salaries to the **proposed** midpoints; referred to as Compa-Ratio).
- Based on these calculations, AND employees' years of tenure at the City (or years in classification), salary adjustments are calculated to move salaries closer toward to the new midpoints (also referred to as market points).
- Three tier method utilizes three tiers of years of tenure (1-3, 3-7, >7) and Target Compa-Ratios.
- Employees' salaries above the proposed midpoints are unaffected.
- Tier increments are designed to give larger adjustments (in percentage terms) to those with salaries furthest from the market point and to those with more of tenure.
- This methodology helps alleviate compression issues.

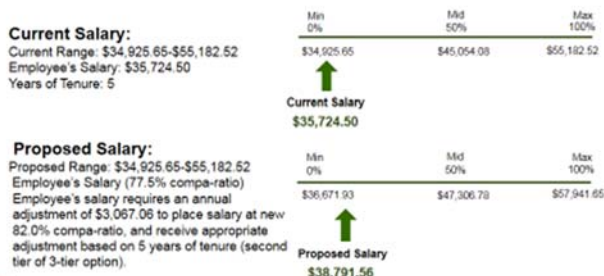

30

Implementation Options (cont.)

Move Toward Midpoint 3-Tier (Example)

Employee's current salary is below new midpoint at 77.5% compa-ratio. Employee's salary needs to move to 82.0% compa-ratio; employee has 5 years of tenure (second tier).

32

Implementation Options (cont.)

Move Toward Midpoint 2-Tier

- Calculations are performed to determine the relation of employees' salaries to the **proposed** midpoints; referred to as Compa-Ratio).
- Based on these calculations, AND employees' years of tenure (or years in classification), salary adjustments are calculated to move salaries closer toward the new midpoints (also referred to as market points).
- Two tier method utilizes two tiers of years of tenure (1-10, >10) and Target Compa-Ratios.
- Employees' salaries above the proposed midpoints are unaffected.
- Tier increments are designed to give larger adjustments (in percentage terms) to those with salaries furthest from the market point and to those with more years of tenure.
- This methodology also helps alleviate compression issues.

34

Implementation Options (cont.)

Move Toward Midpoint 2-Tier (Example)

Employee's current salary is below new midpoint at 77.5% compa-ratio. Employee's salary needs to move to 79.0% compa-ratio; employee has 5 years of tenure (first tier).

Current Salary:
 Current Range: \$34,925.65-\$55,182.52
 Employee's Salary: \$35,724.50
 Years of Tenure: 5

Proposed Salary:
 Proposed Range: \$34,925.65-\$55,182.52
 Employee's Salary (77.5% compa-ratio)
 Employee's salary requires an annual adjustment of \$3,067.06 to place salary at new 79.0% compa-ratio, and receive appropriate adjustment based on 5 years of tenure (first tier of 2-tier option).

36

Estimated Annualized Salary Costs

Bring to New Minimums:

- Total Annual Adjustments: **\$79,170.28**
- # Employees who would receive adjustments: **56**

Range Penetration:

- Total Annual Adjustments: **\$365,424.28 ****
- # Employees who would receive adjustments: **163**

Move Toward Midpoint 3-Tier (using years of City tenure):

- Total Annual Adjustments: **\$762,386.60 ****
- # Employees who would receive adjustments: **366**

Move Toward Midpoint 3-Tier (using years in classification):

- Total Annual Adjustments: **\$607,981.88 ****
- # Employees who would receive adjustments: **344**

* Cost estimates are salary only and do not include the cost of benefits.

** Estimate includes Bring to Minimum cost.

38

Estimated Annualized Salary Costs

Move Toward Midpoint 2-Tier (using years of City tenure):

- Total Annual Adjustments: **\$459,903.86 ****
- # Employees who would receive adjustments: **366**

Move Toward Midpoint 2-Tier (using years in classification):

- Total Annual Adjustments: **\$290,992.24 ****
- # Employees who would receive adjustments: **344**

* Cost estimates are salary only and do not include the cost of benefits.

** Estimate includes Bring to Minimum cost.

Councilmember Polack stated when I started with the city I know for the first six months employees were on a probationary level where they did not get retirement. You have guys coming in now, they are paying retirement as soon as employed. So if I were still with the city I

would have to work an additional six months or buy retirement back. So is there a model that say under five years to retirement where you include a pay of what it would have been at that rate at the time they were hired that would kind of offset compression and give those guys six months back.

Ms. Dove stated years ago when you started as a new employee you had to be on staff for six months before you paid into the retirement and the city didn't pay for six months too. The problem with that the city would also have to go back and pay their portion that would be an additional cost not only for the employee but also for the city.

Councilmember Aycock stated from the study it appears lower paid employees would benefit better by doing some of these options talked about.

Ms. Nancy stated lower paid within their range, generally speaking most employees would expect to reach the midpoint of the range within a reasonable time if performing satisfactorily.

Mr. Salmon stated he would like this to be a part of the budget process. Council agreed.

Connectivity Committee/Board Discussion. Councilmember Matthews stated recently I was introduced to this and I just want to share it with Council. It could be the fact I am a millennial and I support progressive technology. I began researching connectivity and broadband deployment. I want Council to consider for a second how we could benefit to boosting employment locally, promoting digital and social inclusion for all of our residents and how we can also help with our utilities, schools, libraries and our hospital just by simply producing our own connectivity. We revitalize downtown and I feel that if we had better connectivity it could increase entrepreneurship and even build a healthier business climate with our downtown community and of course by creating our own networks that would bring funding back into the city which benefits us economically and also gives us an opportunity to offer services that our residents use anyway at a lower cost. Our neighboring city Wilson North Carolina has been doing this and they have recorded record revenue increases. They have attracted a lot of businesses the past few years and residency influx has skyrocketed simply because of them creating this technology. Especially with the pandemic we want to be sure that those needing that connectivity, that we can get it in the hands of those needing it. This is not something you talk about on Monday and have on Tuesday that is why wanted to talk about a committee or board formed with local residents, councilmembers, other local officials that would specifically focus on research of how to make this happen. I think it's an opportunity to look at other cities and see what they're doing to see if we can duplicate or create. Because there are not a lot of cities doing this I think I counted three, I would love to see Goldsboro as one of the forerunners using this technology.

Councilmember Aycock stated I think this is a great idea but I think the reason there's only three, the state last year in the long session put in a law that other cities cannot do it. Cable TV and Internet providers had them pass a law.

Councilmember Matthews stated Spectrum actually lowered their rates in Wilson and increased rates outside of Wilson. I did see that when researching.

Mayor Allen stated you are right we cannot own our own Wi-Fi as a public entity. Wilson got it before that. We do need better communications. Maybe you, Scott Williams on the IT side and maybe LaToya with a couple of others why don't we do a committee if you need legal questions answered Ron can do that. If you're willing to do the research.

Councilmember Williams stated I think it is a great idea. Even if there is a law, maybe we can work something out with Spectrum and other committees.

Upon motion of Councilmember Williams seconded by Councilmember Polack and unanimously carried Council approved a Connectivity Committee.

Consent Agenda Review. Each item on the Consent Agenda was reviewed. Additional discussion included:

Item C. Change Order No. 18 – Revised for Phase IV Sewer Collection Rehabilitation – Formal Bid No. 2018-004. Councilmember Williams expressed concerns regarding the depth of the ditch, kids getting hurt and asked staff to look at installing a fence.

Mr. Anderson stated that is not a part of our project, they will stabilize the banks.

Councilmember Williams asked if we could at least get an estimate.

There being no further business, the meeting recessed until the 7:00 p.m. meeting.

CITY COUNCIL MEETING

The City Council of the City of Goldsboro, North Carolina, met in regular session in Large Conference Room, City Hall Annex, 200 North Center Street, at 7:00 p.m. on May 18, 2020 with attendance as follows:

Present: Mayor Chuck Allen, Presiding
Mayor Pro Tem Bill Broadaway
Councilmember Antonio Williams
Councilmember Taj Polack
Councilmember Brandi Matthews
Councilmember David Ham
Councilmember Gene Aycock

The meeting was called to order by Mayor Allen at 7:00 p.m.

Councilmember Antonio Williams provided the invocation. The Pledge of Allegiance followed.

Approval of Minutes. Upon motion of Councilmember Williams, seconded by Councilmember Polack and unanimously carried, Council approved the Minutes of the Work Session and Regular Meeting of April 20, 2020 as submitted.

CU-3-20 Jerry Futrell – East side of US 117 South between Arrington Bridge Road and South George Street (Increase in electronic gaming machines from 50 to 100 for existing Internet Café). Public Hearing Held. An internet café was previously approved for 20 gaming machines at this location on September 3, 2013. On June 2, 2014, City Council denied a request to increase the number of gaming machines from 20 to 35 based on requiring 2 parking spaces per machine.

On August 4, 2014, the Council approved a parking ordinance amendment to the City's UDO requiring 1.5 parking spaces per machine. In addition, they approved the previous owner's request to allow an increase in the number of gaming machines from 20 to 35.

The previous owner closed the business in March of 2016 upon order from the District Attorney's office. Once software upgrades were installed and in compliance with State law, he reapplied for a Conditional Use Permit to operate an internet café in accordance with the City's Unified Development Ordinance. City Council approved site, landscape and floor plans for the previously approved 35 gaming machines on January 3, 2017.

On May 8, 2017, City Council amended the City's Electronic Gaming Ordinance. The following requirements were approved as they pertain to new gaming establishments proposed for operation in the City of Goldsboro's planning jurisdiction:

- (1) Electronic gaming operations are permitted only in the General Business (GB) zoning district after the obtainment of a Conditional Use Permit approved by City Council.
- (2) No establishment shall be located within five hundred (500) feet of any residentially zoned or developed property, church, school, day care, playground or public park. Where the proposed establishment is separated from residentially zoned or

- developed property by a four-lane highway, the five hundred (500) foot separation shall only apply to the properties along the sides and rear of the establishment.
- (3) No such establishment shall be located within one mile (5,280 ft.) of another such establishment.
 - (4) The hours of operation for such operations shall be limited to 7:00 a. m. to 2:00 a.m.

On February 3, 2020, City Council approved a request by the applicant to amend a Conditional Use Permit for the operation of an internet café to increase the number of gaming machines from 35 games to a maximum of 50 gaming machines. 52 existing paved parking spaces were available to serve the site.

The applicant contended that the City's commercial parking ordinance requiring 1.5 parking spaces per gaming machine was excessive based on the fact that only one customer could operate one gaming machine at any one time.

Now, the applicant is requesting to amend an existing Conditional Use Permit for the operation of an internet café to increase the number of gaming machines from 50 to 100.

Frontage:	454.3 ft. (US 117)
Area:	97,220 sq. ft., or 2.23 acres
Zoning:	General Business
Hours of Operation:	10:00 a.m. to 2 a.m. (7 days)
No. of Employees:	2 (17 employees; maximum 2 per shift)

Site and landscape plans for this operation were previously approved with Conditional Use Permit #CU-16-16. The following modifications were also approved:

- a. Rear yard landscape buffer due to grade separation at railroad tracks.
- b. Vehicular surface buffer at front due to existing paving and public right-of-way;
- c. Street tree requirement; and
- d. Distance from residentially zoned property from 200 ft. to 125 ft.

As previously stated, parking is required at 1.5 space per gaming machine. Currently, there are 52 paved parking spaces to serve the site. 150 parking spaces are required. The applicant is proposing to pave an additional 50 parking spaces for a total of 102 parking spaces. Previous parking modifications have been granted by City Council for electronic gaming operations at one (1) space per gaming machine. A modification from 150 to 102 parking spaces will be necessary.

Mayor Allen opened the public hearing. The following person spoke after being properly sworn in:

Mr. Jerry Futrell stated we were here towards the first of the year and y'all gave us more machines, I appreciate it. What you did was extended our numbers to fulfill one computer per parking spot. What I am here for tonight is more parking. Like I said last time, I don't object to putting in more parking but before I spend the money \$40,000 to \$65,000 it takes to put in the parking, I would like to know if the city council would allow, in other words, I can't afford to spend the money on parking if you don't allow us to bring our numbers up. If y'all are willing to let us bring our numbers up, it is something I will move forward. I have spent money to have all this drawn up. I have already contacted Frankie's Asphalt Services. That is why we are submitting this plan to y'all tonight to see if the city Council is willing to let us take this step forward I appreciate your time and I wanted to be here tonight in case you have any questions.

Mayor Allen stated it will go to the Planning Commission and then come to us. Thank you for coming.

No action is necessary. The Planning Commission will have a recommendation at the June 1, 2020 Council Meeting.

Consent Agenda - Approved as Recommended. City Manager, Timothy Salmon, presented the Consent Agenda. All items were considered to be routine and could be enacted

simultaneously with one motion and a roll call vote. If a Councilmember so requested, any item(s) could be removed from the Consent Agenda and discussed and considered separately. In that event, the remaining item(s) on the Consent Agenda would be acted on with one motion and roll call vote. Councilmember Aycock moved the items on the Consent Agenda, Items C, D, E, F and G be approved as recommended by the City Manager and staff. The motion was seconded by Mayor Pro Tem Broadaway and a roll call vote resulted in all members voting in favor of the motion. The items on the Consent Agenda were as follows:

Change Order No. 18 – Revised for Phase IV Sewer Collection Rehabilitation – Formal Bid No. 2018-004. Resolution Adopted. Construction change orders in excess of \$10,000 require approval by the City Council prior to City Manager approval.

T.A. Loving Company submitted a total cost of \$140,330 for Change Order No. 18 Revised to perform ditch bank stabilization improvements to the Big Ditch near Beech/Kornegay Street Apartments.

Proposed Change Order No. 18 previously totaled \$125,000 and was submitted in October 2019 for approval by Division of Water Infrastructure (DWI). The city recently received approval from DWI to perform the ditch bank improvements. The difference in costs pertaining to additional costs charged by the subcontractor to perform this work.

This change order increases contract time by 15 days. The additional contract time was included in the previous Change Order No. 22. The amended contract completion date for the remaining rehabilitation work is September 9, 2020.

Staff recommends issuing the change order to the current contract with T.A. Loving for the Phase IV Sewer Collection Rehabilitation project. We have reviewed this change order with the Finance Director and determined that funds are available from the Clean Water Revolving Fund Loan.

It is recommended the City Council adopt the following entitled Resolution authorizing the City Manager to execute Change Order No. 18-Revised for \$140,330 with T.A. Loving Company. Consent Agenda Approval. Aycock/Broadaway (7 Ayes)

**CITY OF GOLDSBORO
AGENDA MEMORANDUM
JUNE 15, 2020 COUNCIL MEETING**

SUBJECT: **PUBLIC HEARING**
CU-04-20 Ace Hardware and Flex Space – East side of Mollie Drive between Miles Lane and Southeast Drive

BACKGROUND: The applicant requests a Conditional Use Permit for retail sales to include outside storage. In conjunction with the request, the applicant is asking for separate site plan approval for the construction of a 21,105 sq. ft. multi-tenant commercial center.

According to the City’s Unified Development Code, commercial developments incorporating retail sales of less than 30,000 sq. ft. with outdoor storage require a Conditional Use Permit. Separate site plan approval is required and shall be approved by City Council.

The subject property consist of two private lots. These lots were approved by City Council on November 7, 2005 as part of a 14-lot preliminary subdivision plat proposed for commercial development and formally known as Southeast Commercial Park.

Lot #8:

Frontage: 177 ft.
Depth: 217.5 ft. (avg.)
Area: 50,240 sq. ft., or 1.15 acres
Zoning: General Business

Lot #9:

Frontage: 150 ft.
Depth: 291 ft. (avg.)
Area: 41,983 sq. ft. or 0.96 acres
Zoning: General Business

Existing Use: Currently, the subject properties referenced above are clear and vacant.

DISCUSSION:

The submitted site plan indicates the recombination of two private lots for the construction of a single-story, 21,105 sq. ft. metal building used for commercial development.

Ace Hardware intends to occupy 11,025 sq. ft. of commercial building space. The hardware store proposes to occupy an additional 3,937 sq. ft. for outside retail sales and storage.

Hours of Operation: 7:30 a. m. to 6:30 p. m.
(Monday – Saturday)

No. of Employees: 5

The remaining 6,143 sq. ft. of commercial tenant space will be divided into five (5) separate tenant spaces for rent or lease. At this time, there are no proposed uses for the (flex) spaces.

Access: Two 24 ft. wide curb cuts are proposed off Mollie Drive and are adjacent to the northern and southern property lines. A 24 ft. wide access drive provides access to parking spaces located at the front and rear of the site, as well as, loading and unloading zones for on-site commercial businesses.

Parking: Parking for the proposed hardware store requires 1 space per 500 sq. ft. of gross floor area. Parking for the remaining commercial retail spaces requires 1 space per 250 sq. ft. of gross floor area. A total of 42 parking spaces are required for the site. 46 parking spaces have been provided to include 2 van accessible handicap parking spaces.

In addition to parking, the submitted site plan proposes a 12 ft. wide stacking lane sufficient for 4 vehicles along the northern building wall should a tenant opt to provide pick up window services in the future.

Landscaping: 7 Autumn Blaze Maples are proposed as street trees along Mollie Drive. A Type A, 5 ft. wide buffer is proposed along the northern and southern property lines consisting of Blaze Maples and Variegated Privets. Snow Goose Flowering Cherries and Dwarf Yaupons will serve as vehicular surface area plantings.

An existing Type C, 20 ft. wide landscape buffer is required and present along the eastern property line adjacent to residentially-zoned property.

Building Elevations: Currently, the owner is in the process of choosing exterior building components for the proposed commercial multi-tenant space. One option utilizes brick-veneer walls, masonry column supports, sloped metal roofs over entryways and aluminum thermal windows. The second option utilizes projected and recessed brick-veneer walls and EIFS wall panels and aluminum thermal windows. Staff will ensure that commercial design guidelines are incorporated into the construction of the commercial building.

Sidewalks and Pedestrian Access: Existing 5 ft. wide exterior sidewalks are shown on the submitted site plan. The applicant shows interior sidewalks leading from the parking lot to the building entrances through sloped walkways and handicap ramps.

Commercial Lighting: Commercial lighting plans have not been submitted. However, all exterior lighting improvements proposed for the site shall be in accordance with the City's commercial lighting design standards.

Engineering: The property is not located within a Special Flood Hazard area. Water is available to serve the property and is provided by Eastern Wayne Sanitary District. City sewer is available to serve the property. Storm water calculations and drainage plans have not been submitted. Commercial building permits cannot be issued until all City engineering requirements have been satisfied.

AICUZ: The site falls within the 70-74 day-night average sound level (DNL) noise zone of Seymour Johnson Air Force Base. Base officials have indicated that a noise level reduction (NLR) of 25 decibels is required for the proposed commercial development to be compatible within the noise zone.

Refuse Collection: A solid waste commercial dumpster enclosure has been provided for tenants of the commercial center and is shown along the southeastern

property line located behind the proposed hardware store. The dumpster will be located in a coral and screened from off-site views in accordance with City standards.

Interconnectivity: Interconnectivity has not been identified on the site plan. The applicant believes that interconnectivity would be impractical due to location of an underground storm sewer along the southern property line. The applicant is requesting a modification of the interconnectivity requirement along the southern property line. Staff is working with the developer to provide interconnectivity along the northern property line.

Modification: As previously stated, the applicant is requesting a modification of interconnectivity due to the location of an underground storm sewer along the southern property line.

Recommendation: No action necessary. The Planning Commission will have a recommendation for the City Council at their next regularly scheduled meeting on July 13, 2020.

**CITY OF GOLDSBORO
AGENDA MEMORANDUM
JUNE 15, 2020 COUNCIL MEETING**

SUBJECT: **PUBLIC HEARING**
Z-3-20 Adamsville Gateway Center, LLC. – East side of S.
Berkeley Boulevard between E. Elm Street and East Street

BACKGROUND: On December 9, 1986, City Council approved a rezoning change from Neighborhood Business (NB) to General Business Conditional District (GBCD) limiting the subject property to the following permitted uses in the General Business zoning district: retail sales, appliance installation and repairs, barber shops, pawn shops, restaurants, bakeries and apparel tailoring/alterations.

In recent months, the owner of the commercial multi-tenant center has had several inquiries regarding potential uses that were not approved as uses for the site, however, are permitted uses within the General Business zoning district.

A zoning change is requested by the owner in order to maximize the use and marketability of his commercial property. The owner is requesting the following uses to be added as permitted uses for the site: pet grooming, laundromats/dry cleaning (personal), health spas, tanning salons, fitness centers, martial arts studios, nail salons, copying/printing services, offices to include business, medical and professional and travel agencies.

Surrounding Zoning:

- North: General Business (GB)
- South: Property owned by SJAFB
- East: Property owned by SJAFB
- West: General Business Conditional District(GBCD)
 and Shopping Center (SC)

DISCUSSION:

As previously stated, the owner is requesting a zoning change from General Business Conditional District (GBCD) to General Business Conditional District (GBCD) to amend the permitted uses allowed for the site. Separate site plan approval is required.

The following uses are requested by the owner to be added to the list of permitted uses approved for the site: pet grooming, laundromats/dry cleaning (personal), health spas, tanning salons, fitness centers, martial arts studios, nail salons, copying/printing services, offices to include business, medical and professional and travel agencies.

The submitted site plan indicates an existing 6,965 sq. ft., single-story, brick-veneer and concrete block commercial building. Currently, the commercial building is separated into seven (7) tenant spaces. If the rezoning is approved, new uses must meet building code regulations as regulated by the North Carolina State Building Code.

At this time, no other changes to parking or landscaping are required for the site.

No outside storage is proposed. Any outdoor storage proposed in the future must receive City Council approval.

Land-Use Plan: The City's Comprehensive Land-Use Plan recommends commercial development for the property.

Engineering: The property is not located within a Special Flood-Hazard Area.

SJAFB: The site is not located in an Accident Potential Zone (APZ) or within the Noise Overlay District of Seymour Johnson Air Force Base. Since the property was adjacent to SJAFB, City officials contacted Base officials for comment. According to Base officials, the proposed uses requested by the owner to be added to the list of permitted uses for the site pose no commercial development concerns or hazard to flight operations.

Recommendation: No action necessary. The Planning Commission will have a recommendation for the City Council at their next regularly scheduled meeting on July 13, 2020.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
JUNE 15, 2020 COUNCIL MEETING

- SUBJECT:** Public Hearing – DRAFT FY20-24 Consolidated Plan (ConPlan) and FY20-21 Annual Action Plan (AAP)
- To receive and consider public input from citizens on the draft FY20-24 ConPlan and the FY20-21 AAP.
- BACKGROUND:** The Department of Housing and Urban Development (HUD) requires jurisdictions receiving federal funds from Community Development Block Grant and HOME Investment Partnerships programs to develop and submit a Five-Year Consolidated Plan. The plan identifies the needs of lower-income persons in the locality and the proposed actions to be taken to serve those needs. For each year during the ConPlan period, the City of Goldsboro submits an Annual Action Plan outlining the proposed projects to serve lower-to-moderate income (LMI) persons in Goldsboro.
- DISCUSSION:** Goldsboro’s draft FY20-24 ConPlan and the FY20-21 AAP was made available for review and comment on May 27, 2020 until 5:00 p.m. on June 25, 2020. The FY20-24 ConPlan and FY20-21 AAP will outline the proposed use of funds Goldsboro is expected to receive: **\$351,137** from CDBG, **\$237,076** from HOME, **\$206,554** from CDBG-CV and any other funding to be used in conjunction with these three grants. Goldsboro expects to receive **\$1,369,863** in CDBG; **\$1,348,095** in HOME; and **\$400,000** in Urgent Repair (URP) funds over the remainder of FY20-24 ConPlan.
- Additionally, the City will have available in FY20-21 approximately **\$180,123** in prior year CDBG funds and **\$525,028** in prior year HOME funds (prior year balances as of February 1, 2020) along with program income of **\$3,120** in CDBG and **\$4,048** in HOME. Due to the restrictive use of funds placed on the HOME program to focus on projects and/or activities designed exclusively to create affordable housing for LMI households, the City has historically each year carried over a substantial amount of prior years’ HOME funds when it has not undertaken large development projects.
- Advertisements were published in the Goldsboro News Argus on May 12, 2020, relative to the holding of a May 22, 2020 virtual public meeting before the Commission on Community Relations and Development, on May 15, 2020 relative to the FY20-24 ConPlan and FY20-21 AAP availability for thirty-day review and comment period, and a final advertisement was published on May 30, 2020 relative to the scheduling of June 15, 2020 public hearing before City Council. Comments received at this public

hearing, from the May 22, 2020 virtual public meeting, and during the thirty-day review and comment period will be incorporated as part of Goldsboro's final version of the FY20-24 ConPlan and FY0-21 AAP to be sent to HUD on or before July 15, 2020.

RECOMMENDATION: No action necessary. The Community Relations Department will have a final recommendation of the FY20-24 ConPlan and FY20-21 AAP for the Council's meeting on July 13, 2020.

JUNE 15, 2020 COUNCIL MEETING

SUBJECT: Amendment to the WNB Landlord, LLC Redevelopment Agreements

BACKGROUND: Rehab Development, Inc. (WNB Landlord, LLC), the Design-Build company is investing over \$12M in rehabilitating six historic buildings downtown. All properties are in need of significant rehabilitation to make them productive once again.

The original agreement for this project was approved by Council on November 20, 2017.

The project scope consists of the following properties: 200 E. Walnut Street, 204 E. Walnut Street, 206 E. Walnut Street, 106 S. John Street, 135 W. Walnut Street and 139 W. Walnut Street.

DISCUSSION: The originally approved agreements state the completed project will result in a minimum of 12,000 sq. ft. of commercial, ready-to-lease space and 55 market-rate residential units and successfully repurposing 68,000 sq. ft. of vacant, non-productive space. After official measurements and consulting professionals in the construction process, the project will result in approximately 10,900 sq. ft. of commercial space and not less than 60 market-rate residential units. The total building area will be 67,000 sq. ft.

WNB Landlord, LLC is requesting to amend these agreements to reflect these revisions.

Subject: Wayne National Building Historic Redevelopment Project

Greetings to our patient friends in Goldsboro. As you are all aware, this project has been extraordinarily complicated, for a myriad of reasons, and we have overcome many obstacles together. We are pleased to report that we are finally nearing the finish line in order to be able to commence construction. Thank you for hanging in there with us as circumstances have been a bit turbulent on this one, as these type of projects often can be.

As we are now in the process closing out our final lending in tax credit syndication package. It has been brought to our attention that some of the earlier square footage numbers cited in our Economic Development, Historic Preservation and Urban Redevelopment Agreement between The City of Goldsboro and WNB Landlord, LLC, as well as the Economic Development, Historic Preservation and Urban Redevelopment Agreement between The City of Goldsboro, The County of Wayne and WNB Landlord, LLC need to be slightly modified. In short, the square footage numbers cited in the current agreement that was executed on February 15, 2019, were unfortunately not completely accurate and we apologize for that discrepancy. This was just recently discovered as we are wrapping up final underwriting due diligence and will need to amend the agreements to correctly reflect the most accurate information and square footage numbers we have today.

The scope and size of the project has not changed in any material way. We are actually planning to build 8 more residential units than previously agreed to and the overall project cost has increased since these agreements were finalized. However, the commercial component of the project's square footage, now that we are submitting plans for permit, is slightly less than what our executed agreement stipulates. The building footprints will only allow for approximately 10,900 SF of Commercial Square Footage, which is about 1100 square feet less than cited in the previously executed agreements. The overall building square footage of the project is also coming in at 67,000 square feet, which is 1000 square feet less than the 68,000 square feet cited in these agreements.

We request changing the quantitative facts of both these agreements to be reworded to reflect the following;

1. We will now be building not less than 60 housing units. We are/have submitted plans for **63 units.**
2. We will be building **approximately 10,900 SF of Commercial Space.**
3. The project's entire scope, upon most recent actual measurements done by our Architect, is **approximately 67,000 square feet.**

There are multiple paragraphs in each agreement that need to be amended to correctly reflect these facts and we are happy to have a conversation with anyone from the City or County's office to ensure that these changes are properly reflected if at all necessary.

Many thanks to all for their collective efforts on this and we look forward to having hammers swinging very soon.

Kind regards,

J. Patrick Reilly

II. CITY/COUNTY ECONOMIC DEVELOPMENT, HISTORIC PRESERVATION AND REDEVELOPMENT INCENTIVE. The City and County will begin funding the Grant to Company after certain Project performance measures are met, as set forth in Section II. A hereof.

A. The Grant funding shall begin the first year the Project is placed in service and a Certificate of Occupancy has been issued (the “Base Year”) and the Company presents copies of the Wayne County Tax Assessor’s listing of tax value for the Project Properties to the persons whom notice must be given in Section X (the “Contacts”) along with a request that the incentive payments begin. Company shall update this information at least annually on the anniversary date of the first notification that the investment has been made for the term of this Agreement. Company will promptly provide to the Contacts such information evidencing compliance with this requirement as the City or County may request.

1. The City and County agree to fund the Grant to Company, for a term of ten (10) years beginning in the Base Year.
2. The Grant payments shall be calculated based on the Assessed Valuation of the applicable real property for the applicable tax year as paid multiplied in accordance with the table below.

COUNTY	Year 1 to 5	Year 6	Year 7	Year 8	Year 9	Year 10
Assessed Valuation for applicable Tax Year multiplied by:	0.006635 X 90%	0.006635 X 75%	0.006635 X 60%	0.006635 X 45%	0.006635 X 30%	0.006635 X 15%

CITY	Year 1 to 5	Year 6	Year 7	Year 8	Year 9	Year 10
Assessed Valuation for	0.0065 X 90%	0.0065 X 75%	0.0065 X 60%	0.0065 X 45%	0.0065 X 30%	0.0065 X 15%

applicable Tax Year multiplied by:						
--	--	--	--	--	--	--

- (i) “Assessed Valuation” means the Wayne County Tax Assessor’s official valuation of the applicable real property and improvements thereon for property taxation purposes, subject to the Wayne County’s customary verification procedures and valuation procedures for subsequent years.
 - (ii) The 0.006635 number set forth above is the current ad valorem County tax rate. The 0.0065 number set forth above is the current ad valorem City tax rate. The number is subject to change based on the actual tax rates for the applicable year in which each Grant payment is calculated and paid.
 - (iii) “Tax Year” means the calendar year preceding the payment of an annual Grant payment. For instance, for a 2015 investment, the increase in a property’s value will be captured by the Tax Assessor in 2016 values (January 1, 2016). Ad valorem taxes are billed each August and are due without penalty by the following January 6.
3. Each of the parties agree that calculation of the incentives is based on the Assessed Valuation of the Properties. If the Assessed Value of the Properties (or any part of them) is disputed by the Company, its agents, employees or lawyers, then this Agreement shall be tolled provided that the Company notifies the City and County in writing that it has made such appeal, until the Assessed Value is determined by a tribunal of proper jurisdiction or otherwise resolved, and the Company gives written notice to the City and County the dispute of the Assessed Valuation has been resolved.
 4. The City and County will each pay the Grant to Company in each of the first ten years, as outlined above, in which Company pays taxes for real property located within the Project, provided that the provisions of this Section II have been met and that Company has requested such Grant payment in writing (including written proof of payment of its City and County ad valorem property taxes for the year for which the Company is seeking the Grant). The City, County and Company each are entitled to receive from one another such public records related to the Company’s real property investment in the Project as each may reasonably request.
 5. Upon receipt of a written request from the Company, no later than March 31 of the Base Year, the City and County shall pay the first annual Grant payment to the Company , provided that the data requested under this Section II is verified by City and County staff. City staff may request and are entitled to receive any documents Company gave or showed to the County to allow the County to ascertain the values of the Properties for tax purposes. The real property valuations made by the County Tax Assessor are deemed by both parties to be

the conclusive and final determination of the Investment made by the Company; provided, that the Company does not waive any rights it may have to challenge any assessment under the City's or County's standard procedures and processes. The City and County shall not make any Grant payments based on the values of disputed investments. The City and County shall make the Grant payments in subsequent years provided that Company has met all of the requirements for each successive year as set forth herein and submits documents as required in Section IX.C. accompanied by a request for payment.

6. In no event will the Grant payment for any year exceed 90% of the City or County ad valorem property taxes paid by the Company with respect to the Properties for the corresponding year. In no case shall the City or County make any Grant payment(s) for any year and any subsequent year during which the Company ceases operations. "Ceases Operations", as used herein and hereafter, includes but is not limited to: (i) failing to market vacant residential or commercial spaces within the improvements on the Properties for tenancy, (ii) failing to maintain the improvements on the Properties to applicable state and local building, plumbing, electrical, and fire codes, (iii) failing to maintain minimum housing standards for any residential premises located on the Properties, (iv) failing to maintain any commercial premises located on the Properties applicable minimum standards for use, (v) allowing any improvements to be declared an unsafe building or unfit for human habitation by the local building inspector, (vi) allowing any improvements on the Properties to be labeled as demolition by neglect under applicable City ordinances or zoning code).

III. REDUCTION AND CESSATION OF INCENTIVES.

- A. If Company is not current on all taxes, fees, assessments or other amounts owed to the City or County by Company related to the Project at the time a Grant payment is to be paid, the City and County may set off from any Grant any amount(s) so owed by Company to City or County.
- B. The Investment in the Project by Company must be made by the Investment Date. If, for any reason, Company fails to invest at least Seven Million Nine Hundred Thousand Dollars (\$7,900,000.00), or any part thereof by the Investment Date, the City and County will have no further responsibility to pay the Grant.
- C. The City and County are not required to make any Grant payments to Company at any time after any public announcement by Company of its plan to cease operations at the Project.
- D. The City and County are not required to make any Grant payments to Company at any time after Company or any of its affiliates owning the Project file bankruptcy. Any obligation of the City and County to participate in any further grants associated with the Project shall be terminated.

E. The provisions of this Section III shall survive the termination of this Agreement.

IV. INDEMNIFICATION AND LIMITATIONS. Company will indemnify and hold harmless the City and County, and their officers and employees (the “Indemnified Parties”), for damages imposed upon them by a court of final determination based on any claims of third parties arising out of any act or omission of the Company in the performance required of it by this Agreement, provided, however, that such indemnification (i) is not contrary to law and (ii) shall not apply to third party claims arising out of or relating to a negligent act or omission of the City or County. The City and County agree that none of the foregoing shall be construed to release the City or County from the obligations it has undertaken elsewhere in this Agreement, in connection with the Grant or otherwise. Except as otherwise set forth herein, each Indemnified Party and the Company agrees to pay its own costs incurred in connection herewith, including all costs incurred in connection with the preparation of this Agreement.

V. DISCLAIMER OF WARRANTIES. Company acknowledges that the City and County have not designed the Project, that the City and County have not supplied any plans or specifications with respect thereto and that the City and County: (a) are not a manufacturer of, or dealer in, any of the component parts of the Project or similar facilities, (b) have not made any recommendation, given any advice nor taken any other action with respect to (i) the choice of any supplier, vendor or designer of, or any other contractor with respect to, the Project or any component part thereof or any property or rights relating thereto, or (ii) any action taken or to be taken with respect to the Project or any component part thereof or any property or rights relating thereto at any stage of the construction thereof, and (c) have not made any warranty or other representation, express or implied, that the Project or any component part thereof or any property or rights relating thereto (i) will not result in or cause injury or damage to persons or property, (ii) has been or will be properly designed, or will accomplish the results which Company intends therefore, or (iii) is safe in any manner or respect.

The City and County make no express or implied warranty or representation of any kind whatsoever with respect to the Project or any component part thereof, including but not limited to any warranty or representation with respect to the merchantability or the fitness or suitability thereof for any particular purpose, and further including the design or condition thereof, the safety, workmanship, quality, or capacity thereof; compliance thereof with the requirements of any law, rule, specification or contract pertaining thereto; any latent defect; the Project’s ability to perform any function; or any other characteristic of the Project; it being agreed that as between the City/County and Company, Company is to bear all risks relating to the Project, the completion thereof or the transactions contemplated hereby and Company hereby waives the benefits of any and all implied warranties and representation of the City and County.

The provision of this Section V shall survive the Agreement’s termination.

VI. TERMINATION OF AGREEMENT. This Agreement shall terminate after the City and County have made the last of the Grant payments required by this Agreement. After such termination, this Agreement will be null and void, and the parties to this Agreement will have no further obligations hereunder or pursuant to this Agreement from one to the other thereafter, except as specifically noted in this Agreement and in Section III, E.

VII. ASSIGNMENTS. The Company shall not assign this Agreement or any portion thereof without the written consent of the City and County, nor shall the Company assign any funds due or to become due to it hereunder without the prior written consent of the City and County; provided, however, the Company shall be permitted to assign this Agreement or any portion thereof, or any funds due or to become due to it hereunder, to any direct or indirect wholly-owned subsidiary or other related party of the Company or to any company that is the successor by merger, asset purchase or otherwise to all or substantially all of its business (and any such party shall assume all obligations of the Company under this Agreement). However, in the event of such assignment, the Company will still remain ultimately responsible and liable for the performance of the Company's obligations hereunder.

- L. **NOTICE OF POTENTIAL DISCLOSURE OF CONFIDENTIAL COMPANY INFORMATION.** The Company acknowledges that it has been informed by the City and County that the City and County are required by North Carolina law to disclose “Public Records” as the term is defined by North Carolina General Statutes §132-1, upon request. All information disclosed to the City and County by the Company which is subject to that definition and whose disclosure is not otherwise protected by law will be released by the City and County upon request as provided by North Carolina General Statutes §132-6. The City or County may withhold from disclosure confidential records as defined by North Carolina General Statutes §132-1.2. The Company acknowledges that it has read and is familiar with the City and County obligations of public disclosure of documents and the definitions of confidential documents as contained in Chapter 132 of the North Carolina General Statutes. Exhibit A

COVENANTS

WHEREAS, the properties located at 200 E. Walnut Street, 202 E. Walnut Street, 204 E. Walnut Street, 206 E. Walnut Street, 106 S. John Street, 135 W. Walnut Street and 139 W. Walnut Street, in Goldsboro, Wayne County, North Carolina, hereinafter referred to as the “Subject Property”, are buildings of recognized historical, cultural and architectural significance; and

WHEREAS, the City of Goldsboro (hereafter the “City”) and WNB Landlord, LLC, a North Carolina limited liability company (hereafter the “Company”) both desire that the Subject Property be rehabilitated and preserved for the enjoyment and edification of future generations; and

WHEREAS, the City and the Company both desire that the Subject Property shall retain its historically and architecturally significant features, while being sympathetically adapted and altered, where necessary, to provide for contemporary uses; and

WHEREAS, the City acquires certain rights pursuant to historic preservation agreements that will insure that structures located within the state of North Carolina of recognized historical and architectural significance are preserved and maintained for the benefit of future generations; and

WHEREAS, the North Carolina General Assembly has enacted the Historic Preservation and Conservation Agreements Act validating restrictions, easements, covenants, conditions or otherwise, appropriate to the preservation of a structure or site historically significant for its architectural, archeological or historical associations; and

WHEREAS, the City and the Company have entered into an Agreement for the purposes of the provision of an incentive to aid in the rehabilitation, redevelopment of the Subject Property for historic preservation, economic development, and downtown revitalization within the context of the Goldsboro municipal service district and a previously designated urban progress zone.

NOW THEREFORE, the Company hereby agrees that the Subject Property shall be and shall permanently remain subject to the following agreements easements, covenants and restrictions (collectively, the “Covenants”):

1. These Covenants shall be administered by the City, its successors in interest or assigns; and in all subsequent conveyances of Subject Property, the City, its successors in interest or assigns shall be the sole party entitled to administer these Covenants. In the event that the City, or its successors in interest by corporate merger cease to exist, then in such event the City shall assign all of its rights and interests in these Covenants subject to such duties and obligations which it assumes hereby to a non-profit corporation of responsibility which exists for substantially the same purpose (as described hereinabove); if no such corporation be available for such assignment then, under such circumstances

such assignment shall be made to the State of North Carolina which shall be the sole party entitled to administer those Covenants.

2. The Company covenants and agrees to rehabilitate the Subject Property according to the terms, conditions, and deadlines of the Economic Development Historic Preservation & Urban Redevelopment Agreement between the City of Goldsboro, County of Wayne and WNB Landlord, LLC (the "Agreement"), by or before the Investment Date (as defined in the Agreement) and in accordance to the Department of the Interior's Standards for Rehabilitation (the "Rehabilitation Standards") and, after rehabilitation, to continuously maintain, repair, and administer the Subject Property herein described in accordance with the Secretary of the Interior's Standards for the Treatment of Historic Properties (1992) (the "Historic Properties Standards") so as to preserve the historical integrity of features, materials, appearances, workmanship and environment of the Subject Property. Maintenance shall be continuously provided. Said Rehabilitation Standards are attached hereto and incorporated in these Covenants by reference. No building located on the Subject Property may be removed or demolished without the prior written approval of the City.
3. The Company covenants and agrees that the Subject Property, upon completion of rehabilitation construction and issuance of a Certificate of Occupancy (CO), will be made available for lease at market rate rental rates consistent with the then current market rate level for downtown Goldsboro.
4. The Company shall abide by all federal, state, and local laws and ordinances regulating the rehabilitation, maintenance and use of the Subject Property.
5. When seeking modifications or waivers to the Rehabilitation Standards, the Company shall give written notice to the City. If the City fails to respond within forty-five (45) days, then the Company shall have the right to proceed according to its plans. The City's decisions shall be based on the Standards (1992) and shall not be unreasonably withheld.
6. In case of any contemplated sale of the Subject Property or any portion thereof by the Company or any successor in title thereto within ten (10) years of the Base Year, upon receipt of any bona fide offer from a third party to purchase the Subject Property or any portion thereof which the Company or its successor in title desires to accept, Company or its successors in title must notify the City or its successors of such bona fide offer. The City shall notify Company or its successor in title of its willingness to exercise its right of first refusal and purchase said property upon the same or better terms as set forth in the bona fide offer within thirty (30) days of receipt of said notice of such bona fide offer. Failure of the City to notify Company or its successor in title of its intention to exercise this right of first refusal within such thirty (30) day period shall be deemed a waiver by the City and its successors to exercise its right of first refusal, the right of first refusal shall lapse and Company and its successors in title shall be free to sell the Subject Property or any portion thereof pursuant to the bona fide offer. Provided, however, that if there are any outstanding deeds of trust or other encumbrances against the Subject

Property, the City's purchase shall be subject to said deeds of trust or encumbrances, and they shall either be satisfied or assumed as part of the purchase price.

7. In the event of a violation of these Covenants, which violation is not cured within ninety days of the Company's receipt of notice from the City regarding such violation, the Company shall repay to the City and County of Wayne (the "County") any incentives funded to the Company pursuant to the Agreement in which these Covenants were referenced and/or incorporated. Such funds shall be immediately due and payable and all sums disbursed to the Company by the City and/or County pursuant to such Agreement shall be refunded to the City and/or County, plus interest at the then legal rate as set by the State of North Carolina, said interest being calculated as accruing as of the date the funds were disbursed from the City and/or County to the Company.
8. Representatives of the City shall have the right to enter the Subject Property at reasonable times, after giving reasonable notice, for the purpose of inspecting the buildings and grounds to determine if there is compliance by the Company with the terms of these Covenants.
9. For a period of ten (10) years from the date of the recordation of this Agreement, researchers, scholars, and groups especially interested in historic preservation shall have access to view the interior of the Subject Property by special appointment at various times and intervals at times both desirable to the public and convenient with the Company.
10. The Company shall insure any building located on the Subject Property against damage by fire or other catastrophe. If any original structure is damaged by fire or other catastrophe to an extent not exceeding fifty percent (50%) of the insurable value of those portions of the building, then insurance proceeds shall be used to rebuild those portions of the building in accordance with the Rehabilitation Standards.
11. The Company shall keep the Subject Property insured under a comprehensive general liability policy that names the City as an additional insured and that protects the Company and the City against claims for personal injury, death and property damage.
12. All rights of mortgagees to the Subject Property are subject and subordinate at all times to the rights of the City to enforce these Covenants. The Company will provide a copy of these Covenants to all mortgagees of the Subject Property and has caused all mortgagees as of the date of this deed to subordinate the priority of their liens to these Covenants. All subordination agreements executed by the mortgagees holding a lien on the Subject Property shall relate only to the preservation of the historic architecture of the Subject Property. In order to facilitate financing of the Subject Property and closing of financing to fund the rehabilitation of the Subject Property, the City will negotiate in good faith with all mortgagees with respect to the form and substance of any such subordination agreements.
13. The Company does hereby covenant to carry out the duties specified herein, and these restrictions shall be covenants and restrictions running with the land, which the

Company, its heirs, successors, and assigns, covenant and agree, in the event the Subject Property is sold or otherwise disposed of, will be inserted in the deed or other instrument conveying or disposing of the Subject Property, but such failure to include such covenants and restrictions in the deed will not constitute a default by the Company hereunder.

14. The Subject Property may contain certain hazards as a result of outdated building practices or use of certain materials that may contain lead paint, asbestos, or some other hazards that may need to be removed or encapsulated before the buildings located thereon are habitable. Addressing these problems is one of the challenges of owning and restoring a historic property. The City does not have the resources to correct these problems and cannot take responsibility for the condition of the Subject Property. The City is not liable in any way for any hazards, defects, or other problems with the Subject Property.
15. The Company and the City recognize that an unexpected change in the conditions surrounding the Subject Property may make impossible or impractical the continued use of the Subject Property for conservation purposes and necessitate the extinguishment or termination of these Covenants. If not mutually agreed upon by the Parties, such an extinguishment must be the result of a final judicial proceeding.
16. In the event of a violation of these Covenants, the City may enforce the remedies set forth herein and pursue all legal and equitable remedies, including injunctive relief, specific performance, and damages. No failure on the part of the City to enforce any covenant or restriction herein nor the waiver of any right hereunder by the City shall discharge or invalidate such covenant or restriction or any other covenant, condition or restriction hereof, or affect the right of the City to enforce the same in event of a subsequent breach or default.
17. Unless otherwise provided, the covenants and restrictions set forth above shall run in perpetuity.

The Standards that follow were originally published in 1977 and revised in 1990 as part of Department of the Interior regulations (36 CFR Part 67, Historic Preservation Certifications). They pertain to historic buildings of all materials, construction types, sizes, and occupancy and encompass the exterior and the interior of historic buildings. The Standards also encompass related landscape features and the building's site and environment as well as attached, adjacent or related new construction.

The Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.

7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

RECITALS

WHEREAS, this agreement between the parties relates to an economic development, historic preservation, Municipal Service District and downtown urban redevelopment project to assist the Company in the rehabilitation of six (6) buildings that will result in mixed-use space within the Central Business District of ~~at least fifty five (55)~~ not less than sixty (60) apartments and ~~twelve thousand (12,000)~~ approximately ten thousand nine hundred (10,900) square feet of commercial space affecting ~~over sixty eight thousand (68,000)~~ approximately sixty-seven thousand (67,000) square feet of valuable historic buildings in the City of Goldsboro, North Carolina (the “Project”), as further described in Section I.A. of this Agreement; and

WHEREAS, the City established said ordinances because historic sites and structures are valued and important assets of Goldsboro and it is recognized that protecting and conserving these sites and structures is vital to the preservation of the heritage of Goldsboro; and

WHEREAS, the buildings being considered for redevelopment will result in historic preservation activities of the highest standard established by the Department of Interior’s Standards for Historic Preservation including the rehabilitation and/or improvement to the historic exterior façade of the Project’s buildings; and

WHEREAS, Company has agreed to enter into a historic preservation agreement with the City whereby Company grants to the City historic preservation easements and restrictions, in the form attached hereto as Exhibit A, upon the Project for the protection of the historic assets located upon the Project, and said easements and restrictions shall be recorded in the Office of the Wayne County Register of Deeds in form and substance substantially similar to Exhibit A; and

WHEREAS, North Carolina General Statutes Chapter 160A, Article 23, allows municipalities to create Municipal Service Districts (MSD) or Business Improvement Districts in downtown areas for downtown revitalization that creates a special taxing district that municipalities can establish to fund, among other services or functions, “downtown revitalization projects.” The statutes describe downtown revitalization projects as services, functions, and developmental activities intended to further the economic well-being of the downtown area, and permit the promotion of business investment in the downtown area; and

WHEREAS, the City established a MSD by ordinance 1977-102 and considers the Project for which it is providing a loan to be a “downtown revitalization project” of significance; and

WHEREAS, North Carolina General Statutes § 143B-437.09 allows municipalities to create Urban Progress Zones (“UPZs”) to help stimulate investment and job creation in economically distressed urban areas and North Carolina’s Urban Redevelopment Law, G.S. Chapter 160A, Article 22, authorizes a local government to exercise special statutory powers within a designated geographic area called a “redevelopment area” because the growth of the area is impaired by the presence of dilapidated or obsolete buildings, overcrowding, or other unsafe conditions, or in danger of becoming blighted; and

WHEREAS, “programs of assistance and financing, including the making of loans, for rehabilitation, repair, construction, acquisition, or reconditioning of residential units and commercial and industrial facilities in a redevelopment area” may be utilized in a redevelopment area under the Urban Redevelopment Law; and

WHEREAS, the state previously adopted two UPZs for the City and the Project for which this loan is being made is contained within the boundaries of the area previously designated by the state as a UPZ; and

WHEREAS, the properties described in Section I.A. of this Agreement have either been vacant or underutilized with insignificant reinvestment and repairs for a substantial time and the City attempted to secure investors for four of the properties that make up the Project and received only one response; and

WHEREAS, the City deems the making of this loan and the rehabilitation of the Project, as more particularly described herein, which will result in historic rehabilitation, reinvestment and reuse of the Properties (as defined below) as a mixed-use project, to be in the best interest of downtown Goldsboro, the City, and its citizens; and

WHEREAS, the City deems this Project to be: (1) an economic development project that will benefit the public, spur job creation and result in an increase in property value whereby the

City will recoup its invested funds from revenue generated by improvements to the property; (2) address urban renewal of a blighted area as recognized by the State through its prior UPZ classification; and (3) aid in downtown revitalization efforts within the established Goldsboro MSD by promoting business investment in the downtown areas; and

WHEREAS, to encourage community comment and to fulfill the requirements of the North Carolina General Statutes, following advertisement in the *Goldsboro News Argus*, the City Council held a public hearing on offering this Agreement to the Company at a regularly scheduled meeting held on November 20, 2017; and

WHEREAS, the Company fully intends to repair and rehabilitate the Project according to the standards of the US Department of the Interior Standards for Historic Preservation, attached hereto and incorporated herein by reference, and all City, County, and North Carolina standards and codes including rehabilitation and/or improvements to the historic exterior façade of the Project's buildings. The City hereby acknowledges that the terms of this Agreement, including specifically a forgiveness of indebtedness, if measures are achieved, as described in this Agreement, constitute a dispositive inducement to the City to enter into this Agreement. Similarly, the Company hereby acknowledges that its decision to rehabilitate the Project resulted from the offer of local incentives and other assistance described in this Agreement and that such local incentives and other assistance serve a valid public purpose; and

WHEREAS, the following Agreement will serve as the contractual agreement between the City and the Company for the establishment, use and outcome of the land and forgiveness of debt to assure this Project's implementation and the rehabilitation and/or improvements to the historic exterior façade of the Project's buildings.

NOW, THEREFORE, for and in consideration of the mutual covenants, including those attached hereto in Exhibit A and incorporated herein by reference, and agreements set forth herein, the parties hereby agree to the following:

Disbursement of loan proceeds shall begin at the Company's written request as provided in Section II, below.

B. BUILD, OPEN AND OPERATE PROJECT.

1. Company must repair, rehabilitate, open and operate the Project as a mixed-use project including ~~at least fifty-five (55)~~ not less than sixty (60) apartment units and the creation of ~~at least twelve thousand (12,000)~~ approximately ten thousand nine hundred (10,900) square feet of commercial space, affecting approximately ~~sixty-eight thousand (68,000)~~ sixty seven thousand (67,000) square feet of historic square footage in downtown Goldsboro.

3. Company shall comply with all requirements of the City's planning, development and land use ordinances, as they may from time to time be amended, in developing the Project.
4. Company agrees to maintain and operate all units within this Project at market-rate rental rates consistent with the then current market-rate level for downtown Goldsboro at such time as the Project receives a Certificate of Occupancy, unless otherwise agreed upon between the parties in writing amending this agreement.

II. CITY ECONOMIC DEVELOPMENT, HISTORIC PRESERVATION AND REDEVELOPMENT INCENTIVE. The City will provide a Three Hundred Thousand Dollar (\$300,000.00) performance based loan to Company (the "Loan") paid out after certain Project performance measures are met and, provided that the provisions of this Agreement are met, the loan will be forgiven. Satisfaction of the promissory note and release and termination of the deed of trust will occur 10 years after the occurrence of the disbursement set forth in II. B.3. below and in accordance to Section III, Paragraph E of this Agreement. Prior to funding of the loan, the Company shall grant the City a subordinate lien on the properties, until specified in Section II, Paragraph B, Subparagraph 3. The City's lien shall be in the form of a Deed of Trust securing the indebtedness in a Promissory Note of even date therewith in form acceptable to both the City and the Company, which Deed of Trust shall be subordinate to all other purchase money and construction Deeds of Trust encumbering the Project resulting from the rehabilitation of the Project. The City agrees to execute all additional documentation required by the Company's investors and lenders to evidence the subordinate nature of the City's lien on the Project as to those Deeds of Trust incurred in the rehabilitation of the Project.

- A. In consideration of the Company's agreement to conduct the Project and to subject the Project to the covenants contained in "Exhibit A", the City will provide the Loan pursuant to the terms set forth in Section B to the Company.
- B. The Loan shall be distributed in three installments of One Hundred Thousand and No/100 Dollars (\$100,000.00) each during the course of construction. Each disbursement shall be issued only after the Company provides a written request for the specific installment, along with the enumerated approval, permit or certificate documentation to the Project Coordinator at the address listed in Section IX. The disbursement of the Loan will be paid out as described below.
 1. The first disbursement of One Hundred Thousand and No/100 Dollars (\$100,000.00) will be made upon approval of the Company's construction plans and issuance of a building permit by the City for rehabilitation of two of the properties located at 135 W. Walnut Street and 139 W. Walnut Street.

2. The second disbursement of One Hundred Thousand and No/100 Dollars (\$100,000.00) will be made upon acknowledgment by the Company and the City Inspections Department that the rehabilitation of 135 W. Walnut Street and 139 W. Walnut Street have reached 50% of the total project construction and that the Company has submitted construction plans and received building permits for the remaining four properties, located at 200 E. Walnut Street, 202 E. Walnut Street, 204 E. Walnut Street, 206 E. Walnut Street and 106 S. John Street.
 3. The third and final disbursement of One Hundred Thousand and No/100 Dollars (\$100,000.00) will be made when Company has received a Certificate of Occupancy for each of the Project properties within the Project Scope, in fulfillment of the Three Hundred Thousand and NO/100 Dollar (\$300,000.00) incentive.
- C. In no case shall the City make any disbursement of funds for any year and any subsequent year during which the Company ceases operations (“ceases operations”, as used herein and hereafter, includes but is not limited to: (i) failing to market vacant properties for tenancy, (ii) failing to maintain the property to applicable state and local building, plumbing, electrical, and fire codes, (iii) failing to maintain minimum housing standards for residential premises, (iv) failing to maintain commercial premises to applicable minimum standards for use, (v) allowing any premises to be declared an unsafe building or unfit for human habitation by the local building inspector, (vi) allowing any property to be labeled as demolition by neglect under applicable City ordinances or zoning code) at any property constituting the Project.

III. REDUCTION, RECAPTURE AND CESSATION OF INCENTIVES.

- A. If Company is not current on all taxes, fees, assessments or other amounts owed to the City by Company related to the Project at the time a loan disbursement is to be made, the City may set off from any disbursement amount(s) so owed by Company to City.
- B. TIMELINE FOR INVESTMENT.
1. The Investment in the Project by the Company must be made no later than the Investment Date. All written disbursement requests must be submitted not later than fifteen (15) days prior to the Investment Date.
 2. If for any reason Company fails to invest at least Seven Million Nine Hundred Thousand Dollars (\$7,900,000), or any part thereof by the Investment Date, the City will have no further responsibility to make loan disbursements after the Investment Date.
- C. If Company ceases to operate any property constituting the Project at any time within ten years of the effective date of this Agreement, then Company shall not be entitled to any further loan disbursements otherwise due the Company under this Agreement.

- D. The City is not required to make any loan disbursements to Company at any time after any public announcement by Company of its plan to cease operations at the Project or at any time after Company or any of its affiliates owning the Project file bankruptcy.
- E. If the Company, at its election, either ceases operations at any Property constituting the Project or otherwise ceases to use the Project for the purposes contemplated herein, in either case within ten years after the issuance of a Certificate of Occupancy for the last building included in the Project (the “Final CO Date”), for any reason other than nonperformance by the City of its covenants under this Agreement, then, at the City’s request, the Company shall refund to the City a percentage of the Loan previously funded to the Company, in each case depending on the year after the Final CO Date in which the Company ceases operations at any of the properties constituting the Project, as determined by the following:

Year 0-2:	100%
Year 3-4:	85%
Year 5-6:	50%
Year 7-8:	35%
Year 9-10:	15%

- F. The provisions of this Section III shall survive the termination of this Agreement.

IV. INDEMNIFICATION AND LIMITATIONS. Company will indemnify and hold harmless the City, and its officers and employees (the “Indemnified Parties”), for damages imposed upon them by a court of final determination based on any claims of third parties arising out of any act or omission of the Company in the performance required of it by this Agreement, provided, however, that such indemnification (i) is not contrary to law and (ii) shall not apply to third party claims arising out of or relating to a negligent act or omission of the City. The City agrees that none of the foregoing shall be construed to release the City from the obligations it has undertaken elsewhere in this Agreement, in connection with the Loan or otherwise. Except as otherwise set forth herein, each Indemnified Party and the Company agrees to pay its own costs incurred in connection herewith, including all costs incurred in connection with the preparation of this Agreement.

V. DISCLAIMER OF WARRANTIES. Company acknowledges that the City has not designed the Project, that the City has not supplied any plans or specifications with respect thereto and that the City: (a) is not a manufacturer of, or dealer in, any of the component parts of the Project or similar facilities, (b) has not made any recommendation, given any advice nor taken any other action with respect to (i) the choice of any supplier, vendor or designer of, or any other contractor with respect to, the Project or any component part thereof or any property or rights relating thereto, or (ii) any action taken or to be taken with respect to the Project or any component part thereof or any property or rights relating thereto at any stage of the construction thereof, and (c) has not made any warranty or other representation, express or implied, that the Project or any component part thereof or any property or rights relating thereto (i) will not result in or cause injury or damage to persons or property, (ii) has

been or will be properly designed, or will accomplish the results which Company intends therefore, or (iii) is safe in any manner or respect.

The City makes no express or implied warranty or representation of any kind whatsoever with respect to the Project or any component part thereof, including but not limited to any warranty or representation with respect to the merchantability or the fitness or suitability thereof for any particular purpose, and further including the design or condition thereof, the safety, workmanship, quality, or capacity thereof; compliance thereof with the requirements of any law, rule, specification or contract pertaining thereto; any latent defect; the Project's ability to perform any function; or any other characteristic of the Project; it being agreed that as between the City and Company, Company is to bear all risks relating to the Project, the completion thereof or the transactions contemplated hereby and Company hereby waives the benefits of any and all implied warranties and representation of the City.

The provisions of this Section V shall survive the Agreement's termination.

- VI. **TERMINATION OF AGREEMENT.** This Agreement shall terminate ten (10) years after the Final CO Date. After such termination, this Agreement will be null and void, and the parties to this Agreement will have no further obligations from one to the other thereafter, except as specifically noted in this Agreement and in Section III, E.
- VII. **ASSIGNMENTS.** The Company shall not assign this Agreement or any portion thereof without the written consent of the City, nor shall the Company assign any funds due or to become due to it hereunder without the prior written consent of the City; provided, however, the Company shall be permitted to assign this Agreement or any portion thereof, or any funds due or to become due to it hereunder, to any direct or indirect wholly-owned subsidiary or other related party of the Company or to any company that is the successor by merger, asset purchase or otherwise to all or substantially all of its business (and any such party shall assume all obligations of the Company under this Agreement). However, in the event of such assignment, the Company will still remain ultimately responsible and liable for the performance of the Company's obligations hereunder.

Failure by Company to respond to City within thirty (30) days of City's reasonable request for placement of an antenna(s) and related equipment on said rooftop shall constitute a waiver of City's requirement to obtain such consent. Prior to installation, City shall provide specifications of all equipment to Company. In addition to rooftop access for installation of the antenna and supplemental equipment, Company agrees to allow City and/or City's designee reasonable access for routine maintenance of all equipment and for the replacement of said antenna and/or equipment. City and/or City's designee shall have said rooftop use and access for a period of twenty (20) years from the date Company, its affiliates and/or subsidiaries obtain ownership of the Wayne National Building Property. City and Company agree to engage in good faith negotiations for an extension, at City's request, upon the termination of the initial twenty (20) year term. In the event Company, its affiliates and/or subsidiaries sell the Wayne National Building Property during the initial twenty (20) year term, Company, its affiliates and/or subsidiaries shall convey to City an easement for rooftop access as described hereinabove, for the remainder of said initial term, to be recorded in the office of the Wayne County Register of Deeds.

Exhibit A

COVENANTS

WHEREAS, the properties located at 200 E. Walnut Street, 202 E. Walnut Street, 206 E. Walnut Street, 106 S. John Street, 135 W. Walnut Street and 139 W. Walnut Street, in Goldsboro, Wayne County, North Carolina, hereinafter referred to as the “Subject Property”, are buildings of recognized historical, cultural and architectural significance; and

WHEREAS, the City of Goldsboro (hereafter the “City”) and WNB Landlord, LLC, a North Carolina limited liability company (hereafter the “Company”) both desire that the Subject Property be rehabilitated and preserved for the enjoyment and edification of future generations; and

WHEREAS, the City and the Company both desire that the Subject Property shall retain its historically and architecturally significant features, while being sympathetically adapted and altered, where necessary, to provide for contemporary uses; and

WHEREAS, the City acquires certain rights pursuant to historic preservation agreements that will insure that structures located within the state of North Carolina of recognized historical and architectural significance are preserved and maintained for the benefit of future generations; and

WHEREAS, the North Carolina General Assembly has enacted the Historic Preservation and Conservation Agreements Act validating restrictions, easements, covenants, conditions or otherwise, appropriate to the preservation of a structure or site historically significant for its architectural, archeological or historical associations; and

WHEREAS, the City and the Company have entered into an Agreement for the purposes of the provision of an incentive to aid in the rehabilitation, redevelopment of the Subject Property for historic preservation, economic development, and downtown revitalization within the context of the Goldsboro municipal service district and a previously designated urban progress zone.

NOW THEREFORE, the Company hereby agrees that the Subject Property shall be and shall permanently remain subject to the following agreements easements, covenants and restrictions (collectively, the “Covenants”):

1. These Covenants shall be administered by the City, its successors in interest or assigns; and in all subsequent conveyances of Subject Property, the City, its successors in interest or assigns shall be the sole party entitled to administer these Covenants. In the event that the City, or its successors in interest by corporate merger cease to exist, then in such event the City shall assign all of its rights and interests in these Covenants subject to such duties and obligations which it assumes hereby to a non-profit corporation of responsibility which exists for substantially the same purpose (as described hereinabove); if no such corporation be available for such assignment then, under such circumstances such assignment shall be made to the State of North Carolina which shall be the sole party entitled to administer those Covenants.

2. The Company covenants and agrees to rehabilitate the Subject Property according to the terms, conditions, and deadlines of the Economic Development Historic Preservation & Urban Redevelopment Agreement between the City of Goldsboro, County of Wayne and WNB Landlord, LLC (the "Agreement"), by or before the Investment Date (as such term is defined in the Agreement) and in accordance to the Department of the Interior's Standards for Rehabilitation (the "Rehabilitation Standards") and, after rehabilitation, to continuously maintain, repair, and administer the Subject Property herein described in accordance with the Secretary of the Interior's Standards for the Treatment of Historic Properties (1992) (the "Historic Properties Standards") so as to preserve the historical integrity of features, materials, appearances, workmanship and environment of the Subject Property. Maintenance shall be continuously provided. Said Rehabilitation Standards are attached hereto and incorporated in these Covenants by reference. No building located on the Subject Property may be removed or demolished without the prior written approval of the City.
3. The Company covenants and agrees that the Subject Property, upon completion of rehabilitation construction and issuance of a Certificate of Occupancy (CO), will be made available for lease at market rate rental rates consistent with the then current market rate level for downtown Goldsboro.
4. The Company shall abide by all federal, state, and local laws and ordinances regulating the rehabilitation, maintenance and use of the Subject Property.
5. When seeking modifications or waivers to the Rehabilitation Standards, the Company shall give written notice to the City. If the City fails to respond within forty-five (45) days, then the Company shall have the right to proceed according to its plans. The City's decisions shall be based on the Standards (1992) and shall not be unreasonably withheld.
6. In case of any contemplated sale of Subject Property or any portion thereof by the Company or any successor in title thereto within ten (10) years of the Final CO Date, upon receipt of any bona fide offer from a third party to purchase the Subject Property or any portion thereof which the Company or its successor in title desires to accept, Company or its successor in title must notify the City or its successors of such bona fide offer. The City shall notify Company or its successors in title of its willingness to exercise its right of first refusal and purchase said property upon the same or better terms as set forth in the bona fide offer within thirty (30) days of receipt of said notice of such bona fide offer. Failure of the City to notify Company or its successor in title of its intention to exercise this right of first refusal within such thirty (30) day period shall be deemed a waiver by the City and its successors to exercise its right of first refusal, the right of first refusal shall lapse and Company and its successors in title shall be free to sell the Subject Property or any portion thereof pursuant to the bona fide offer. Provided, however, that if there are any outstanding deeds of trust or other encumbrances against the Subject Property, the City's purchase shall be subject to said deeds of trust or encumbrances, and they shall either be satisfied or assumed as part of the purchase price.
7. In the event of a violation of these Covenants, which violation is not cured within ninety days of the Company's receipt of notice from the City regarding such violation, the Company shall

repay to the City and County of Wayne (the “County”) any incentives funded to the Company pursuant to the Agreement in which these Covenants were referenced and/or incorporated. Such funds shall be immediately due and payable and all sums disbursed to the Company by the City and/or County pursuant to such agreement shall be refunded to the City and/or County, plus interest at the then legal rate as set by the State of North Carolina, said interest being calculated as accruing as of the date the funds were disbursed from the City and/or County to the Company.

8. Representatives of the City shall have the right to enter the Subject Property at reasonable times, after giving reasonable notice, for the purpose of inspecting the buildings and grounds to determine if there is compliance by the Company with the terms of these Covenants.
9. For a period of ten (10) years from the Final CO Date, researchers, scholars, and groups especially interested in historic preservation shall have access to view the interior of the Subject Property by special appointment at various times and intervals at times both desirable to the public and convenient with the Company.
10. The Company shall insure any building located on the Subject Property against damage by fire or other catastrophe. If any original structure is damaged by fire or other catastrophe to an extent not exceeding fifty percent (50%) of the insurable value of those portions of the building, then insurance proceeds shall be used to rebuild those portions of the building in accordance with the Rehabilitation Standards.
11. The Company shall keep the Subject Property insured under a comprehensive general liability policy that names the City as an additional insured and that protects the Company and the City against claims for personal injury, death and property damage.
12. All rights of mortgagees to the Subject Property are subject and subordinate at all times to the rights of the City to enforce these Covenants. The Company will provide a copy of these Covenants to all mortgagees of the Subject Property and has caused all mortgagees as of the date of this deed to subordinate the priority of their liens to these Covenants. All subordination agreements executed by the mortgagees holding a lien on the Subject Property shall relate only to the preservation of the historic architecture of the Subject Property. In order to facilitate financing of the Subject Property and closing of financing to fund the rehabilitation of the Subject Property, the City will negotiate in good faith with all mortgagees with respect to the form and substance of any such subordination agreements.
13. The Company does hereby covenant to carry out the duties specified herein, and these restrictions shall be covenants and restrictions running with the land, which the Company, its heirs, successors, and assigns, covenant and agree, in the event the Subject Property is sold or otherwise disposed of, will be inserted in the deed or other instrument conveying or disposing of the Subject Property, but such failure to include such covenants and restrictions in the deed will not constitute a default by the Company hereunder.
14. The Subject Property may contain certain hazards as a result of outdated building practices or use of certain materials that may contain lead paint, asbestos, or some other hazards that may

need to be removed or encapsulated before the buildings located thereon are habitable. Addressing these problems is one of the challenges of owning and restoring a historic property. The City does not have the resources to correct these problems and cannot take responsibility for the condition of the Subject Property. The City is not liable in any way for any hazards, defects, or other problems with the Subject Property.

15. The Company and the City recognize that an unexpected change in the conditions surrounding the Subject Property may make impossible or impractical the continued use of the Subject Property for conservation purposes and necessitate the extinguishment or termination of these Covenants. If not mutually agreed upon by the Parties, such an extinguishment must be the result of a final judicial proceeding.
16. In the event of a violation of these Covenants, the City may enforce the remedies set forth herein and pursue all legal and equitable remedies, including injunctive relief, specific performance, and damages. No failure on the part of the City to enforce any covenant or restriction herein nor the waiver of any right hereunder by the City shall discharge or invalidate such covenant or restriction or any other covenant, condition or restriction hereof, or affect the right of the City to enforce the same in event of a subsequent breach or default.
17. Unless otherwise provided, the covenants and restrictions set forth above shall run in perpetuity.

The Standards that follow were originally published in 1977 and revised in 1990 as part of Department of the Interior regulations (36 CFR Part 67, Historic Preservation Certifications). They pertain to historic buildings of all materials, construction types, sizes, and occupancy and encompass the exterior and the interior of historic buildings. The Standards also encompass related landscape features and the building's site and environment as well as attached, adjacent or related new construction.

The Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.

8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Re: FY19-20 Operating Budget Amendment

FINAL FY19-20 BUDGET AMENDMENT DETAIL

Please find below a discussion of the items presented for the final FY19-20 Operating Budget Amendment for the General Fund and Utility Fund.

GENERAL FUND – DEBT SERVICE (8111)

Incorrect Debt Amortization \$694,528

In working on a financial analysis model with our financial advisors, Davenport & Co., LLC, we discovered that there were errors in the amortization schedules for several loans held by the City. The effect of the errors was an incorrect split between the General Fund and Utility Fund whereby the General Fund underpaid its share of principal and interest, and the Utility Fund overpaid its share of principal and interest through June 30, 2020 in an amount of \$694,528.

Loans Affected

2008 GO Bonds \$7.425M (Debt #021-GE) 5/23/2017
Refunding 2008 General Fund Street Bonds \$1.635M
Refunding 2010 Utility Fund Sewer Bonds \$5.79M

Bank of America Loan \$7.532M (Debt #019-GE) 3/23/2017
General Fund Vehicles/Equipment \$1.911M
Utility Fund Vehicles/Equipment \$275K
AMI Infrastructure \$5.346M

Bank of America Loan \$4.659M (Debt #004-GE) 3/6/2012
General Fund Streetscape Project \$896K
Utility Fund Refunding AMR Loan \$1.036M
General Fund Refunding City Hall Phase II BB&T \$2.727M

Background

The previous Finance Director used the percentage allocation that is found on the LGC Debt Ledger sheet to split the debt between the funds. However, when the debt was issued there were specific allocations based on what was being refinanced/financed, and in some cases the maturity was kept the same as the original debt which was shorter than the overall life of the loan.

When I came aboard in late January, 2019, I was given paper copies of the loan amortization schedules used by the previous Finance Director and no other direction that the loans had any other split or allocation other than what was in the copies.

I took it upon myself to create an excel workbook that captured the amortization schedules along with the splits between the funds so that I could have a means to check debt principal and interest when preparing budget and audit schedules. I used the paper copies of the loan amortization schedules as my document workpaper.

In March, 2020 the City Manager asked our financial advisors, Davenport, to develop a model to help in budgeting for future years since they have done similar work in the past for the City. I provided my excel amortization schedules to them so they could update and compare both sets of records. In this process, Mitch Brigulio (Davenport) found errors in the three loans above that had significant differences between what I had on my amortization schedules in comparison to their amortization schedules. Davenport has all of the City's debt records, loan closing documents and has assisted on all major financing. On April 9th, Mr. Brigulio explained that the three loans in question were refinanced loans of different types and maturities of loans. The final loan closing documents he provided to me clearly showed what he described. He said that Davenport frequently ran into issues with other governments where the government will use the percentage allocation that shows on the LGC debt ledger even when the financing had differing allocations of principal and interest, and differing maturity levels. This is not an error on the LGC's part, it's just that the LGC records don't reflect that much detail.

Current

I have updated my amortization schedules to reflect the proper allocation and maturities as per the official final loan documents, so that the current fiscal year and future fiscal years are budgeted properly and audit schedules will reflect the correct amounts.

I have discussed the issue with the City's auditors, and they understand that it is too late to budget for Fiscal Year 2019, and have agreed to pass on the adjustment for the errors accumulating up until that year. In order to make the correction, I am requesting an appropriation for FY20 for the prior years' payments in the amount of \$694,528, and this will be funded with an appropriation of General Fund balance.

Incorrect Debt Amortization 2018 Street GO Bonds \$224,868

The debt amortization schedule for the budgeted FY20 debt had been prepared prior to my arrival at the end of January. The paper document we were provided had a formula error which omitted the new 2018 GO Street Bond principal payment from the FY20 budget. I did not catch the error until I finished creating the excel workbook to track the principal and interest payments, and was able to reconcile my set of records against what was budgeted. Having created this tool will allow me to have a set of checks and balances to ensure that the debt payments are as accurate as possible. The debt payments for the FY21 budget have been based on my revised schedules.

Since all debt must be appropriated, we are requesting an appropriation of \$224,868 for bond principal expense, and this will be funded with a reduction of expenditures.

Arbitrage Rebate Fees \$2,225

The City must compute arbitrage on its outstanding debt issues. I discovered that there were fees being charged to the Utility Fund that should have been paid by the General Fund for the arbitrage fees. There is a shortage in the line item of \$2,225 and this will be funded with a reduction of expenditures. The fees have been budgeted correctly in the FY21 budget.

GENERAL FUND – NON-RECURRING CAPITAL OUTLAY (7315)

Retiree Health Insurance Benefit Allowance \$124,740

The City offers an allowance to full-time employees who retire from the Local Government or Law Enforcement Officer’s Benefit Retirement System and who also were actively employed with the City at the time of retirement age 55 or older and at least 20 years of City service. The employee must pay the active State Health Plan premium, and the City contributes the remainder of the age-banded rate for all participants in the City’s health care plan. This benefit continues until the retiree is eligible for Medicare.

The City was self-insured for health insurance until 2016 and those retiree premiums were simply netted out of the collections of the premiums, rather than being budgeted as an expenditure. When the City joined the State Health Plan in 2016, the practice of netting out the retiree premiums continued, and there was a small reserve of premiums left over from the old self-insurance plan to offset the retiree cost. Since the account was not reconciled annually, the deficit did not appear until my staff and I discovered the error working on the FY19 audit. The City’s cost of the retiree premiums should have been budgeted in FY19 and FY20, but were not. Had I been aware of the charges I would have included them in the FY20 budget process. This has been corrected for the FY21 budget, and the premiums for retirees for the General Fund and Utility Fund have been budgeted.

We are requesting an appropriation of \$124,740 for the City’s portion of retiree health insurance allowance, and this will be funded with a reduction of expenditures.

Insurance Deductible Claims \$10,000

During FY20, we were required to pay a deductible for a claim against our Law Enforcement Liability Policy. We are requesting an appropriation of \$10,000 for insurance deductible claims expense, and this will be funded with a reduction in other expenditures in this organization.

Economic Development – Alta Foods \$5,000

This is the economic development incentive with Alta Foods dated 12/5/16. I was not aware that this was a multi-year agreement when we were budgeting for FY20. I have budgeted this item going forward in FY21. The amount earned by Alta in FY20 was \$5,000. We are requesting an appropriation of \$5,000, and this will be funded with a reduction of other expenditures.

Land Lease Payable (Farms) \$10,000

The City Council approved the renewal of seven farm leases at the January 6, 2020 Council meeting. Six of the seven leases are held jointly with Wayne County. Per our agreement, we split the proceeds 50/50. We received the signed executed leases in late April, and billed them in May. We are requesting an appropriation of \$10,000 and this will be funded with an appropriation of Farm Land Lease Income in the same amount.

Non-recurring Capital Outlay - Other \$45,540

- There were some minor expenses of land sales totaling \$710. We are requesting an appropriation of this amount, to be funded with a reduction of other expenditures.
- The City has been paying property taxes on several properties related to properties owned and being marketed by the Downtown Goldsboro Development Corp.
 - 419 S. Center Street
 - 100 W. Elm Street
 - 410 S. John Street
 - 117 W. Elm Street
 - 119 W. Elm Street
 - 423 S. Center Street
 - 402 S. John Street

We are requesting an appropriation of \$230 for property tax expense, and this will be funded with a reduction of other expenditures.

- There are several dues that were previously budgeted in Special Expense, that I am moving to Non-recurring Capital Outlay so that only items related to Agency/Organizational Support remain in Special Expense.
 - Institute of Government \$14,300
 - League of Municipalities \$27,000
 - National League of Cities \$3,300

We are requesting an appropriation for these line items, and this will be funded with a reduction of expenditures.

GENERAL FUND - FINANCE (2111)

Contribution Based Benefit Cap Liability \$95,940

NC General Statute requires an additional employer contribution to fund the increased cost to the Retirement System if the member’s retirement benefit is determined to be in excess of the Contribution-based Benefit Cap Liability. We received such a letter and invoice at the end of November, 2019 for Kaye Scott, and were required to pay the CBBC calculation of \$95,938.59 by January 1, 2020. Staff was not aware of this expense. I do monitor the Pension Spiking Reports each month, but there were no files prior to my arrival that were found that would have indicated this would be due. This amount was paid directly to the Local Government Employee’s Retirement System as required by law.

We are requesting an appropriation of \$95,940 for LGERS – CBBC Liability (#1825) in the Finance division, and this will be funded with a reduction of expenditures.

Audit Fees \$15,000

Due to the extremely convoluted state of the FY19 records, the auditors have requested additional fees for the excessive number of hours that have been expended on working the audit. We are requesting an appropriation of \$15,000 for the additional audit fees, and this will be funded with additional property tax revenues.

Contract Services \$79,000

The contract services relate to two issues in Finance. One of our staff members was out on FMLA, and due to the workload and short staffing we could not absorb the job duties of accounts payable. We requested a contract employee to fill in Customer Service, and brought a Customer Service Representative upstairs to fill in the accounts payable duties for three months. This allowed one of our staff employees to gain additional knowledge and experience. The cost of the contract employee was approximately \$12,100.

The second issue relates to the problems we have encountered with the books while trying to work through the FY19 audit. I attempted to work through all the issues, but regardless of the time I spent working, there were too many problems, issues and daily duties required. In late January, I approached the Manager and requested to hire a contract person to help me complete the audit. When it was apparent that this was going to take additional time, I made Council aware of the contract employee at the March 16, 2020 meeting when we discussed adding a full time employee to the Finance staff.

We are requesting an appropriation of \$66,900 for the contract services, and this will be funded with additional property tax revenues.

Tax Listing Fees \$61,949

While working on the FY19 audit, I discovered that the tax listing fees for the NCDMV vehicle collections were being netted out of the gross collections. To properly account for the fees, the tax revenue should be reported in the gross amount and fees budgeted separately. The fees are approximately 3.7% of gross collections. We are requesting an appropriation of \$61,949, and this will be funded with additional property tax revenues.

GENERAL FUND – MULTIPLE DEPARTMENTS - INSURANCE PROCEEDS REVENUE \$38,629

There were several insurance claims involving City vehicles and equipment, where we received insurance proceeds from the at-fault party. The following appropriations are requested for repairs, and will be funded with revenue from insurance proceeds totaling \$38,629.

Fire Department	Pierce firetruck	\$23,638
Garage	2007 Typhoon fire truck	\$ 1,922
Engineering	light pole and signal	\$ 2,119
Police	police vehicle	\$ 4,192
Cemetery	vehicle	\$ 2,448
Downtown Dev.	Art sculpture	\$ 950
Solid Waste	vehicle	\$ 3,360

GENERAL FUND -ALLOCATION OF WORKER’S COMP RESERVE \$150,000

There were several large worker’s compensation claims that departments were not able to absorb in their budgets. We have allocated the entire \$150,000 reserve set aside in FY20 to the departments, but it did not cover the entire cost.

<u>Department</u>	<u>Actual as of 6/7/20</u>	<u>Allocation</u>	
Fire Department	\$153,557.17		\$115,000.00
Solid Waste	47,875.99		20,000.00
Police	<u>87,496.82</u>		<u>15,000.00</u>
Total	\$288,929.98		\$150,000.00

We are requesting an appropriation of \$150,000.00 for worker’s compensation claims and this will be funded with a reduction in Worker’s Comp Reserve.

GENERAL FUND - MAYOR & COUNCIL (1011) \$30,600

The City election costs were \$65,538 and only \$35,000 was budgeted. We are requesting an appropriation of \$30,600, and this will be funded with a reduction of other expenditures.

GENERAL FUND - PARAMOUNT THEATER (1018) \$118,292

In prior years, Paramount ticket payments were netted out of “wash accounts” on the City’s balance sheets. We have asked the Paramount to account for the gross revenues and expenses related to ticket sales separately so that revenue may be tracked more accurately.

We are requesting an appropriation of ticket payments in the amount of \$118,292 which will be funded with revenue from ticket sales.

GENERAL FUND – DOWNTOWN DEVELOPMENT (1025) \$9,000

The cost of the lease of the 4 art pieces for downtown, crane rental and plaques was inadvertently moved to the Transfers organization (8101) in error during the budgeting process. An appropriation of \$9,000 for the Downtown Projects line item (4991) is needed, and will be funded with a reduction of Transfers to Capital Projects (81003) in the Transfers organization.

GENERAL FUND - SOLID WASTE (4143) \$106,030

Donation \$30

The staff at Solid Waste received a donation from a citizen, Patricia Lieba who wished to say thank you to the staff for their hard work and dedication. She requested the funds be used to buy a breakfast or lunch treat for the Solid Waste staff. We are requesting an appropriation of \$30, which will be funded with an appropriation of donation revenue.

Landfill Fees \$72,000

The FY20 budget for landfill fees was reduced to help balance the budget, and as such has run short. We are requesting an appropriation of \$72,000 for landfill fees which will be funded with a reduction of other expenditures.

Recycling Fees \$34,000

The FY20 budget for recycling was budgeted at \$65,000, however we did not expect the cost of recycling to skyrocket. We are requesting an appropriation of \$34,000 to cover the additional cost of recycling fees, and will be funded with a reduction of other expenditures.

GENERAL FUND - FIRE DEPARTMENT (5120) \$6,000

The Fire Department pursued a grant with Duke Energy for the replacement of radios which was awarded in September, 2019 for \$6,000. We are requesting an appropriation for Miscellaneous Equipment, and this will be funded with revenue from local grants.

GENERAL FUND - POLICE DEPARTMENT (6121) \$42,928

5-Ton LMTV \$9,200

The Police Department had a drive line failure on the 5-ton LMTV during Hurricane Dorian. In order to keep the vehicle operational in case of another emergency, the equipment was repaired for \$9,200. We are requesting an appropriation for Vehicle Operations of \$9,200, and this will be funded with a reduction of other expenditures.

Separation Pay Major Lee Szatkowski \$12,282

During the process of reconciling and closing the fiscal year ending June 30, 2019, we have discovered two issues with regard to the Law Enforcement Separation Pay.

- Separation pay ceased one month early for those turning age 62
- Separation pay ceased for part-time employment of Major Lee Szatkowski

Separation pay is granted to law enforcement officers by North Carolina General Statute, specifically under G.S. 143-166.42 Special separation allowances for local officers. The City of Goldsboro Personnel policy affirms this benefit on pages 31 and 32 of the policy manual.

We discovered that the City stopped paying the separation allowance for Major Lee Szatkowski when she agreed to come back to work part time in April 3, 2017 after the unexpected passing of Major Jay Memmelaar.

In reading and interpreting City Policy and applicable North Carolina General Statutes, a retired officer may go back to work in a part time status for a local government and NOT lose their separation pay benefit so long as they do not participate in contributing to the Local Government Retirement System (LGRS) which would occur if the employee works more than 1,000 hours in a calendar year. Major Lee has not worked more than the 1,000 hours since she has worked part time here at the City. To our knowledge she has not worked in any other local government in a part time status during this same period.

The issue with FY20 is that the amount due for the current fiscal year was not budgeted. We are requesting an appropriation of \$12,282 for Separation Pay, which will be funded with an appropriation of fund balance. We have corrected the issue for FY21, and the amount is budgeted. We have also corrected the issue for FY19 and accrued the amount payable up through 6/30/19 in the amount of \$41,181.

Building Maintenance \$21,446

There were multiple items related to the construction and renovation of the Police/Fire Complex that were necessary, but there was not enough funding in the project to cover those items.

Gregory Poole Equipment	Service generator engine and cooling system	\$7,817
Quality Plumbing	Replace roof drain leaders and insulate	7,099
Brady Security	Install door security with swipes	4,910
Enviro Assessments East	Asbestos abatement and analysis on 204 S Center	1,620
	Total	\$21,446

We are requesting an appropriation of \$21,446 in Building Maintenance, and this will be funded with an appropriation of fund balance \$17,696 and reduction of other expenditures \$3,750.

GENERAL FUND - AGENCY SUPPORT (7310) \$39,339

Overdose Prevention Coordinator \$12,000

The City Council approved a multi-year funding an Overdose Prevention Coordinator with Wayne County at the 8/19/2019 meeting for \$12,000 per year. This amount was not included in the FY20 adopted budget. We are requesting an appropriation in the amount of \$12,000 to be funded with reduction in expenditures in this organization.

Wayne County Schools PEG Distribution \$27,339

The City receives state shared revenue for the Public, Education, and Governmental (PEG) channels. We share all of this revenue with Wayne County Public Schools who operates the City’s PEG channel. We are requesting an appropriation of \$27,339, and this will be funded with the state shared revenue PEG Channel.

GENERAL FUND – TRANSFERS & SHARED SERVICES (8101)

Transfers to Capital Projects (G1106) \$516,264

In July, 2014 the City issued \$4.5 million in debt for multiple General Fund projects which included approximately \$500K for HVAC for the Police building. Those funds have not yet been expended and need to be appropriated to fund HVAC related expenditures on the Police building. The debt revenue was recognized in the General Fund in fiscal year 2015, so the appropriation to fund this is a transfer from the General Fund in the amount of \$516,264.

We are requesting an appropriation of Transfers to Capital Projects in the amount of \$516,264 to fund the Police Fire Renovation Capital Project (G1106), and this will be funded with an appropriation of fund balance in the General Fund.

Parks & Recreation Special Revenue Fund (G1107) \$8,631

Parks and Rec has several programs that are funded with donor specific restrictions, such as Poultry/Beak Week, Sports Tourism Programs/Special Programs, Challenger Football, Duke RX for Play. Prior to FY19, these were handled in balance sheet “wash accounts”, and in FY19, I recognized the revenue and expenses in the final budget amendment. The issue with trying to account for these items in the operating fund of the General Fund lies in any unused equity at the end of each year.

The department wishes to use any equity from prior years, which requires an operating fund amendment which is funded by fund balance. In order to make the accounting and tracking more transparent, it is more expedient to create a Special Revenue fund which has a project life rather than an annual life so it is easier to track the accumulation of revenue and expenditures. The net equity of the Parks & Rec Programs from FY19 was \$8,631 and will be transferred from the General Fund to the new Parks & Recreation Special Revenue Fund (G1107), and will be funded with a reduction of other expenditures.

Community Relations Special Revenue Fund (G1108) \$2,349

Community Relations has several programs that are funded with donor specific restrictions, such as Human Relations, Interfaith Breakfast, Martin Luther King, Jr. Commemoration, Mayor’s Committee on Disabilities, and the Mayor’s Youth Council. Prior to FY19, these were handled in balance sheet “wash accounts”, and in FY19, I recognized the revenue and expenses in the final budget amendment. The issue with trying to account for these items in the operating fund of the General Fund lies in any unused equity at the end of each year. The department wishes to use any equity from prior years, which requires an operating fund amendment which is funded by fund balance. In order to make the accounting and tracking more transparent, it is more expedient to create a Special Revenue fund which has a project life rather than an annual life so it is easier to track the accumulation of revenue and expenditures. The net equity of the Community Relations Programs from FY19 was \$2,349 and will be transferred from the General Fund to the new Community Relations Special Revenue Fund (G1108), and will be funded with a reduction of other expenditures.

UTILITY FUND – UTILITY CAPITAL EXPENSE (4178) \$714,876

Purchased Sewer Capacity – Town of Fremont \$687,000

At the October 21, 2019 meeting, Council passed a resolution (2019-91) to purchase 300,000 gallons of sewer capacity from the Town of Fremont for \$687,000. We are requesting an appropriation for Purchased Sewer Capacity in the amount of \$687,000, to be funded with additional miscellaneous revenue received from the repayment of principal and interest from the General Fund.

NCDOT U-5724 Central Heights Realignment \$27,876

The City is working with NCDOT on the Central Heights Realignment Project U-5724. There are multiple expenses required for permitting for the water and sewer utilities to be relocated. These expenses were not known to us while we were planning the FY20 budget, however they will be reimbursed by NCDOT.

We have expended the following:

Norfolk Southern Corporation	5/20/20	\$200
North Carolina Railroad Company	5/14/20	25,456
Norfolk Southern Corporation	12/5/19	200
HNTB North Carolina, PC	12/5/19	<u>2,020</u>
Total		\$27,876

We are requesting an appropriation of \$27,876 for NCDOT U-5724 Central Heights Realignment Project, and this will be funded with revenue from NCDOT Reimbursement Construction Projects.

UTILITY FUND – DISTRIBUTION & COLLECTIONS (4175)

Water Line Break Wayne Memorial Drive \$67,500

In early October 2019, a fiber utility contractor was boring on Wayne Memorial Drive, and struck a 12” water line. Our Public Works crew responded to the incident, however due to the size it was necessary to call in a contractor to make the emergency repair. We were able to eventually find the contractor and subcontractor responsible and have filed a claim on their general liability insurance. The insurance carrier has denied the claim stating that the subcontractor was within the margins. We are in the process of appealing the denial.

The costs billed to the insurance carrier are as follows:

T.A. Loving emergency water line repair	\$59,620
Bogue Lawn & Landscaping – Kitty Askins lawn damage	7,792
City Crew force labor and equipment	15,904
Bacteriological analysis and test	60
City Engineer	228
City Construction Inspector	<u>1,750</u>
Total	\$90,259

We are requesting an appropriation of \$67,412 to cover the contracted repair costs, and this will be funded with revenue from insurance reimbursement.

Sewer Line Break Frank Street \$60,725

On Monday, December 9, 2019, City crews responded to a sink hole on Frank Street. Contractor, T.A. Loving was called in to perform the point repair and Godwin Pumps installed temporary bypass pumping for the 15” sanitary sewer line. Once bypass pumping was installed, the contractor was able to dig and found that a subcontractor for Piedmont Natural Gas bored a 2” gas line through the City’s 15” sanitary sewer main. The contractor repaired the pipe and the bypass pumps were removed. We have located the contractor and filed claims with the contractor and Piedmont Natural Gas on their general liability insurance. We are waiting on a reply as to whether either will accept responsibility for the claim.

The costs billed to the insurance carrier are as follows:

T.A. Loving emergency sewer repair	\$60,437
Distribution & Collection System Supervisor	224
City Construction Inspector	<u>64</u>
Total	\$60,725

We are requesting an appropriation of \$60,725 to cover the contracted repair costs, and this will be funded with revenue from insurance reimbursement.

Ferguson Waterworks Sensus Software Annual Fees \$43,882

The annual cost for the Sensus software used with the AMI system is approximately \$44,000 per year. We were not aware of the fees and thus did not budget for the fees in FY20. The prior years were deducted from the loan proceeds escrow account, and not accounted for anywhere in prior year budgets. We have corrected the issue in FY21 and these fees will be budgeted.

We are requesting an appropriation of \$43,882 for the Software License fees for the Ferguson Waterworks Sensus software annual maintenance, and this will be funded with a reduction of expenditures in Transfers to Fund Balance.

UTILITY FUND – WATER TREATMENT PLANT (4176) \$45,000

The City entered into an agreement to share in the cost of a flood control structure project with the U.S. Army Corps of Engineers. The amount was budgeted at \$600,000, however we have received a request for payment of \$595,000 for solicitation of a contract for construction. This is \$45,000 over the amount available. In order to keep the project moving forward, we are requesting an appropriation of \$45,000 for the Flood Control Structure expense, and this will be funded with a reduction of expenditures in Transfers to Fund Balance.

UTILITY FUND – DEBT SERVICE (8111) \$1,425

Arbitrage Rebate Fees \$1,425

The City must compute arbitrage on its outstanding debt issues. The fees for arbitrage have traditionally never been budgeted. I am requesting an appropriation of \$1,425 in Utility Fund Debt Service to cover the cost of the arbitrage fees, and this will be funded with a reduction of expenditures in Transfers to Fund Balance. The fees have been budgeted correctly in the FY21 budget.

UTILITY FUND – REVENUE

Liquid Aluminum Sulfate Class Action Lawsuit \$12,525

We have worked with Ron Lawrence and Mike Wagner on gathering and submitting the paperwork to be a part of the class action antitrust lawsuit against GEO for purchases made of liquid aluminum sulfate between January, 1997 and February, 2011. We purchased approximately \$3,194,247 of the chemical during that timeframe, but unfortunately we could only find records substantiating payment for \$325,640 from 2009 to 2011. We received the first check in the amount of \$12,525, and according to the letter attached they are expected to make another distribution. The distribution represented approximately 3.8% of the total amount paid. We are requesting that this revenue be appropriated, and recommend that it be appropriated to Transfers to Fund Balance.

Reimbursement Revenue General Fund \$694,528

As discussed at the beginning of this memo, the Utility Fund overpaid principal and interest on three pieces of debt beginning in 2012 totaling \$694,528. We are requesting appropriation of the revenue Reimbursement – General Fund, and this will be used to fund the various expenditures mentioned in this memo for the Utility Fund.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
JUNE 15, 2020 COUNCIL MEETING

SUBJECT: Establishing a Community Relations Special Revenue Fund Ordinance (G1108)

BACKGROUND: The City has received several donations and sponsorships that are funded with donor specific restrictions, such as the Human Relations Committee, Interfaith Breakfast, Martin Luther King, Jr. Commemoration, Mayor's Committee on Disabilities and the Mayor's Youth Council.

In the past, these items were accounted for in balance sheet "wash accounts", and in an attempt to properly recognize the revenue and expenses in FY19 I created named accounts within the General Fund operating budget.

DISCUSSION: The department would like to use any unspent funding in subsequent years, which would require an operating amendment to the General Fund and appropriation of fund balance. In order to make the accounting and tracking more transparent, I would recommend establishing a special revenue fund which will allow the funds to remain intact and discretely presented, and will span the life of the project rather than a single fiscal year.

RECOMMENDATION: It is recommended that the attached Grant Project Budget Ordinance to establish the Community Relations Special Revenue Fund (G1108) be approved for \$14,023.

AGENDA MEMORANDUM
JUNE 15, 2020 COUNCIL MEETING

SUBJECT: Amend Contract for Audit Services for Fiscal Year Ending June 30, 2019

BACKGROUND: The City changed auditors for the FY2019 audit from Carr, Riggs & Ingram to Dixon Hughes Goodman, LLP. This was the first time auditors had been changed in 22 years.

DISCUSSION: The Finance staff has worked the past 11 months to complete the FY19 audit. We have had multiple challenges completing the audit, even with working well outside reasonable hours.

We are requesting approval of an extension to complete the FY2019 audit until August 31, 2020. Finance hopes to complete its portion of the audit in the next 4 to 6 weeks, but need to allow the auditor time to complete their portion of the audit, and time to draft and review financial statements.

RECOMMENDATION: It is recommended that the Council approve the attached resolution to amend the contract for the auditing services for the Fiscal Year ending June 30, 2019 to Dixon Hughes Goodman, LLP for a proposed completion date of August 31, 2020.

JUNE 15, 2020 COUNCIL MEETING

SUBJECT: Amending Capital Project Fund Ordinance – Police Evidence Room and Fire Department Renovation (G1106)

BACKGROUND: On October 1, 2018, the Council approved the establishment of a capital project fund for the construction of the Police evidence room and Fire Station renovation which was funded with a \$5.3 million dollar loan.

DISCUSSION: The project is completed and there are additional funds that need to be appropriated so that they may be expended for items necessary to the project.

In July, 2014 the City issued \$4.5 million in debt for multiple General Fund projects which included approximately \$500 thousand for HVAC for the Police building. Those funds have not yet been expended and need to be appropriated. The debt revenue was recognized in the General Fund in fiscal year 2015, so the appropriation to fund this is a transfer from the General Fund in the amount of \$516,264.

There is associated investment interest in the amount of \$113,412 from the 2014 loan and the 2018 loan that has not yet been appropriated for the project and will be used to offset unanticipated expenditures. There is also revenue from a bid dispute settlement of \$40,000 to also be used to offset unanticipated expenditures. The total revenue appropriation for these items is \$669,676.

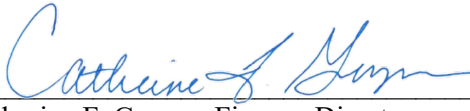

The total expenditure appropriation will increase by \$669,676. To date, these appropriations have been obligated or spent as follows:

Architect Fees	\$ 7,000.00
Computer network cabling - Brady	59,967.00
Computer network cabling - Brooks	80,478.00
Buck's Fire Extinguisher	325.00

COMMUNITY RELATIONS DEPARTMENT

May 2020

Prepared By: Shycole Simpson-Carter, Community Relations Director

Date Prepared: June 8, 2020

- In light of COVID-19 and social distance requirements recommended by the Centers for Disease Control and Prevention (CDC) the following scheduled Boards and Commission meetings were canceled:
 - Commission on Community Relations and Development meeting for Tuesday, May 12, 2020
 - Goldsboro Mayor’s Youth Council meeting for April 6, 2020 and May 20, 2020 along with service projects scheduled for GYC to volunteer
 - Mayor’s Committee for Persons with Disabilities meeting for May 21, 2020

However, the Community Relations Department held a virtual public meeting to receive public input on May 22, 2020 before the Commission on Community Relations and Development. The purpose of the virtual public meeting was to provide the public an opportunity to share their input with regard to housing and non-housing needs as part of Goldsboro’s FY20-24 Consolidated Action Plan (ConPlan) and FY20-21 Annual Action Plan (AAP).

The Department of Housing and Urban Development (HUD) requires jurisdictions receiving federal funds from Community Development Block Grant and HOME Investment Partnerships programs to develop and submit a Five-Year Consolidated Plan. The plan identifies the needs of lower-income persons in the locality and the proposed actions to be taken to serve those needs. Goldsboro’s draft [FY20-24 Consolidated Plan \(ConPlan\) and the FY20-21 Annual Action Plan](#) (AAP) was made available for review and comment on May 27, 2020 until 5:00 p.m. on June 25, 2020. The FY20-24 ConPlan and FY20-21 AAP will outline the proposed use of funds Goldsboro is expected to receive: **\$351,137** from CDBG, **\$237,076** from HOME, **\$206,554** from CDBG-CV and any other funding to be used in conjunction with these three grants.

- The Department received one (1) housing complaints and three (3) requests for assistance. Description of said complaints were an alleged improper evictions complaint along with substandard housing issues and three seeking assistance with housing or sheltering in place related to COVID-19. Complaints were submitted through the Cityworks system or rerouted for resolution to the appropriate City Department, designated community agency, or State resource.
- After the Department’s presentation on the City of Goldsboro Summer Youth Employment Initiative Program to City Council on May 4, 2020, City Council authorized the suspension of just the FY20 SYEI program due to COVID-19 and revisiting the facilitation of a program next summer around January 2021.

Travel and Tourism

May 2020

Prepared By: Ashlin Glatthar, Amber Herring and Josie Jenkins

Date Prepared: 6/08/20

- Inquiries were fulfilled for the month of May by the TTO—151 e-inquiries.
- Total hotel revenue generated in April was \$929,544, which is down -59.6% YOY. May revenue not yet released.
- For the month, TTO Facebook page had 112 new page likes. Instagram page has 43 new followers. Twitter page gained 9 new followers.
- TTO has also continued updating and providing guides for restaurants, brews, businesses and spas for the local population/visitors.
- Covid-19 has caused more economic injury to tourism and lodging than any time in modern history. Thankfully, our market has seen growth and has savings to respond in times like these when investing in our visitor economy is imperative. TTO has been working on analyzing its data from survey responses, so we can put together a recovery media plan to draw visitors back to our businesses, venues, and lodging facilities.
- TTO has applied for the Our State Magazine Grant, and hopes to know by end of June of awardship. Create Bridges Grant by Walmart and NC State Extension is also an opportunity for tourism entities, but requires 2-5 municipalities to work together for 3 years. Ashlin has not been able to drum up interest from our eligible neighbors.
- TTO is working in conjunction with Planning and Downtown Development to put together the concept of our proposal for the CARES Act Funding made available through the EDA. Research from tourism and downtown that shows the feasibility of putting Goldsboro Union Station back into use as an entrepreneurial culinary incubator that will nurture our food and beverage industry in Goldsboro, which is one of our largest economy sectors, most widely known brand identifier for visitors, and unfortunately, the most devastated industries from the impacts of Covid-19.

**CITY OF GOLDSBORO
AGENDA MEMORANDUM**

JUNE 15, 2020 COUNCIL MEETING

SUBJECT: CU-3-20 Jerry Futrell – East side of US 117 South between Arrington Bridge Road and South George Street (Increase in electronic gaming machines from 50 to 100 for existing Internet Café)

BACKGROUND: An internet café was previously approved for 20 gaming machines at this location on September 3, 2013. On June 2, 2014, City Council denied a request to increase the number of gaming machines from 20 to 35 based on requiring 2 parking spaces per machine.

On August 4, 2014, the Council approved a parking ordinance amendment to the City's UDO requiring 1.5 parking spaces per machine. In addition, they approved the previous owner's request to allow an increase in the number of gaming machines from 20 to 35.

The previous owner closed the business in March of 2016 upon order from the District Attorney's office. Once software upgrades were installed and in compliance with State law, he reapplied for a Conditional Use Permit to operate an internet café in accordance with the City's Unified Development Ordinance. City Council approved site, landscape and floor plans for the previously approved 35 gaming machines on January 3, 2017.

On May 8, 2017, City Council amended the City's Electronic Gaming Ordinance. The following requirements were approved as they pertain to new gaming establishments proposed for operation in the City of Goldsboro's planning jurisdiction:

- (1) Electronic gaming operations are permitted only in the General Business (GB) zoning district after the obtainment of a Conditional Use Permit approved by City Council.
- (2) No establishment shall be located within five hundred (500) feet of any residentially zoned or developed property, church, school, day care, playground or public park. Where the proposed establishment is separated from residentially zoned or developed property by a four-lane highway, the five hundred (500) foot separation shall

only apply to the properties along the sides and rear of the establishment.

(3) No such establishment shall be located within one mile (5,280 ft.) of another such establishment.

(4) The hours of operation for such operations shall be limited to 7:00 a. m. to 2:00 a. m.

On February 3, 2020, City Council approved a request by the applicant to amend a Conditional Use Permit for the operation of an internet café to increase the number of gaming machines from 35 games to a maximum of 50 gaming machines. 52 existing paved parking spaces were available to serve the site.

The applicant contended that the City's commercial parking ordinance requiring 1.5 parking spaces per gaming machine was excessive based on the fact that only one customer could operate one gaming machine at any one time.

DISCUSSION:

Now, the applicant is requesting to amend an existing Conditional Use Permit for the operation of an internet café to increase the number of gaming machines from 50 to 100.

Frontage: 454.3 ft. (US 117)

Area: 97,220 sq. ft., or 2.23 acres

Zoning: General Business

Hours of Operation: 10:00 a.m. to 2 a.m. (7 days)

No. of Employees: 2 (17 employees; maximum 2 per shift)

Site and landscape plans for this operation were previously approved with Conditional Use Permit #CU-16-16. The following modifications were also approved:

- a. Rear yard landscape buffer due to grade separation at railroad tracks.
- b. Vehicular surface buffer at front due to existing paving and public right-of-way;
- c. Street tree requirement; and
- d. Distance from residentially zoned property from 200 ft. to 125 ft.

Parking: As previously stated, parking is required at 1.5 space per gaming machine. Currently, there are 52 paved parking spaces to serve the site. 150 parking spaces are required. The applicant is proposing to pave an additional 50 parking spaces for a total of 102 parking spaces. Previous parking modifications have been granted by City Council for electronic gaming operations at one (1) space per gaming machine. A modification from 150 to 102 parking spaces will be necessary.

At the public hearing held on May 18, 2020, the applicant came forward to speak in favor of the request and no one appeared to speak against the request.

The Planning Commission, at their meeting held on May 26, 2020, recommended modifying the applicants request from 50 games to a maximum of 100 gaming machines.

City Council at their meeting June 1, 2020 deferred action on Planning Commission's recommendation until June 15, 2020.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and

- (1) Adopt an Order approving the Conditional Use Permit for the operation of an internet café by increasing the number of gaming machines from 50 to 100 located within the General Business District (GB) zoning district.
- (2) Approved the Conditional Use permit with the following modification;
 - a) Modification of the required parking from 150 spaces to 102 parking spaces.
