Joseph Goodwin (November 2022) Johnny Layton (November 2022) J.C. Forehand (November 2022)

Chowan County Planning Board

Reappoint Bobby Winborne to the Chowan County Planning Board. Mr. Winborne's appointment expired March 2019. He is eligible and requests reappointment.

This request was submitted for consideration by staff to the Clerk at the last meeting and was unintentionally overlooked.

Proposed Revision to Planning Board Appointment Policy

The Chair discussed a proposed revision to the previous policy the Board adopted regarding appointment to the County Planning Board with regards to appointment by area. She noted that Areas B and D have been vacant for some time and the Board has not received applications from persons who reside in those areas. She stated she recommends that when a seat on the Planning Board has been vacant for four months she would recommend a pivot where the Board will consider applications from other areas. She stated she has discussed this proposal with the Manager and Planner and they were both ok with this.

Commissioner McLaughlin stated he felt this was a good idea and discussed how he felt the Board could adjust in the future when vacancies occur and areas have more representation.

County Attorney Lauren Arizaga-Womble stated the Board could consider putting specific timelines on the appointments if areas B and D are low interest.

Chair Kersey stated she wanted to maintain the representation however she wanted to fix the problem with the vacancies on the Board. She noted that currently the member who resides in Area B continues to serve but has asked to be replaced. She stated she would also like for the Planning Director to make a recommendation when a Board member requests reappointment to address if Board members are attending meetings.

Commissioner Kirby asked if this is an ordinance or a policy.

Ms. Stallings stated this was a Board policy.

Commissioner Bonner stated he did not have any concern with pivoting his concern was a district not being represented.

Mr. Howard stated that applications could be accepted County wide and kept on file to be reviewed as needed.

Ms. Stallings noted she would seek Board input prior to advertising vacancies or new appointments.

Planner Brandon Shoaf noted that the Zoning Ordinance does establish the Planning Board and there are some by-laws. He noted the required updates to the ordinances coming up will require updated by-laws and the Board may wish to incorporate a policy at that time.

Commissioner Bonner moved to proceed with the Chair's recommended policy. Chair Kersey asked for all in favor, the motion passed (6-1 Lawrence).

Recommendation to Appoint Committee to Address EMS and 911 Study Findings

The Board discussed appointment of a committee to address findings that were included in the EMS Study. Chair Kersey recommended the following individuals:

County Manager – serve as Chair EMS Director – Colin Ryan Finance Director – Cathy Smith HR Director – Carrie Byrum Tax Administrator – Melissa Radke Commissioner Kirby

It was also recommend that the Sheriff or his designee serve on the 911 committee. That committee will meet separate from the EMS committee.

Commissioner McLaughlin moved to approve the recommendations. Chair Kersey asked for all in favor, the motions passed (6-1 Lawrence).

External Board/Committee Report

Board members are asked to report on the activities of the external boards to which they have been appointed.

Landfill Board

Commissioner Cummings reported on the recent PCG Landfill Commission meeting. The Board discussed in depth the increasing costs to the County for recycling including tire hauling costs. He stated the commission discussed options for possibly purchasing a grinder among the ten counties that would reduce the costs associate with hauling the scrap tires. He noted that Soundside in Edenton is the location for electronics disposal. He also noted that the landfill offers free mulch to county residents as well as dirt and crushed concrete. He stated they ask that you call and they will load it for you.

Commissioner Kirby discussed his concerns over state mandates for recycling and asked if the County would have to force recycling on the residents if it were going to cost them more. He asked if the County could tell residents to throw recyclables in the trash.

Mr. Howard stated noted that the state mandates certain items cannot be placed in the landfill.

Commissioner Cummings stated that materials are being hauled to TFC Recycling currently however there are discussions among the Board about possibly hauling recyclables to be steamed which is far less expensive for the tax payers. He stated once a decision is made he will update the Board.

CIP Committee Update

Commissioner McLaughlin provided updates from the last CIP Committee meeting. He reviewed the project list and discussed the Ag Building issues with the roof noting an engineer will be brought in to determine what will be needed. He noted the dormers were removed because that was previously thought to be the cause of the leaking roof. He stated the dormers also served as ventilation. Commissioner McLaughlin discussed the DSS building HVAC issues. He discussed the plans for work on the parking lot at the Animal Shelter parking lot

Commissioner Lawrence discussed his concerns over the previous work being done without architect review and causing the County to have to correct items that would have been addressed by an engineer or architect.

Commissioner McLaughlin stated he hoped to have plans and specs soon on the Ag Building project specifically.

Chair Kersey asked if Gates County is contributing to the capital at the shelter.

Ms. Smith stated they are contributing their 1/3 of the payment however Gates indicated they are unable to contribute to additional capital for the Phase II project (new construction) this fiscal year.

Mr. Howard stated that Gates has asked for a couple years to build up their fund balance as they have recently completed a few large capital projects.

Commissioner Kirby stated his concern over Gates County not wanting to contribute to the capital project for the phase II construction at the Shelter. He stated that Gates County was recently ranked a tier II county and if they are not able to contribute because of their current debt they should consider adjusting their tax rate.

Commissioner Bonner stated he would encourage the committee to consider a metal roof for the Ag Building project.

Senior Center Advisory Board

Commissioner Lawrence stated the advisory board met and is seeking drivers for trips.

TDA Board

Commissioner Faircloth stated the TDA Board met and is working on addressing short term rentals. He stated some of the efforts of the Board are beginning to pay off and the Board is seeing taxable income in increased occupancy tax collections from Air B&B and other short term rentals.

AMBULANCE SERVICE FEES

Tax Office ability to perform Enforced Collection activities

Statutory Guidelines to recover payment

- G.S. Chapter 44, Article 9A requires the local government to file a lien on any real property with the clerk of superior court within 90 days of the date the ambulance services were performed.
 - 1. To enforce under this article, the local government must initiate a civil action and obtain a judgement ordering the sale of the property subject to the lien.
 - 2. No other remedies are available for redemption of fees due

Statutory Guidelines to recover payment (continued)

- G.S. Chapter 44, Article 9B allows the ambulance fees to be treated as a tax owed to the county and as such, allows the Tax Office to utilize Machinery Act remedies of attachment and garnishment to assist in that collection.
 - 1. 89 counties possess this additional collection authority, Chowan County is one of them!
 - 2. A lien is still NOT automatically filed, as happens with Property Tax owed
 - 3. To obtain a lien on any real property, a lien must be filed with the clerk of superior court after 90 days but within 180 days of the date the ambulance services were provided.
 - 4. This lien, if obtained, not only covers real property owned by the individual that received the ambulance services but also any real property owned by people legally responsible for the support of the individual who received the services ambulance services provided to a child, the parents real property can have a lien assessed, if not paid)

(i.e.:

5. In addition, article 9B permits the county to attach wages of the spouse of the person who received the services

Action to be taken by the Board of Commissioners

- None
- G.S. Chapter 44, Article 9B already covers the County with the ability to perform these services, there is nothing the board needs to do to enact this for us.
- However, this article DOES NOT provide for any interest or penalties on late payments.
- Due to this, local government can adopt one charge or both in its schedule of fees for ambulance services.

Current Process for Collection

Current Process for Collection

- No additional bills are sent except the 30,60, and 90 days bills.
- After 90 days of inactivity (and submission to Debt Setoff)no further collection action is taken on the part of Colleton
 - Any payment received is then from anyone paying on their own free will or payments collected through the Debt-Setoff program
 - Debt-Setoff is a state-wide program that allows debts to be submitted to the clearinghouse and any state lottery winnings or state income tax refunds are garnished and used to pay off any submitted debts for that debtor.
- Per a conversation with Colleton in early November, collection rate for non-insurance payments sits around 12%

■ Total for all years remaining delinquent (since July 2010): \$1,593,875.78

```
- Sept 2017 - Current: $634,787.24 (3,120 bills)
```

- March 2016 Sept 2017: \$308,375.21 (1,183 bills)
- July 2010 March 2016: **\$650,713.33** (1,884 bills)

Current State of Ambulance Fees

- Chowan County EMS has been working with Colleton Software since July 1, 2010 (9.5 yrs.)
- Total bills submitted exceed 35,000 since that time
- As of December 2019: 6,187 bills remain outstanding
 - Of these, 2/3 have some payment applied from a source but carry a remaining balance
 - Dialysis runs account for at least 300 bills per year
 - Many have a balance remaining after being paid by Medicare
 - Some patients have over 400 bills each with a small remaining balance
 - Some of these may be deceased now

What we have done so far....

- At our meeting in early November, I asked Colleton to send me the file from Sept 2017
 - To check the feasibility of acquiring any additional funds from enforced collections
 - To work with our software vendor to get a process of import & collection
- Once we received this file we took it and began our research
 - Using TransUnion, we looked up all accounts to find if deceased & obtain any SSN's that may not have been in the file
 - Using our system we looked up all accounts to determine who had property (real or personal) already in the county
 - Using the Employment Security Commission site we searched each account to determine if any patient currently held employment anywhere in NC

Our Findings.....

- Our Findings: (483 bills total)
 - <u>367</u> Live in Chowan County
 - <u>70</u> Have active tax bills currently in Chowan County (this doesn't mean delinquent)
 - <u>95</u> Live outside of Chowan County
 - <u>21</u> Live outside of North Carolina (wage garnishment & bank attachment are easiest in NC as statutes require them to follow the garnishment)
 - <u>36</u> Unable to find good SSN's (This is what is used to ensure garnishment of the correct person – for these we would be unable to garnish or attach unless or until we found a good SSN
 - <u>22</u> Deceased (Per TransUnion)
 - <u>153</u> Employers found (NC employers only)

RE: DELINQUENT EMS AMBULANCE BILL

DATE OF SERVICE: PATIENT NAME: BALANCE DUE:

This amount already includes any payments made by your insurance company or any payments made to the billing company. Colleton Software, for this account

Per North Carolina General Statute Chapter 44, Article 9B, and at the direction of the Chowan County Board of Commissioners, the Ambulance Service fee bill above has been handed over to the Chowan County Tax Office for enforceable collection by garnishment of either your employment wages or by attachment to your bank account funds.

In addition to this, any real property owned by the patient or the patient's parental guardian or spouse may have a lien attached and may be enforceable by foreclosure. Prior to this letter you would have received four (4) letters in regards to this amount due from the billing company.

*As a courtesy, we are asking each patient, or parental guardian to give us a call to set up a payment arrangement to avoid such collection measures. Please make payment in full or contact our office to set up a formal payment arrangement plan on or before January 31**, 2020 to avoid enforced collection procedures.

Please don't hesitate to contact our office with any questions or concerns.

Sincerely,

Melissa Radke Tax Administrator Chowan County Tax Department

- Since this process will be new it is my plan to send out an initial letter to each of the patients who still owe ambulance fees
- This letter will inform them of the ability for us to enforceably collect & request they pay in full or set up a formal payment agreement prior to enforced collection beginning
- I also plan to speak with the Chowan Herald and ask them to publish something regarding this new process as well so everyone is aware of what will be happening with these fees going forward.
- Any new ambulance service fees our office receives moving forward will receive an initial bill and a letter very similar to this one.
- We will give 30 days for the customer to make payment before any enforced collections occur on the ambulance service fees due.

Questions for the Board...

- 1. Which years do you wish for my office to begin with?
 - Currently we have been working on a file dating back to only 2017, however there are outstanding bills back to 2010.
- 2. Do you wish for my office to submit a lien on any real property owned by the patient?
 - This would allow us to collect these fees upon any foreclosure action
 - To obtain a lien we must file after 90 days but within 180 days of the date the ambulance services were provided
 - Clerk of Courts office fees:
 - ✓ To file a lien: \$6.00 for the first page, \$0.25 each page after
 - ✓ If we chose this route we may want to add a charge such as this to our schedule of fees so we can charge this to the patient
- 3. Would the Board be accepting to approving a fee schedule for ambulance fees to include a penalty or interest to accrue on any delinquent bill?
 - If the board chose to do this, it would be my recommendation to begin the "delinquent date" as the due date we put on the letter prior to enforcement to ensure that penalty or interest date would be correct.

The bulkhead and pier at the Cape Colony Park have been severely damaged by storms over the last several years. Both are in need of repair. Upon consultation with Mark Powell, Albemarle Resource and Conservation District, it is the staff opinion to remove the pier and only replace/repair the bulkhead for shoreline stabilization.

The park located on a .59 acre property acquired by the County, on the shores of the Albemarle Sound. It is strategically located in a rural/residential community called Cape Colony, which is 2.7 miles southeast of the Town of Edenton. The project 1) provides a safe setting for a neighborhood/public recreational site, which links to the Albemarle Region Canoe and Small Boat Trails System; and 2) protects drainage and water quality for a section of shoreline at risk at a critical confluence of the Cape Colony Canal and the Albemarle Sound.

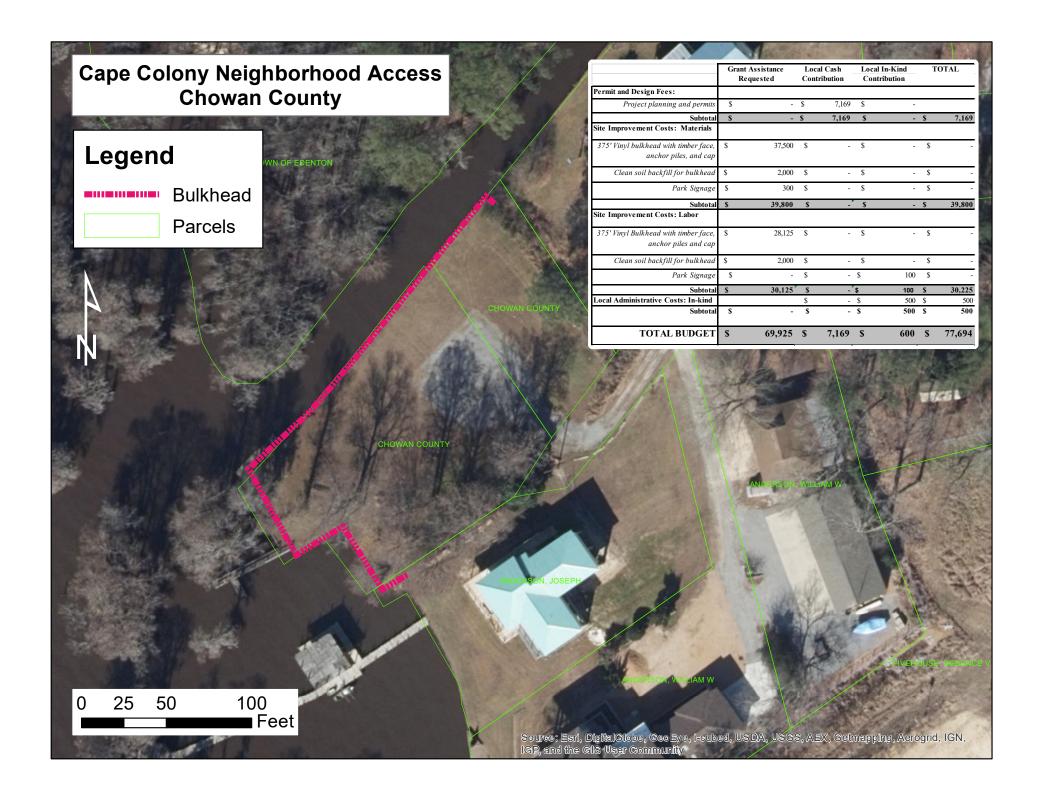

Attached is a site plan for the repairs and estimated cost of \$77,694 (\$69,925 grant funding and \$7,169 county match). The deadline for CAMA funding is April 15, 2020.
